ESSER Background

Elementary and Secondary School Emergency Relief Funds (ESSER II & III)

The Consolidated Appropriations Act, 2021 [P.L. 116–260], also referred to as the federal stimulus package, was enacted on December 27, 2020, and is the federal government’s response to the ongoing COVID-19 pandemic. The stimulus package provides for the Elementary and Secondary School Emergency Relief Fund.

Between March of 2020 and 2021, Congress passed three stimulus bills under ESSER with allocations of funding for school districts. These funds provide emergency financial assistance to address the impact that COVID–19 has had, and continues to have, on elementary and secondary schools. The following table summarizes those allocations, the amount of funding that has been allocated to MPS and the performance period of each grant.

Information Category	ESSER I	ESSER II	ESSER III
Stimulus bill	Coronavirus Aid, Relief, and Economic Security Act (CARES Act)	Coronavirus Response and Relief Supplemental Appropriations Act (CRRSAA)	American Rescue Plan Act (ARPA)
Performance period	3/13/2020 – 9/30/2022	3/13/2020 – 9/30/2023	3/13/2020 – 9/30/2024
Total amount in grants to Milwaukee Public Schools	\$41 million	\$225 million	\$506 million – Districts must reserve 20% to mitigate learning loss
School districts provide private school services	Yes; \$15 million	N/A	N/A

The table is an excerpt of information provided by the Wisconsin Department of Public Instruction for the state and modified to be applicable for Milwaukee Public Schools.

Fall 2023 Budget Update

The Fall 2023 ESSER II and ESSER III Budget Book is an informational document outlining the Administration’s current program progress, expenditures, and remaining balances of the budgets approved by the Milwaukee Board of School Directors on May 27, 2021 (ESSER II), October 14, 2021 (ESSER III), May 24, 2022, October 25, 2022, and May 24, 2023 (ESSER II and ESSER III). The budgets are balanced to the Wisconsin Department of Public Instruction allocation for MPS.

ESSER II Budget Summary by Priority

Actual expenditures and encumbrances from grant inception through the period ending June 30, 2023.

ESSER II	Fall 2023 Adjusted Allocation	Expenditures	Encumbrances	Remaining Balance
Accelerating Learning	90,968,191	81,105,981	9,097,219	764,991
Health and Wellness	14,432,161	9,664,327	3,600,764	1,167,070
Facilities	85,225,448	47,800,094	37,425,354	-
Other Educational Services and Programs	26,068,483	16,387,387	9,681,096	-
Indirect Cost	8,202,031	7,169,079	-	1,032,952
Grand Total	\$ 224,896,314	\$ 162,126,868	\$ 59,804,433	\$ 2,965,013

ESSER III Budget Summary by Priority

Actual expenditures and encumbrances from grant inception through the period ending June 30, 2023.

ESSER III	Fall 2023 Adjusted Allocation	Expenditures	Encumbrances	Remaining Balance
Accelerating Learning	84,927,631	26,273,047	31,939,616	26,714,967
Health and Wellness	78,741,670	28,748,340	13,249,649	36,743,681
Facilities	153,989,814	11,922,438	158,369,107	(16,301,731)
Technology	47,283,882	20,179,289	12,392,959	14,711,634
Extracurricular Engagement	59,434,687	6,550,914	47,749,763	5,134,010
Grant Administration & Program Evaluation	2,962,602	1,493,227	1,087,670	381,705
Other Educational Services and Programs	53,196,044	501,172	52,694,872	-
Indirect Cost	24,987,237	11,388,556	-	13,598,681
Grand Total	\$ 505,523,567	\$ 107,056,983	\$ 317,483,637	\$ 80,982,947

Message to the Reader:

The format of the Fall 2023 Proposed Budget Revision Detail combines elements of previous ESSER II & III Budget books for a streamlined review of the ESSER II & III allocations under each Funding Priority Committee:

This book is formatted by each committee detailing the following:

- Accomplishments through June 30, 2023
- Current/Planned Activities
- Request for Budget Revision
- Line Item Priority Detail

The **green** highlighted items reflect new lines of effort and/or changes to the descriptions/scope, allowable under the use of ESSER funds, are aligned to the District’s Strategic Plan, were selected for maximum impact, and are supported by unspent balances from previously approved line items.

ESSER II Fall 2023 Budget Summary	Spring 2023 Approved Allocation	Fall 2023 Adjusted Allocation	Expenditures	Encumbrances	Remaining Balance
Accelerating Learning	63,522,014	90,968,191	81,105,981	9,097,219	764,990
Health and Wellness	21,565,813	14,432,161	9,664,327	3,600,764	1,167,070
Facilities	109,043,600	85,225,448	47,800,094	37,425,354	-
Other Educational Services and Programs	26,068,483	26,068,483	16,387,387	9,681,096	-
Indirect Cost	4,696,404	8,202,031	7,169,079	-	1,032,952
Grand Total	224,896,314	224,896,314	162,126,868	59,804,433	2,965,012

With the revisions contained herein, MPS demonstrates an unwavering commitment to closing the achievement gap and exceeds the required 20% reservation of ESSER III funds to support mitigating learning loss. Lines where a portion of the budget is dedicated to mitigating learning loss efforts is indicated by the **gold** highlighted numbers shown in the ESSER III priority details.

ESSER III Fall 2023 Budget Summary	Spring 2023 Approved Allocation	Fall 2023 Adjusted Allocation	Expenditures	Encumbrances	Remaining Balance	Mitigating Learning Loss Expenditures and Encumbrances
Accelerating Learning	81,625,917	84,927,631	26,273,047	31,939,616	26,714,967	21,452,881
Health and Wellness	77,616,423	78,741,670	28,748,340	13,249,649	36,743,681	9,330,082
Facilities	126,439,200	153,989,814	11,922,438	158,369,107	(16,301,731)	-

ESSER II and III Proposed Budget Revision Detail

Fall 2023

Submitted to the Milwaukee Board of School Directors in October 2023

Office of Finance | 5225 W. Vliet St., Milwaukee, WI 53208 | mpsmke.com

Accelerating Learning

The Accelerating Learning plan of action addresses four priority areas: direct services, high-quality materials, professional development, and parent/family engagement across 107 lines of effort. Many of the activities in Accelerating Learning contribute to meeting the ESSER III requirement that a minimum of 20% of the ESSER III funds support evidence-based intervention strategies (EBIS) to address the disproportionate effects of the COVID-19 pandemic on students.

Accomplishments through June 30, 2023

- Extended Learning
 - Provided Winterim for high school students to complete credit recovery courses over the winter break between the first and second semesters in 2022.
 - Provided Saturday homework help to students in 38 schools during the school year.
 - Provided accelerated course offerings for high school students in the 2022–2023 school year through Proximity Learning.
 - Offered specialty summer programs, including college courses for high school students, expanded summer IEP services, and provided after-school and Saturday homework help to 38 schools during the school year.
 - Provided a pre-college camp at UW-Whitewater for students with disabilities.
- Tutoring
 - Provided in-school tutoring to over 40 schools servicing an average of 1,078 sessions a month.
- Dual Enrollment
 - Funded the M³ College Connections program general, nursing, and education pathways for the 2021–2022 and 2022–2023 school years with students participating from schools across MPS. In 2021–2022 a total of 151 students earned 1,840 credits and in 2022–2023 138 students earned 1,795 credits.
 - Three students earned Licensed Practical Nursing degrees while still in high school.
 - A total of four high school students in spring and four high school students in summer 2023 successfully completed education internships in MPS elementary school classrooms.
 - Offered graduate courses in English, mathematics, or a specific world language at UW-Milwaukee to enable MPS teachers to become certified to teach dual enrollment classes. A total of 19 MPS high school teachers are enrolled.
 - Expanded opportunities for MPS high school students to earn college credits through the dual enrollment program in 2021–2022 and 2022–2023. Courses were offered at Bradley Tech, Hamilton, Obama, Madison, Marshall, Milwaukee High School of the Arts, Reagan, Riverside, South, and during Summer Academy.
- Advanced Academics
 - Executed the Advanced Placement Summer Bridge Programs at the following sites: Alliance, Riverside, Milwaukee School of Languages, and Golda Meir.
 - Offered Advanced Placement Breakfast Club and International Baccalaureate Saturday Academies during the 2022–2023 school year to support Advanced Placement students and provide planning time for teachers.
 - 136 students and 17 Advanced Placement (AP) faculty participated in the AP Summer Bridge during Summer 2022 to gain a better understanding of AP course content, as well as the expectations and requirements for AP exams.

- Teachers participated in professional development sessions to support gifted and talented and AP students. This project funded 13 AP teachers to attend training (Advanced Placement Summer Institute) during Summer 2023.
- 103 high-ability 6th-grade students participated in College Days for Kids over two years. Teachers self-reported, via exit tickets, being more informed and more prepared to provide instruction and support the needs of gifted and talented and AP students.
- Art, Music, and Physical Education
 - Provided Digital Audio Workstation Sound Trap access to more than 30,000 MPS students and teachers during the 2021–2022 and 2022–2023 school years. Students use Sound Trap to compose beats and loops similar to the music they love to listen to.
 - Purchased 2,200 ukuleles, ukulele carts for more than 50 schools, and more than 150 guitars. In addition, funding was used to clean and repair instruments.
 - Provided access to Google Forms for all visual arts educators to request art materials on an ongoing basis. (\$405,833)
 - Provided access to Google Forms for all visual arts educators to request technology items on an ongoing basis. (\$256,461)
 - Hired a Visual Art Teacher Leader to provide coaching and professional development to all visual art educators in traditional middle schools and high schools.
 - Provided coaching support to all high school and middle school teachers, specifically those in their first two years in the district. The positions also provided professional development and workshops to enhance teacher practice.
 - MPS student musicians are able to participate in the WSMA Solo and Ensemble and Large Group Festival Competitions through the 2023–2024 school year. They will also be able to have a variety of music experiences such as attending an opera performance and opportunities to perform in the community.
- Early Childhood
 - Renewed Early Childhood (EC) program to support reading (Lexia program). Lexia is a personalized reading program that targets skill gaps as they emerge, extends learning for advanced students, and accelerates the development of literacy skills. (\$125,900)
 - Provided three Supporting Oral Language in the Early Years (S.O.L.E.L.Y.) sessions for the community (Feb – May 2022) with Saint Vincent College. The S.O.L.E.L.Y. series is a practice-based, relationship-centered, and community-supported approach to improve daily interactions between adults and children. (\$6,000)
- Literacy
 - Purchased standards-aligned writing resources for grades Pre-K through 12th grades. This curriculum material provides explicit writing instruction and outlines the process for teachers to facilitate standards-aligned explicit writing lessons. (\$704,033.39)
 - Provided funding for professional development for The Writing Revolution and Launching the Writer’s Workshop. Over 600 teachers attended professional development that supports the implementation of the MPS Instructional Design for Writing (Writer’s Workshop Framework), and strategies that can be implemented during the writer’s workshop.
 - Implemented the Reading Corps tutoring program at Forest Home Avenue, Lincoln Avenue, Longfellow, Wisconsin Conservatory for Lifelong Learning, and Whitman. (\$150,000)
 - Trained over 400 teachers and paraprofessionals at a three-day summer reading institute that focused on small-group instruction. Participants received this training as well as resources. (\$300,000). During the summer of 2023 over 600 teachers received training in differentiated small-group reading instruction. In addition, approximately

1,500 teachers received supplementary materials such as magnetic letters and letter trays, picture sort cards, comprehension strategy cards, and the Next Step Forward in Guided Reading book to support instruction in small groups. These purchases and training support the Ambitious Instruction goal for reading which is to prepare all students to read at grade level. We are beginning to see growth in STAR data, particularly in the area of Early Literacy.

- Educators were trained using the newly adopted/endorsed resources for writing, spelling, and handwriting. The funding also created opportunities to meet monthly with cohorts of teachers as they learned about writing strategies and applied the new learning in their classrooms.
- Provided LETRS professional development training to improve reading instruction.
- We have not had curriculum guides for our high school required courses and for choice courses like ethnic studies, psychology, and sociology. We have been able to support all these contents with new guides and additional resources.
- Math
 - Provided the necessary resources to purchase custom Counting Collections Kits for 3K, 4K, and 5K general and special education classrooms.
 - Purchased early childhood math resource books for use during EC teacher professional development, books for math teachers for book studies, and 1-20 number paths distributed to students.
 - Provided the necessary funding for the 2022 Math Teacher Summer Institute, 2022 Fall Math Proficiency for All Students Annual Conference (MPES), one LTE to coach Strong Start participants, sent seven math team members to the WI Math Council Annual Meeting, offered extensive training opportunities to teachers on ST Math and train EC teachers on the Counting Collections Routine. The focus of the summer institutes and the MPES conference focused on the successful implementation of the five key shifts in the math standards. In addition, EC teachers are attending initial and weekly support meetings to ensure effective implementation of the counting collections routine.
 - Purchased 420 Custom Counting Collections for use in Grade 1 and Grade 2 classrooms. The materials will be distributed during the Counting Collections Getting Started Professional Development. Purchased, through MPS Duplicating, 7,600 number paths to support the implementation of counting collections in all EC district classrooms. In addition, 35 copies of seven titles of STEM-related children's books were purchased to support EC math curriculum development work.
 - Trained 278 3K-5K teachers on the Counting Collections where they received their classroom counting collections kit and a classroom set of number paths. The combined EC Math and Literacy team offered a three-day summer institute open to all EC teachers and paraprofessionals. Day one featured literacy. Day two featured mathematics. Day three highlighted conscious discipline. 122 teachers attended each of the four days. 123 teachers attended Getting Started with Counting Collections PD. That number included our first wave of Grade 1 and Grade 2 teachers with 27 teachers attending. 122 teachers attended a 4-hour "Going Deeper with Counting Collections."
 - Provided 83 self-identified ST Math Champions a two-day summer institute, for 6.5 hours each day. ST Math Champions learned key leadership skills and knowledge and set goals for their school buildings. In addition, money from this project was used to fund expert support and organization from ST Math Professional Learning Specialists. This project code supported our PreK-12 Math Coaching team with additional opportunities to deepen our understanding of culturally responsive and equitable approaches to the teaching and learning of mathematics. The full team attended the Annual Meeting of

the Wisconsin Council of Mathematics. Additionally, three of our PreK-Grade 5 coaches attended a week-long institute that centered on the development of place value in Grades K-2. This last experience supports the coaches in honing the introduction of Counting Collections to Grade 1 and Grade 2.

- There are 13 school teams in the Leading Math Program. Each team is comprised of a principal and two staff from each school. We have met three times during the school year for 3.0 hours each time. Participants attended a two-day summer institute in July 2023 for 6.0 hours each day. The project goal is to support principals and teachers in developing content leadership knowledge and skills in the area of K-5 mathematics. Principals and teachers work together to build competency and capacity in leading mathematics. District initiatives in K-5 mathematics are central to the project and to date, we have explored Counting Collections, ST Math, and key components of the enVisionmath curriculum. 100% of early childhood teachers at the project schools have been trained in and are implementing the Counting Collections Routine. ST Math usage in the project schools is double that of non-project schools. Some comments from principals include: "I've been wanting to be more of an instructional leader, and this has allowed me to better understand the content and how to support teachers." and "I have shared the research on the importance of early childhood math connected to student's achievement. I have noticed how joyful and engaged classrooms doing counting collections and quick images work are."
- Science
 - With the support of the MPS Foundation, GE, and ESSER funds, we hosted our largest STEM Fair ever. Fifty-four schools with 600 students participated in the 2023 MPS District STEM Fair. 268 student projects were presented, and 18 community organizations interacted with students as exhibitors. This was a 50% increase in schools participating, a 71% increase in students participating, and a 39% increase in the number of community exhibitors participating compared to the previous year.
 - Teachers were given many opportunities (85 sessions) during the summer of 2022 to receive pay to attend professional development for the K-8 adoptions. Teachers were also provided paid opportunities after school to take deeper dives into the resources with textbook representatives. We are continuing to offer sessions for all new adoptions K-12.
- Curriculum Design
 - Secured contracts with Instruction Partners, a DPI-recommended organization, to get help with rolling out a high-quality math curriculum pilot.
 - Purchased LETRS training so teachers could be knowledgeable about the science of reading and be better reading teachers.
 - Offered over 200 after-school professional development sessions in reading, science, math, writing, planning for biliteracy, and advanced academics.
- Instructional Technology
 - Provided professional development for educators to incorporate technology tools into their teaching practices. Purchased additional technology tools, like EdPuzzle, to support world language learning. Using both district trainers and external partners, nearly 100 professional learning opportunities have been offered. The data shows that students are being invited to show their thinking using these digital tools, which is an indicator of our district walk-through tool. This data also indicates that students have multiple opportunities to demonstrate learning in different ways, whether verbally, written, or visually, that measure the standard.

- Purchased Pear Deck and another student engagement and formative assessment tool, Nearpod. Over 13,000 participants engaged in a Nearpod lesson in January 2023 alone. (\$250,000)
- In 2022–2023, 10 schools hosted 15 Telepresence classes to provide more course options for students across the district. On Saturdays, after school, and throughout the summer, thousands of teachers attended professional learning sessions facilitated by Discovery Education, Adobe, and MPS Instructional Technology Coaches. The usage of these tools by students increased over the year as a result.
- Teachers delivered over 13,000 presentations through Pear Deck in 2022–2023, which engaged 30,470 students with assessments, exit tickets, bell ringers, and discussion prompts. Over 15,650 students joined a Nearpod lesson in 2022–2023.
- Career and Technical Education
 - Offered personal finance programming in 24 high schools with teachers accumulating 1,551 hours of professional development. The passing rate of the Personal Finance course increased from 66% in 2021–2022 to 76% for semester 1 in the 2022–2023 school year.
 - Added two years of funding for the personal finance mentor teacher ensuring support for schools and personal finance teachers across the district.
 - Twenty-four high schools offered the personal finance course in 2022–2023. The course was made a high school graduation requirement in May 2021. 1,817 students took the course in 2022–2023 with a 76% pass rate.
 - Teachers completed over 1,500 hours of professional development with Next Gen Personal Finance, to improve their knowledge and skills in teaching the course. Numerous community partners were involved to provide advice and supplement the curriculum with guest speakers and events/activities like the Finance and Investment Challenge Bowl, Reality Check Day, and the Stock Market Game.
 - Students involved in youth apprenticeships and internships were provided taxi service to and from work opportunities. Over 900 students were provided bus transportation.
 - Provided funding for six SkillsUSA students from Obama who worked in the North Division CLC. 15 students took part in the mayor's Earn and Learn program honing their computer science skills with industry experts.
 - Supported student work attire for We Energies interns and youth apprentices and job fair costs to UWM for over 900 student participants.
 - Increased the total number of Youth Apprenticeships within MPS Department Facilities and Maintenance Services to 12. Eight work-based learning specialists were hired to work in 12 high schools to expand the number of students in internships and youth apprenticeships for 2023–2024.
 - Nursing assistant labs were installed at Hamilton, JMAC, North and South Division. All four labs were approved for instruction by the Department of Health Services before the start of the 2022–2023 school year. All facilities work and purchase of equipment is complete. Supplies were purchased and will continue to be purchased with ESSER III funding.
 - Contracted with Gateway Technical College to deliver the instruction because MATC did not have the capacity to do so in the first year. A total of 42 students from Hamilton, Madison, and South participated in the nursing assistant course and 33 passed the course (79%), earning 2 college credits through Gateway.
 - The 2023–2024 courses at Hamilton, JMAC, and South are now being contracted through MATC for instruction. A contract is underway with Generation of Excellence Trendsetters for instruction at North Division, because MATC did not have the capacity

- to provide instruction at all four schools. Two additional beds were purchased for each of the four schools, so now each lab has six beds with a maximum student capacity of 12 per section.
- The barber cosmetology lab at Obama HS was completely refurbished with new furniture, supplies, equipment, and flooring. One section of the Barber/Cosmetology course is being run once each spring semester. In 2022–2023, all 14 students enrolled earned 3 college credits from MATC in BarCos 300 and BarCos 324.
 - Funds supported student trips to FIRST Robotics local and world championships, Finance and Investment Challenge Bowl; Badger State Science and Engineering Fair, and Reality Check Day w/ECU at UWM.
 - Professional development was provided to 12 teachers in a fellowship program to bring community-engaged, real-world learning experiences to students in their classrooms; and five teachers were trained to provide students with innovative internship experiences in their classrooms.
- STEM
 - Funded six teachers and one coach for the GE iLabs in which over 1,600 students participated in activities in 2022–2023 .
 - Purchased Science, Technology, Engineering, Mathematics (STEM), Project Lead the Way (PLTW), General Electric (GE) iLabs, and CTE equipment.
 - Supported hands-on learning with the GE iLabs, Project Lead the Way (PLTW), career and technical education (CTE), and STEM classes by providing equipment materials, and supplies.
 - Milwaukee Public Schools middle school students competed at the Badger State Science and Engineering Fair with the students winning first, second, and third place in the engineering category qualifying for the national competition.
 - Funds supported Project Lead the Way engineering, biomedical science, and computer science instruction for over 9,000 elementary, middle, and high school students through PLTW participation fees and teacher professional development; provided for the expansion of computer science instruction through teacher professional development in all grade bands; and for student participation in the Badger State Science and Engineering Fair.
 - Purchased high-quality materials to advance CTE education in the form of software and equipment: Gearbox kits and licenses for STEAM education; KP Compass culinary arts curriculum; a new truck for Vincent HS agriculture program; supplies, equipment, and storage for the district's STEM labs; computers for labs.
 - Recognized by the United States Department of Education for ESSER investments in STEM education resulting in a visit by the Deputy Secretary of Education in September 2023.
 - Parent and Family Engagement
 - Contracted with the Parent Institute for Quality Education (PIQE) for facilitator training conducted in February 2022.
 - Offered M³ Milwaukee Parent institutes to help parents learn how to assist their students in navigating through high school, collaborate with teachers, support emotional and social development, create a supportive home learning environment, and assist them with college preparations and exploration. From fall 2021 to date 635 parents were engaged and 221 graduated* from the institutes (*all spring 2023 graduates are not included).
 - Offered the first parent/family college tour to the UW-Milwaukee and Milwaukee Area Technical College for Milwaukee Parent Institute participants on November 19, 2023,

- and a second tour in spring.
 - Supported various family engagement programs and events throughout the district, including a larger district-wide family day. Take-home family engagement kits were purchased to encourage at-home learning for pre-K-8th grade students. Additionally, funds are being utilized to provide consulting support for the FACE team to increase family engagement across the district.
- Camp RISE
 - Provided Camp Rise for students and parents, reporting that 192 of 200 registered students participated in the program. Students earned just over \$200,000 total for the summer of 2022. Ninety-eight percent of parents/guardians said they would enroll their child again with 9 out of 10 recommending the program to others. Ninety percent of families reported visible growth in their child's behavior.
- School Counseling
 - Recruited and hired six school counselors in 2022–2023.
 - Funded the United Negro College Fund (UNCF) Empower Me Tour (EMT) for 700 MPS seniors to engage with colleges and universities, compete for scholarships, receive on-site admissions, and participate in a conference about college life.
 - Completed school counselor professional development on the American School Counselor Association (ASCA) model (April 2022) and the Wisconsin School Counselor ASCA training (January 2023).
 - In 2022–2023, the CACCs were able to offer 38 college visits that served all of the traditional high schools. This included visits for admitted MPS Seniors from all 24 high schools at UWM, Mount Mary, & MATC. In addition, transportation was provided for all high schools to the United Negro College Fund Empower Me Tour on November 11, 2023 at the Wisconsin Center.
 - Technology updates occurred in the 21 College and Career Centers to assist students in completing college applications, FAFSAs, and scholarships.
 - The College and Career Center and Assessment staff completed the ACT Basics training on July 14, 2022, allowing for increased student support for ACT preparation and collaboration to ensure student success
- Student Support
 - Provided mandated special education, English as a second language, and school counseling to student in the virtual program (MVP) during 2021–2022 and 2022–2023 school years.
- Social Studies
 - Purchased Social Studies textbooks/consultant to build teacher capacity. (\$12,000,000)
 - Provided professional development during the summer of 2022, after school, and during Teacher Institutes for all Social Studies teachers K-12 (85 sessions) on the effective usage of the new materials. We are also working with a consultant to provide teachers with additional resources that bring forward diverse voices that are often ignored. The IPSSC work was rolled out to grades 3–6 on August 30, 2023.
 - Purchased materials to support engagement and multiple perspectives. We have not had curriculum guides for our high school required courses and for choice courses like ethnic studies, psychology, and sociology. We have been able to support all these content areas with new guides and additional resources.
- Library
 - Funded full-time librarians at Wedgewood, Fernwood, Lloyd Barbee Montessori, and Bayview Montessori. (\$376,233)

- Created a lesson plan database to support librarians and library paras. The lesson plans concentrate on library skills, monthly celebrations, research, makerspace, and technology. The lessons are available to librarians on the library website and have served to support library staff at over 90 schools. Librarians were also able to attend the American Library Association conference to gain insight into school librarianship.
- Expanded library services by placing librarians in Wedgewood, Fernwood, Bayview Montessori, and Lloyd Barbee Montessori. The librarians will increase the circulation rates at their schools and provide the students with engaging lessons. Since the 2022–2023 school year, 2,329 students have had increased access to their school libraries.
- Provide makerspace materials and training for the library staff. The Library Literacy Initiative (LLI) serves to increase student literacy and engagement in our libraries.
- Held a Scholastic book fair at four summer school sites. 542 students were provided with an average of a dozen books for their home libraries to prevent a reduction in school-year reading gains.
- School Improvement Retreats
 - Supported schools in their Continuous School Improvement Planning (CSIP) process. The funds provided pay for teachers to work beyond their workday or contract time. During CSIP planning staff reviewed data, completed root cause analysis, needs assessments, and action planning for the upcoming cycle/year. The results included the school's CSIP plan development, collection of implementation data, and collection of student impact data.
- High School Clubs
 - Offered after-school clubs and activities at high schools during the 2021–2022 and 2022–2023 school years.
 - Planned and executed new/expanded after-school extra-curricular options for students to support relationship building and healthy outlets after school at all high schools.
- Community Schools
 - Utilize expansion funds for a health clinic at South Division High School with the remaining funds distributed equally to the other 15 community schools. (\$1.5 million)
- Extra Hours
 - Provided extra hours for additional support for morning entrance, breakfast distribution, bus duty, and after-school clubs and activities.
- Anti-Racism and Bias PD
 - Implemented 36 Equity mini-grant projects at 31 schools. Projects ranged from civic engagement to building a culturally diverse sisterhood to supporting healthy eating habits with school gardens to promoting academic equity through race-conscious teaching practice and pedagogy.
 - Supported the implementation of the district's first Equity Summit that allowed recipients of Equity Mini-Grants and various Central Services departments to showcase best practices aligned to school-based and districtwide equity efforts. A total of 28 schools and/or departments participated.
 - Provided PBIS professional development from fall to summer 2022–2023, 3,884 school-based (School Support Teachers (SSTs), classroom teachers, school leaders, paraprofessionals, school safety, etc.) and district-based (school social workers, school psychologists, etc.) staff participated in PBIS professional development.

Processes developed/implemented

- Established a process for schools to request funding for after-school and Saturday tutoring.
- Established a rubric and process for anti-racist/equity mini-grants.

Current/Planned Activities

In 2023–2024, we will continue to move forward with the great work that the ESSER II funds have fostered to build and/or sustain equity efforts with integrity, intentionality, and fidelity, and aligned to the district's Strategic Plan, Five Priorities for Success, and Ambitious Instruction Accelerating Learning.

Request for Budget Revision

Multiple items have been adjusted within Accelerating Learning due to balancing areas where initial needs were overestimated with those that were underestimated.

Technology expenditures, such as Chromebooks and devices in assistive technology lending library, were shifted from ESSER III into Accelerating Learning ESSER II budget. The ESSER II budget was revised to offset the additional expenditures. Furthermore, in fiscal year 2024 ESSER III funding will be utilized to pay for positions that were previously paid out of different funding sources. As a result, some line items are over budget in Accelerating Learning ESSER III.

ESSER II ACCELERATING LEARNING - Priority 1: Provide Direct Services to Students

Category	Description	Spring 2023 Approved Budget	Budget Revisions	Fall 2023 Revised Budget	Expenditures as of June 2023	Encumbrances at June 2023	Remaining Balance
Extended Learning	Summer, Saturday, & Winter Academy	3,887,000		3,887,000	2,021,705	1,865,295	-

Health and Wellness

MILWAUKEE
PUBLIC SCHOOLS

ESSER II and III Proposed Budget Revision Detail

Fall 2023

Submitted to the Milwaukee Board of School Directors in October 2023

Office of Finance | 5225 W. Vliet St., Milwaukee, WI 53208 | mpsmke.com

Health and Wellness

Accomplishments through June 30, 2023

- Implemented RFP for broader mental health services across the district, via teletherapy, that has been utilized by 33 schools thus far.
- Utilized SEL discretionary funds to access school programming from a vetted vendor list developed by the committee: 23 different vendors have been contracted by our schools.
- Provided Summer Ropes Course training for personnel to expand trainer capacity.
- Provided SEL professional development and supplies for interested schools (including SEL self-regulation spaces and manipulatives).
- Expanded the School Community Partnership for Mental Health (SCPMH) by 50%, to 38 schools.
- Increased Success Center funding to serve more students and extend services into summer.
- Provided training for school psychologists and social workers in evidence-based interventions for trauma. Such interventions have already been used with students in over 500 instances.
- Implemented a new, more robust Employee Assistance Program (EAP) for staff.
- Addressed COVID-19 mitigation through such measures as distribution of personal protective equipment (PPE), surveillance testing, contact tracing after hours, and occupational nursing.
- Acquired nursing supplies such as AED equipment/parts, asthma spacers, and vision screening materials.
- Strengthened the Department of Black and Latino Male Achievement (BLMA) by hiring two additional coordinators.
- Established the Department of Gender, Identity and Inclusion (GII). Hired director, and coordinators.
- Acquired assessments and protocols for special education testing.
- Hired additional mental health support staff (social workers and counselors).
- Extended District's license with the Second Step SEL curriculum for all K-5 students.
- Hired additional restorative practices coaches.
- Implemented antiracism and bias professional development using Courageous Conversations.
- Provided mental health support during summer Community Learning Center (CLC) programming over the last three summers.
- Began implementation of community exercise stations and traffic gardens for K-5 and K-8 playgrounds.
- Began renovation of exercise and fitness rooms for high schools.
- Supplemented school nutrition operational costs.
- Addressed needs for instruction, professional development, pupil support, family engagement, extracurricular activities, remodeling, and construction. Schools have begun addressing the unique needs identified and prioritized through stakeholder engagement conducted during the 2021–2022 school year. (\$100,000 per school)
- Provided professional development for mental health support staff on crisis management and advanced trauma training for schools.
- Strengthened Restorative Practices across the district through professional development and family engagement opportunities, expanding access to toolkits and enhancing restorative practices circle spaces for students.
- Continued scale-up of Success Center programming focusing on students enrolled in grades 4 through 12 (with expansion to younger grades in development).

Current/Planned Activities

- Improve Ropes & Challenges site, adding an outdoor structure and additional course elements; these improvements will increase capacity for student programming.
- Launch a centralized nutrition professional development center, including a testing kitchen, educational spaces, and administration.
- Modernize school nutrition kitchen equipment.

Request for Budget Revision

Multiple items have been revised within Health and Wellness due to balancing areas where initial needs were overestimated with those that were underestimated. Some money was also reallocated to cover indirect costs overall.

After receiving additional instructions from the Department of Public Instruction, some of the costs associated with special education support and services and school nutrition operating costs must be reported under their own budget allocation, rather than general education. In ESSER III we created new lines and shifted budgets and expenditures to be in compliance with the state requirements.

ESSER II HEALTH AND WELLNESS - Priority 1: Mental Health

Category	Description	Spring 2023 Approved Budget	Budget Revisions	Fall 2023 Revised Budget	Expenditures as of June 2023	Encumbrances at June 2023	Remaining Balance
Mental Health	School based mental health expansion and tele-therapy services	3,562,548	(1,742,971)	1,819,577	950,960	868,617	-

ESSER II and III Proposed Budget Revision Detail

Fall 2023

Submitted to the Milwaukee Board of School Directors in October 2023

Office of Finance | 5225 W. Vliet St., Milwaukee, WI 53208 | mpsmke.com

Facilities

Accomplishments through June 30, 2023

The Facilities ESSER team met with schools for both ESSER II and III projects. Currently, there is approximately \$37M in ESSER II project encumbrances that include scopes for testing and balancing mechanical systems, addressing deficiencies with mechanical equipment in buildings, removing outdated carpeting and installing new flooring, reinstalling missing bug screens and upgrading some older window systems, removing existing drinking fountains and replacing with new water bottle stations and installing of new outdoor classroom features and structures.

All ESSER II scopes have been finalized and designed. Bid documents were produced and a vast majority of projects have been bid out with a few left. Construction and renovation for projects has been ongoing and the completion is targeted for the end of September 2023.

Currently, there is approximately \$158M in ESSER III project encumbrances that include additions, renovations, major remodeling, and furniture replacement. In addition, we have scopes that include painting, shade updates, ceiling repairs, lighting replacement, flooring modifications, and other improvements to building aesthetics. Some encumbrances were shifted from ESSER II to ESSER III to allow more time to complete projects initially planned in ESSER II.

Approximately, 25% of the ESSER III scopes have been finalized and designed. Bid documents were produced. Over the summer, some lighting upgrades and painting projects were completed.

Current/Planned Activities

Board-approved school project requests will be completed along with facilities projects through the schools' \$100,000 menu of services. Other projects addressing mechanical or building system deficiencies will be completed.

Integrated Project Delivery (IPD) contractors are working with school leaders to finalize their scopes to be bid out. Once completed, the contractors are concentrating on construction schedules that meet the needs of the school leader and its school community.

Request for Budget Revision

The Facilities Team is seeking to reallocate funds to cover cost overages in task priorities while reducing the budget for other priorities.

Technology expenditures were reallocated to ESSER II to allow the district for quicker utilization of ESSER II funding. ESSER II Facilities budget is being reduced to offset the technology expenditure reclassifications.

The unfinished Facilities projects are being extended into the new year and will be paid out of ESSER III. A portion of Technology ESSER III budget was reallocated to Facilities.

ESSER II and III Proposed Budget Revision Detail

Fall 2023

Submitted to the Milwaukee Board of School Directors in October 2023

Office of Finance | 5225 W. Vliet St., Milwaukee, WI 53208 | mpsmke.com

Technology

Accomplishments through June 30, 2023

- Delivered 63,167 headsets for student use to all schools.
- Refreshed Chromebooks at all schools making sure unsupported and obsolete devices were removed.
- Delivered Chromebook accessories such as USB-C power adapters and Chromebook cases to schools.
- Replaced three computer labs at the North Division Professional Development lab and installed new computer equipment for professional development rooms.
- Completed fiber optic cabling installation at 47 sites.
- Purchased eSports computers, monitors, and gaming equipment for 17 high schools. (Tables, chairs, and gaming consoles are now installed at all sites).
- Esports piloted an internship program with UW-Milwaukee to support the eSports program and help students connect what they are learning in the classroom to the real world. The program currently has two UWM students working on the district's Esports initiative.
- Completed installation of interior digital signage at 13 schools.
- Purchased 15" touch Chromebooks and additional iPads for use with assistive technology.
- Purchased Virtual Reality class set equipment for engineering and technology classes
- Provided Saturday professional development sessions for bilingual teachers around Teaching for Biliteracy.
- Added additional A-Z licenses for supplementary resources for the ESL program, K-12.
- Six high school anatomy and physiology classrooms obtained 3D anatomy and virtual dissection tables and training.
- Science classrooms across 96 schools received science equipment for supporting and supplementing hands-on minds-on science explorations.
- Provided after-school professional development sessions for the following tools:

Technology Tools Workshops:	Number of Sessions:	Number of Attendees:
Discovery Education Network	3	61
Nearpod Introduction	3	120
Google Boot Camps	6	61
Adobe ACE Cohort	1	52
Adobe Express	5	108
Book Creator	6	136
Classflow	2	16
Gynzy	2	44
Anatamage 3D Anatomy & Virtual Dissection Platform	6	21
WeVideo	3	16
Google Next Level Training	3	132
Instructional Tech Champ Trainings	5	120

Current/Planned Activities

- Continue installation of digital signage monitors in schools.
- Continue HVAC master closet upgrades as equipment becomes available.
- Deploy desktop computers (1,500 purchased in total) to schools to replace obsolete equipment.
- Continue to replace classroom fiber optic cabling at all MPS sites.
- Purchase hands-on science materials recently approved by the board (awaiting delivery).
- Purchase Anatomage 3D dissection table for six high schools.
- Install sound and video projection systems in auditoriums/multi-purpose rooms at select schools.
- Deploy hands-on science materials to classrooms.
- Order additional VR equipment.
- Collaborate with Strategic Partnerships and Customer Service and Literacy Services of Wisconsin to expand a contract for Adult ESL services.
- Purchase resources to support Spanish-speaking English learners in the World Language/Immersion programs.
- Request duplication services to create resources for the Spanish-speaking English Learners in the Bilingual Dual Language program.
- Process registration for professional development for 45 teachers of English learners.
- Adopt Gizmos (inquiry-based simulations) for all middle and high school students.
- Expand eSports for the 2023/2024 school year into Middle Schools with the same amount of quality equipment and effort as the high school sites.
- eSports will continue building the framework of an MPS eSports League by working alongside local and state-wide league creators. The goal is to establish an MPS eSports League playing the gaming titles that MPS students can play.

Request for Budget Revision

\$32.5 million in Technology expenditures were reallocated to ESSER II to allow the district for quicker utilization of ESSER II funding. A portion of Technology ESSER III budget was reallocated to Facilities.

ESSER II and III Proposed Budget Revision Detail

Fall 2023

Submitted to the Milwaukee Board of School Directors in October 2023

Office of Finance | 5225 W. Vliet St., Milwaukee, WI 53208 | mpsmke.com

Extracurricular Engagement

Accomplishments through June 30, 2023

- Completed tennis court improvement projects at Vincent and Marshall. Upgrades to MHSA, MSL, Wedgewood, to be completed this fall.
- Completed project to replace synthetic turf at Bradley Tech’s athletic field.
- Began renovation of the South Division fieldhouse. The targeted completion date is November 2023.
- Began upgrades to cluster 1 pools (Vincent, Gaenslen, Riverside, Washington, Madison, and South Division).
- Submitted plan review to the City of Milwaukee for additions to Vincent (additional restrooms, additional concession stand, visitor side bleachers, and equipment storage) and Pulaski (new ticket booths and concession area) stadiums.
- Provided tutoring for 1,965 student-athletes during the 2022–2023 school year.
- Hosted two information fairs in April for parents/guardians of prospective overnight campers (one virtual, one in-person at Hawthorn Glen); total attendance across both events: 175
- Offered over 500 clubs during the 2022–2023 school year with ESSER III funds.
- Implemented after-school bus services for students participating in extracurricular activities.
- Partnered with four community-based organizations to provide programs and activities for youth on Saturdays. Activities included dance instruction, theater, college/career preparation, and recreation enrichment.
- Over 10,000 students participated in after-school ESSER clubs during the 2022–2023 school year.
- Registered 163 MPS students to overnight camp sessions (camp sessions ranged from 5 days to 4 weeks) across seven Wisconsin-based overnight camps.
 - Demographics of registered campers:
 - 58% of campers requested a full or partial camper supply kit containing a reusable water bottle, bathing suit & sunscreen, towel, toiletries (toothbrush, toothpaste, soap, deodorant, shampoo), insect repellent, bedding, backpack, and flashlight (funded with ESSER dollars)
 - Campers represented 48 different MPS schools
 - Campers represented 25 different zip codes
 - 74% of campers are students of color

Current/Planned Activities

- Release cluster 2 pools bid package. This includes Hamilton, MacDowell, Madison, North Division, and Pulaski.
- Release bid for Vincent and North Division Fieldhouse upgrades.
- Finalize plans for synthetic turf baseball/softball diamonds at Wick Field for the bidding process.
- Prepare Vincent and Pulaski Stadium upgrade bid packages.
- Finalize school mascot and Milwaukee City Conference branding system for pools, tennis courts, and fieldhouses/stadiums.
- Renew contracts for community-based partners operating Saturday Programs throughout the city.

- Prepare logistics for 2023–2024 after-school extracurricular activity bus services. Expand service offerings to additional schools throughout the district.
- Review the summer 2023 Overnight Camp Program: collect student survey data from camps, mail camp completion packets to all families (including a completion certificate), distribute parent/guardian surveys to collect feedback on the experience, and prepare for School Group camp opportunities.

Request for Budget Revision

Multiple lines were combined to reflect the costs associated with athletic facilities upgrades. Projects such as improvements to the school gymnasiums are now being reported as indoor athletic facilities upgrades; projects such as tennis court renovations are now reported as outdoor athletic facilities upgrades. The budgets, expenditures, and encumbrances were combined into these two lines.

ESSER III EXTRACURRICULAR ENGAGEMENT - Priority 1: Athletics
