

ESSER III Addition/Renovation Application

The Milwaukee Board of School Directors recently passed the budget for ESSER III funding that includes approximately, \$65M allocated for potential additions and renovations of school sites. Each school can apply for a project. Please answer the following questions regarding your proposed project and submit your application to kanest@milwaukee.k12.wi.us [Switch account](#).

Your email will be recorded when you submit this form

School Name

Your answer

Name and Title of person filling out application.

Your answer

Does your school have a project it would like to have completed to improve your building? These projects may include structural improvements to an existing art or other specialty room, expansions, additions, etc. Please provide a brief description of the potential projects you would like complete.

Your answer

Does your school enrollment currently exceed the capacity of the facility? Provide details regarding this project’s potential impact on your school’s current enrollment.

Your answer
