Charter School shall notify MPS of the name of any proposed replacement for the position of School Leader. A change in School Leader shall require an amendment to this Contract.

C. A description of the educational program of the school.

Charter School shall provide the educational program set forth in Appendix A. Charter School shall ensure that all classrooms are equipped with all materials, equipment and supplies required to provide the educational program set forth in Appendix A.

Charter School shall comply with any MPS policies, procedures and requirements included in Appendix B during the term of this Contract. If any MPS policies, procedures and requirements included in Appendix B are revised by the Board during the term of this Contract, MPS shall notify Charter School of any such revisions and Charter School shall have the opportunity to negotiate regarding these revisions.

Neither the Board nor the MPS administration shall operate the educational programs or make policy, rules or procedures that directly affect the operation of the educational programs at Charter School, except as explicitly provided in MPS Administrative Policy 9.12: Charter Schools, and this Contract.

In the event Charter School wishes to change the educational program as identified in Appendix A, Charter School shall negotiate a contract amendment.

D. The methods the Charter School will use to enable pupils to attain the educational goals under Wis. Stat. § 118.01.

Charter School shall use the methods of instruction described in Appendix A to enable pupils to attain the educational goals listed in Wis. Stat. § 118.01. Charter School shall immediately notify MPS in the event a significant change in the methods of instruction is contemplated

E. The method by which pupil progress in attaining the educational goals under Wis. Stat. § 118.01 will be measured.

Charter School shall use the following local measures, assessments and standardized tests to measure pupil progress under Wis. Stat. § 118.01.

If Charter School chooses to implement an assessment plan that includes unique local learning or performance standards and additional assessments to measure pupil achievement, the standards must be measurable and assessed annually and the assessment results must indicate if a pupil Meets or Does Not Meet the standard(s). In addition, Charter School shall document the growth and trend data for pupil performance as related to the standard(s). Charter School's decision to implement unique standards and assessments shall not affect Charter School's obligation to comply with the Wisconsin Model Academic Standards, the Common Core Standards, federal, state, and district assessment measures.

Charter School may: (1) define the local curricular, learning or performance goals and the methods employed for determining pupil growth at Charter School; (2) establish a method for determining the baseline of pupil performance against which pupil achievement and growth will be measured; and (3) define the method for determining whether or not these goals have been met. Charter School may report all such data regarding local performance indicators in their annual pupil academic achievement report.

Charter School shall include children with disabilities and ELLs in all federal, state, district, and local educational assessments, with appropriate accommodations where necessary, or in alternative assessments for those children who cannot participate in federal, statewide, district-wide or local educational agency-wide assessments as set forth in the assessment guidelines for each assessment.

Charter School shall pay all costs associated with assessments administered to Charter School's pupils. Such costs shall not exceed the rate paid for such assessments administered by non-contracted MPS schools. The only exception to this obligation to pay for costs is for federal or state-required tests that are supplied at no cost to public schools.

Charter School shall develop and submit an annual pupil academic achievement report to MPS within 30 days of the receipt of the data. Such academic achievement report shall, at a minimum, include all related school assessment data, in the format provided by MPS, for each of the following applicable criteria. 7. Achieve a percentage of pupils in Charter School scoring proficient or advanced on a school-developed and district-approved mathematics classroom assessment based on standards that is the same as, or higher than, the percentage of pupils scoring proficient or advanced in corresponding grades (five-year old kindergarten, grade one and grade two).

Listed above are 7 criteria. Charter School pupils shall be deemed by the Board to have made sufficient progress toward attaining the educational goals under Wis. Stat. § 118.01, or the academic performance criteria established by the Board, if Charter School meets at least 75% of the applicable performance items listed above that apply to Charter School.

Failure to meet criteria 8, 9 10 or 11 alone shall not be grounds for termination of this Contract, but upon request Charter School shall provide MPS with its explanation of the cause of Charter School's failure to meet these criteria.

F. The governance structure of the school, including the method to be followed by the school to ensure parental involvement.

- FACILITIES

Charter School shall be located in such MPS facilities as may be approved by MPS. Facility operations including, but not limited to, capital improvements, replacements and repairs, shall be performed under the authority and control of MPS.

Although Charter School may be located in shared facility, Charter School shall have a unique identification number assigned by the Department of Public Instruction. If Charter School is located in a shared facility with another MPS school (traditional or charter), Charter School shall negotiate in good faith a shared usage agreement with the other MPS school, which shall be updated annually, to address issues of facility sharing, such as scheduling and use of shared space, security, etc. Charter School shall abide by the terms of the shared usage agreement during the term of this Contract.

Charter School shall be named as an additional insured on Board's liability insurance; Worker's Compensation coverage provided by MPS shall be for Board employees only. Any other insurance coverage Charter School and its governing board are required by law to maintain or wish to maintain shall be done solely at the expense of Charter School and its governing board.

Charter School shall adhere to all applicable local, state and federal, laws, codes, rules, and regulations and to the Board's insurance and risk management requirements.

Charter School and the Charter School's governing board members shall comply with administrative policies regarding Employee Code of Ethics and Gifts and Solicitations. (See Appendix B.)

Charter School may assess pupil activity fees under the same circumstances and under the same regulations that apply to all public school pupils. Charter School may not prohibit an eligible pupil from attending Charter School under this Contract, expel or otherwise discipline the pupil, or withhold or reduce the pupil's grades because the pupil or the pupil's family cannot pay or has not paid fees permissibly charged under this paragraph. Specifically, Charter School shall not charge fees for any of the following:

MPS reserves the right to reject any calendar submitted for a subsequent school year.

V. Purchases.

Charter School shall adhere to the provisions of the Charter School Annual Operating Budgets. The cost of any services purchased by Charter School from MPS shall be determined by the Board.

Any materials, equipment or supplies purchased or otherwise acquired by Charter School during the term of this Contract shall be allowed to remain on the premises of Charter School during the term of this Contract, and shall be reserved for the sole use of Charter School during the term of this Contract, notwithstanding the fact that all such materials, equipment, and supplies are owned by MPS.

Charter School shall abide by all state laws and MPS administrative policies in the contracting and purchasing of goods and services. Specifically, Charter school shall follow current MPS practice regarding purchasing and bidding requirements. Charter School shall utilize the standard MPS Professional Services Contract and Procedures for all professional services.

In the event that an MPS department must go outside the district to obtain services for Charter School, Charter School will assume the cost of these services in the same manner as non-contracted MPS schools.

W. Transportation and nutrition services.

Charter School is authorized to provide transportation and/or nutrition services to pupils.

If Charter School chooses to provide pupil transportation and/or nutrition services, Charter School shall comply with all applicable federal, state, and local laws and regulations.

If Charter School chooses to provide nutrition services and expects to participate in any state- or federally-funded nutrition program, including but not limited to the National School Lunch Program, the School Breakfast Program, or the Wisconsin School Day Milk Program, Charter School shall coordinate and cooperate with MPS, the local School

Food Authority (SFA), for the implementation of its nutrition services in accordance with these programs.

Charter School shall submit its transportation and/or nutrition guidelines to MPS, and shall provide MPS with any subsequent changes to those guidelines.

Charter School may enter into contracts with MPS or other persons or organizations, including municipal and county governments, for the transportation of Charter School pupils to and from school and for field trips, and/or for the nutrition services for Charter School pupils.

MPS' LEA duties, rights, and responsibilities shall also include its duties, rights, and responsibilities as the local School Food Authority (SFA) if Charter School implements nutrition services and participates in a state- or federally-funded nutrition programs pursuant to I.X. above.

Charter School staff shall complete all staff development required under the law, including but not limited to staff development pertaining to IDEA, ADA, Section 504, ESSA and AHERA.

Charter School shall fully cooperate with MPS to allow MPS to oversee and monitor the activities of Charter School and to ensure compliance with all state and federal laws, codes, rules, and regulations pertaining to LEA duties, rights, and responsibilities. MPS is authorized to direct and mandate that Charter School perform such activities and take

such corrective actions to ensure full compliance with all state and federal laws, codes, rules, and regulations pertaining to LEA duties, rights, and responsibilities. MPS reserves the right to terminate this Contract under paragraph III.C.2. if Charter School, as determined by MPS, does not fully cooperate with MPS, does not perform such activities or take such corrective actions as may be directed and mandated by MPS or does not remedy any real or perceived violation or failure to the satisfaction of MPS pertaining to LEA roles and responsibilities.

Charter School shall assume responsibility for all direct and indirect costs, expenses, damages and/or liabilities, in the same manner as non-contracted MPS schools, including, but not limited to, attorney fees and hearing costs, arising out of, or associated with issues related to compliance with all state and federal laws, codes, rules, and regulations pertaining to LEA duties, rights, and responsibilities and with Charter School's obligation to cooperate and take corrective actions under this paragraph.

Z. Released time for religious instruction.

Charter School shall permit a student to be absent from school during the school period for up to 180 minutes per week for the purpose of obtaining religious instruction outside the school if the principal of the school regularly attended by the student has received the written permission of the parent or guardian of the student.

Charter School may withdraw permission to be released from school for the purpose of receiving religious instruction if the principal does not receive a monthly report from the supervisor of the religious instruction verifying that the student actually attended the religious instruction during the period of absence. The Charter School shall not be responsible for transporting a student to or from the religious instruction and shall not be liable for a student who is absent from school.

II. MPS RESPONSIBILITIES

A. Attendance.

MPS shall allow any Charter School pupil who meets MPS admission standards to enroll in an MPS School, in accordance with MPS Student Assignment Policies, as amended from time to time, unless such pupil has been expelled from Charter School.

B. Payment.

As a condition of funding, Charter School shall maintain an average daily membership of enrollment of 160 FTE pupils in grades 9 through 12 under this Contract. Charter School shall maintain and report accurate enrollment and attendance data on the Board's pupil information system, and pupil enrollment counts shall be monitored monthly by the MPS Department of Finance.

MPS shall make payment to Charter School only for pupils placed in the charter school educational program in accordance with this Contract, and for costs specifically authorized herein. MPS reserves the right to disallow any payment for any unauthorized or unappropriated payments, costs, or expenses and to recover any payments made for unauthorized or unappropriated payments, costs or expenses. MPS also reserves the right to withhold or disallow payment in the event MPS determines that Charter School is in violation of any provision of this Contract or laws or regulations governing it, until such time as Charter School remedies said violations to the satisfaction of MPS. Nothing in the paragraph shall be construed as a limitation or waiver of the rights of MPS to terminate this Contract in accordance with the provisions in section III.

Payment by MPS to Charter School shall be made under the following terms and conditions:

1. Per pupil allocation

MPS shall fund Charter School in the same manner and under the same terms and conditions, except for separate transportation allocations, that MPS funds all other MPS schools that are not under contract with MPS. The total cost of this Contract shall be based on the Charter School Full Time Equivalent (FTE) count for up to a maximum of 160 pupils in grades 9 through 12.

Any allocations which may be due to Charter School for the operation of the charter school educational program are the responsibility of MPS. MPS shall make allocation directly to Charter School each year Charter School participates in the Charter School Program under this Contract. MPS shall calculate additional allocations for any categorical funds Charter School has applied for and may be eligible to receive, based on categorical guidelines and/or FTE pupil counts in the same manner as non-contracted MPS schools.

2. Adjustments to per pupil allocation

The per-pupil revenue amount for pupils in MPS instrumentality charter schools will be equal to the amount which the Board determines annually for pupils in non-contracted MPS schools. In addition, Charter School shall receive funding to cover selected costs in the same manner in which non-contracted MPS schools receive such funding.

3. Categorical aids

If Charter School is eligible to receive categorical aids, such as Title I funds, such aids shall flow to Charter School through MPS in accordance with any attendant regulations and in the same manner as non-contracted MPS schools. Such aids shall not reduce the per pupil revenue to be received by Charter School from MPS.

4. Grants

Charter School is authorized to apply for grants. Charter School may not apply for or receive any grant or other monies that, in the judgment of MPS, compromises the ability of MPS to apply for or to receive said grant. Charter School shall contact the MPS-Grant Office for information regarding possible grant conflicts. Charter School shall expend any grant monies it may receive in a manner consistent with the terms of this Contract as well as the grant. Any grant money received by Charter School shall not reduce the per pupil revenue to be received by Charter School from MPS.

5. Deficit and carry-over funds

Charter School shall be responsible for all deficits. If Charter School incurs a deficit, Charter School's subsequent year's revenue allocation shall be reduced to cover that deficit.

III. TERM AND MODIFICATION OR TERMINATION OF CONTRACT

A. Term.

The term of this Contract is three school year(s) commencing with the 2022-2023 school year and ending on the last regularly scheduled school day of the 2024-2025 school year. This Contract is contingent upon the approval of the Board. This Contract shall become effective upon approval by the Board and execution by all appropriate persons.

This Contract is contingent upon annual appropriation of appropriate funds for the performance of this Contract. In the event the Board fails to appropriate funds for the continued performance of this Contract, this Contract shall become void.

B. Modification.

This Contract represents the entire agreement between the parties. This Contract may be modified upon mutual agreement between the parties reduced to writing. If either party wishes to modify any of the terms of this Contract, that party shall put the proposed modification in writing and submit it to the other party.

The Board may propose modifications to this Contract that are required by law, regulation, court order, court-approved settlement, agency finding, or agency settlement agreement.

Both parties agree to negotiate in good faith regarding such proposed modifications and neither party shall withhold its approval unreasonably. In the event Charter School and the Board are unable to come to an agreement with respect to these modifications of contract provisions, the Board has the authority to declare this Contract terminated in

accordance with the provisions of paragraph III.C.6. The Board shall not exercise this authority unreasonably.

C. Termination.

This Contract may be terminated before expiration of its term upon any of the following grounds:

BY BOTH PARTIES:

1. Both parties agree in writing to the termination.

BY BOARD:

2. Board determines that Charter School violated this Contract; or
3. Board determines that pupils enrolled in Charter School have failed to make sufficient progress toward attaining the educational goals under Wis. Stat. § 118.01 or the academic performance criteria established by the Board; or
4. Board determines that Charter School has failed to comply with state and federal guidelines and with generally accepted accounting principles and standards, including applicable categorical and/or grant guidelines, financial standards; or
5. Board determines that Charter School has violated Wis. Stat. § 118.40; or
6. Board determines that Charter School does not agree to modifications and/or amendments to this Contract based on a revised model contract as required by law, regulation, court order, court-approved settlement, agency finding, or agency settlement agreement.

BY CHARTER SCHOOL:

7. If Charter School has become insolvent or has been adjudged bankrupt.

If this Contract is terminated under the first ground (because both parties agree in writing to the termination) the termination shall become effective on a date agreed to by the parties. If this Contract is terminated under the second through sixth grounds (because of a determination on the part of the Board) the termination of this Contract shall not become effective until, at a minimum, 30 days in which notice of termination is given, unless, in the discretion of the Board, termination should become effective sooner.

MPS shall report and may recommend to the Board that this Contract be terminated under the third ground (because pupils have failed to make sufficient progress) if Charter School fails to meet at least 75% of the following performance criteria that apply as detailed herein at Section I.E. on pages 5 and 6.

Failure to meet criteria 8, 9, 10 or 11, as detailed in Section I.E. on page 6 of this Contract, alone shall not be grounds for termination of this Contract, but Charter School shall comply with any inquiries made by MPS in an effort to determine the cause of Charter School's failure to meet these criteria.

Failure on the part of the Board to exercise its right to terminate this Contract under any ground listed above shall not be deemed to constitute an amendment to the terms of this Contract or to constitute a waiver of the right of the Board to terminate this Contract at a later date under that ground.

In the event of termination of this Contract, advance written notice by certified or registered mail, return receipt requested, shall be provided which shall list the reason(s) for termination and the effective date of the termination. Upon termination of this Contract, MPS shall recover all funds advanced to Charter School under this Contract to which Charter School is not entitled. The decision of the Board shall be final.

D. Legal status upon termination.

Upon termination of this Contract, Charter School shall revert to a MPS non-chartered school. Charter School personnel who have had modifications made to their employment status by virtue of their employment at Charter School, including but not limited to modifications to compensation, shall not be entitled to retain such modifications upon cessation of their employment at Charter School.

IV. CONTRACT ADMINISTRATION, NOTICE AND PROVIDING OF INFORMATION

Unless specified otherwise in this Contract, any acts of discretion including, but not limited to, any approval required under this Contract or determination to terminate this Contract, are to be made by the Milwaukee Board of School Directors.

Unless specified otherwise in this Contract, whenever under this Contract notice must or may be given to the other party, or whenever information or reports may or must be provided to the other party, the party who may or must give notice or provide information or reports shall fulfill any such responsibility under this Contract if notice is given or information or reports are provided to the following persons, or their successors:

A party to this Contract shall immediately give written notice to the other party if the contact person for purposes of notice and providing information is modified.

V. STATUTES

This contract shall be governed by the laws of the State of Wisconsin. Whenever under this Contract reference is made to a provision in the Wisconsin Statutes or United States Code or implementing code, rule, or regulation, and such provision is subsequently amended by the Wisconsin Legislature, United States Congress or state or federal administrative agency, such reference in this Contract shall be deemed to be amended to conform to the new law, code, rule, or regulation.

VI. MISCELLANEOUS

A. Severability.

If any term or provision of this Contract shall be found by a court of competent jurisdiction to be invalid, illegal or otherwise unenforceable, the same shall not affect the other terms or provisions hereof or the whole of this Contract, but such term or provision shall be deemed modified to the extent necessary in the court's opinion to render such term or provision enforceable, and the rights and obligations of the parties shall be construed and enforced accordingly, preserving to the fullest permissible extent the intent and agreements of the parties herein set forth.

B. Waiver.

No waiver of any breach of this Contract shall be held as a waiver of any other or subsequent breach.

C. Assignment.

This Contract may not be assigned or delegated by Charter School.

D. Entire Agreement.

This Contract constitutes the entire contract and understanding between the parties. It supersedes and replaces any and all prior agreements, contracts, and understandings between the parties except as referenced and incorporated herein.

The language used in this Contract will be deemed to be the language chosen by the parties to express their mutual intent. In the event an ambiguity or question of intent or interpretation arises, this Contract will be construed as if drafted jointly by the parties, and no presumption or burden of proof will arise favoring or disfavoring any party by virtue of the authorship of any of the provisions of this Contract.

VII. CHARTER SCHOOL PETITION/PROPOSAL

In the event there is a conflict between this Contract or any of its appendices and the charter school petition/proposal (Appendix A), this Contract and its other appendices shall control.

It is recognized that the charter school petition/proposal that was submitted to the Board was an invitation to enter into a charter school contract and that the Board is not bound by any of the proposals or provisions set forth by Charter School in its petition/proposal. Charter School does not have the right to enforce any provisions that it made in its petition/proposal to be established as a charter school, unless the same have been specifically incorporated into this Contract.

Board reserves the right to hold Charter School to any of the representations or assurances made by Charter School in its charter school petition/proposal or other papers submitted in support of its charter school petition/proposal, regardless of whether such representations or assurances are contained in this Contract. Charter School's failure to adhere to the representations and assurances made in the charter school petition/proposal and other supporting papers shall constitute a violation of this Contract.
