<p>This professional development training is for K5-8th grade teachers, Achievement Gap Reduction Specialist (AGRs) and/or School Support Teachers (SSTs), and district literacy instructional coaches. The Goal is to: match sound teaching pedagogy with our newly adopted high quality instructional materials. build the capacity of teachers and leaders of literacy in a method that will support students in reading increasingly challenging texts. provide K-8th grade teachers with a foundational understanding of the guided reading method from a leading professional in the practice. provide extensive training for AGRs or SSTs, and district literacy leaders so that they can provide ongoing support of this work as well as scale the practice to additional schools.</p> <p>The Objective of this training is to train teachers in the method of Guided reading instruction. Guided Reading instruction is a teaching method essential to meeting diverse needs in the classroom. According to Wisconsin Forward data (spring 2018-2019, latest data available), approximately 80% (79.6%) of our students are not proficient in reading. It is critical now more than ever that teachers teach to grade level while at the same time receive support on how to be responsive to the specific needs of struggling, proficient, and advanced readers. Participants will rate their understanding of guided reading before and after the presentation. Participants will learn that during a guided reading lesson: Children read a teacher-selected text in a small group. The teacher provides explicit teaching and support for reading increasingly challenging texts.</p> <p>Texts are at childrens instructional reading level. Children read the whole text. Teaching is responsive to individual students strengths and needs.</p>

---------	---------	------------	-------------------------------	--------	------	------	--------

Contractor shall provide Riverside University High School staff with a one (1) day workshop which will include the curriculum, implementation, and resiliency training as well as a monthly meeting with the Contractor and other participating schools. This program is web-based and provides opportunities for student to connect with one another, practice self-reflection, education, tools and practices on resiliency, emotional well-being, as well as a variety of resources. The program creates messaging and experiential opportunities to raise awareness with students, staff and families creating a more resilient school community. Contractor shall provide a web-based curriculum including local providers specific to building resilience and virtual suicide prevention training. Student Leaders will meet weekly for experiential events that will occur on an on-going basis throughout the year. Student Leaders will also have the opportunity to engage with four (4) national level speakers hosts throughout the school year. These speakers will discuss topics related to resiliency, mental health, and emotional well-being. Services will be provided virtual and/or in person. Contractor shall provide participants with T-Shirts and resources.
