2. TERM

This Contract shall be in effect from September 1, 2015 to August 31, 2016, ("Initial Term") with the option to extend up to two additional one-year terms upon mutual written consent. MPS will base its decision on whether to extend on the following performance metrics to be rated by MPS personnel. Performance Metrics	Points
Provision of items within the specified timeframe	25

Any work performed by the Contractor prior to obtaining a fully-executed Contract with approval to proceed shall not be compensated pursuant to this Contract. Any continuation of the Contract beyond this term must be set forth in writing and signed by the authorized signatories of each party.

3. COMPENSATION

Total compensation under this Contract shall not exceed \$800,000.00 in the Initial Term.

MPS reserves the right to determine in its sole discretion whether services have been adequately and fully delivered; to withhold payment until services are fully and adequately delivered; or to disallow a pro rata share of payments for services not fully and adequately delivered.

Milwaukee Public Schools does not pay in advance for services. No payment shall be made until a properly submitted invoice is approved. Invoices shall be submitted to:

Milwaukee Public Schools
ATTN: Lisa Chatman
5225 W. Vliet Street
Milwaukee, WI 53208

A properly submitted invoice must include a detailed description of the dates and times worked, and the tasks performed. As a matter of practice, MPS attempts to pay all invoices in 30 days. It is mutually agreed that State Prompt pay law does not apply to this Contract.

Unless otherwise specified, MPS shall not pay invoices submitted more than 60 days after actual work. In the case of grant funding, no payments shall be made after grant close out. Final invoices must be marked as such.

4. NON APPROPRIATION OF FUNDS

This Contract is contingent upon the appropriation of sufficient funds by appropriate MPS officials. If funds are not appropriated, Contractor agrees to take back any commodities furnished under the Contract, terminate any services supplied to MPS under the Contract, and relieve MPS of any further obligations under the Contract.

5. NON-DISCRIMINATION

In the performance of work under this Contract, Contractor shall not discriminate in any way against any employee or applicant for employment because of race, religion, color, national origin, ancestry, physical handicap, mental disability, medical condition, marital status, age (over 40) or sex. This prohibition includes but is not limited to employment; promotions, demotions and transfers; recruitment; advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeships. Contractor is required to include a similar provision in all subcontracts to this Contract.

If MPS determines Contractor has violated this non-discrimination policy, MPS may terminate this Contract without liability for undelivered services or materials. MPS may also deem the Contractor ineligible to participate in future contracts with MPS.

6. INDEMNITY

Notwithstanding any references to the contrary, Contractor assumes full liability for all of its acts or omissions in the performance of this Contract, as well as the acts or omissions of its subcontractors. Contractor shall indemnify and hold harmless MPS, its agents, officers and employees against all liabilities, losses, judgments, decrees, costs, and expenses that may be claimed against MPS as a result of granting of this Contract to said Contractor, or that may result from the carelessness or neglect of said Contractor, its agents, or employees. If judgment is recovered against MPS in suits of law or equity for any reason, including by reason of the carelessness, negligence, or acts or omissions of the Contractor, against such persons, firms or corporations carrying out the provisions of the Contract for the Contractor, the Contractor assumes full liability for such judgment, not only as to any monetary award, but also as to the costs, attorneys fees or other expenses resulting therefrom.

In accordance with applicable laws, MPS shall be responsible for defending and paying judgments on behalf of its officers, employees and agents while acting within the scope of their employment or agency for any claims that may arise out of MPS' negligence for acts, policies, or directives that affect the activities covered by this Contract.

7. BACKGROUND CHECKS

A criminal information background check is required for all persons providing services under this Contract, including volunteers, that: (1) provide services in MPS facility(ies) on a regular and ongoing basis or more than 5 hours per week; and (2) come into contact with or have access to MPS students with or without the presence of an MPS teacher or MPS supervisor.

The purpose of this check is to ensure there is nothing that would render the person(s) unfit to perform services under this Contract where there is contact and or access to MPS students. MPS will, in its sole discretion, determine whether there is anything in a background check that would render a person unfit to work in an MPS facility with contact or access to MPS students. MPS shall perform background checks in the state(s) in which the individual resided for at least 6 months in the last 5 years, and was 18 years old or older at the time.

Contractor may perform its own criminal background checks through the Wisconsin Department of Justice Crime Information Bureau ("CIB"). Contractor shall provide the completed criminal background checks at least 10 days prior to any services being performed pursuant to this Contract.

MPS will perform the necessary background investigation at the rate of \$10.00 per person. In the event Contractor chooses this option, Contractor may contact the Office of Classified Staffing at 475-8157 to obtain the necessary forms. Please note that all forms must be filled out and submitted at least 30 days prior to the commencement of the services.

All background checks must be completed prior to the commencement of services under this Contract. MPS will NOT be responsible for the payment of any services rendered by Contractor before the completion of these criminal information background checks.

8. INSURANCE AND PROOF OF FINANCIAL RESPONSIBILITY

Contractor understands and agrees that financial responsibility for claims or damages to any person, or to Contractor's employees and agents, shall rest with the Contractor. Contractor and its subcontractors shall effect and maintain any insurance coverage, including, but not limited to, Workers' Compensation, Employers' Liability, General Liability, Contractual Liability, Automobile Liability and Umbrella Liability to support such financial obligations. The indemnification obligation, however, shall not be reduced in any way by existence or non-existence, limitation, amount or type of damages, compensation, or benefits payable under Workers' Compensation laws or other insurance provisions.

The minimum limits of insurance required of the Contractor by MPS shall be:

Workers' Compensation	Statutory Limits
Employers' Liability	\$100,000 per occurrence
General Liability	\$1,000,000 per occurrence/\$2,000,000 aggregate
Auto Liability	\$1,000,000 per occurrence
Umbrella (excess) Liability	\$1,000,000 per occurrence

MPS shall be named as an additional insured under Contractor's and subcontractors' general liability insurance and umbrella liability insurance. Evidence of all required insurances of Contractor shall be given to MPS. The certificate of insurance or policies of insurance evidencing all coverages shall include a statement that MPS shall be afforded a thirty (30) day written notice

of cancellation or non-renewal by any of Contractor's insurers providing the coverages required by MPS for the duration of this Contract.

9. SHIPPING /TAXES

MPS is exempt from Federal Excise and Wisconsin Sales Taxes. In accordance with the terms of the RFP, the price of all materials purchased pursuant to this Contract shall include delivery FOB to the MPS location receiving the goods and freight must be prepaid. Any freight, shipping, processing, handling or like charges must be part of the unit price and any separate line items for freight, shipping, processing, handling or like charges listed on an invoice will be deleted and not paid.

MPS reserves the right to reject any items that are non-conforming. All return freight charges associated with the rejected materials shall be borne by Contractor.

10. IRREPARABLE HARM

It is mutually agreed the breach of this Contract on Contractor's part shall result in irreparable and continuing damage to MPS for which money damages may not provide adequate relief. Therefore, the breach of this Contract on Contractor's part shall entitle MPS to both preliminary and permanent injunctive relief and money damages insofar as they can be determined under the circumstances.

11. TERMINATION BY CONTRACTOR

Contractor may, at its option, terminate this Contract upon the failure of MPS to pay any amount, which may become due hereunder for a period of sixty (60) days following submission of appropriate billing and supporting documentation. Upon said termination, Contractor shall be paid the compensation due for all services rendered through the date of termination including any retainage.

12. TERMINATION BY MPS - BREACH BY CONTRACTOR

If Contractor fails to fulfill its obligations under this Contract in a timely or proper manner, or violates any of its provisions, MPS shall thereupon have the right to terminate it by giving five (5) days written notice before the effective date of termination of the Contract, specifying the alleged violations, and effective date of termination. The Contract shall not be terminated if, upon receipt of the notice, Contractor promptly cures the alleged violation with five (5) days. In the event of termination, MPS will only be liable for services rendered through the date of termination and not for the uncompleted portion, or for any materials or services purchased or paid for by Contractor for use in completing the Contract.

13. TERMINATION BY MPS

MPS further reserves the right to terminate this Contract at any time for any reason by giving Contractor written notice by Registered or Certified Mail of such termination. MPS will attempt to give Contractor 20 days notice, but reserves the right to give immediate notice. If in the event of said termination, Contractor shall reduce its activities hereunder, as mutually agreed to, upon receipt of said notice. Upon said termination, Contractor shall be paid for all services rendered through the date of termination, including any retainage. This section also applies should the Milwaukee Board of School Directors fail to appropriate additional monies required for the completion of the Contract.

14. INDEPENDENT CONTRACTOR

Contractor agrees and stipulates that in performing this Contract, it is acting as an Independent Contractor, and that no relationship of employer and employee, partnership or joint venture is created by this Contract. Contractor has exclusive control over work hours, location, and other details of such services, and MPS' sole interest is to ensure that said service shall be performed and rendered in a competent, safe, efficient, timely and satisfactory manner in accordance with the terms of this Contract.

Contractor has the sole obligation to provide for and pay any contribution or taxes required by federal, state or local authorities imposed on or measured by income. Contractor specifically covenant not to file any complaint, charge, or claim with any local, state or federal agency or court in which Contractor claims to be or to have been an employee of MPS during the period of time covered by this Contract and that if any such agency or court assumes jurisdiction of any complaint, charge or claim against MPS on Contractor's behalf, Contractor will request such agency or court to dismiss such matter. MPS shall not be charged any obligation or responsibility whatsoever of extending any fringe benefits which may be extended to MPS employees, including any insurance, or pension plans.

Contractor further agrees that MPS is not to be charged with the obligation or responsibility of extending any fringe benefits such as hospital, medical and life insurance, or pension plans which may be extended to employees of MPS from time-to-time and

further agree to indemnify and hold harmless MPS and all its employees, officers and agents from any liability for personal injuries, including death, or for damage to or loss of personal property, which might occur as a result of the performance of the services provided for under this Contract.

15. ASSIGNMENT LIMITATION

This Contract shall be binding upon and inure to the benefit of the parties and their successors and assigns; provided, however, that neither party shall assign its obligations hereunder without the prior written consent of the other. 12. Lexile processing options, which include MARC record with the Lexile value in the 520 tag, Lexile information label, or Lexile spine label.
13. Industry leading enhanced MARC records for 100% of all books, and audiovisual materials. With Destiny 13.5, your schools or the District are able to upload MARC records from purchases into Destiny Library Manager with the click of a button.

b. Vendor Capability of Providing their Own Barcoding

Follett School Solutions, Inc. has the capability, and currently provides Milwaukee Public Schools with numerical sequencing provided by MPS for barcoding of library books and library materials. Upon acceptance of this bid, Follett School Solutions, Inc. is choosing

to no longer provide this service and will revert to Follett provided barcodes. This has the potential to save MPS over \$30,000.00 annually.

c. Services Available at No Charge (for Sites without a Certified Library Media Specialist)

Follett School Solutions, Inc. is happy to assist as necessary, and with guidance from Milwaukee Public Schools, the unboxing, unpacking, and shelving of books, as well as the weeding and inventory of library materials.

d. Support Closing schools

Follett School Solutions, Inc. will support the closing and merging of schools at the direction of Milwaukee's District Library Media Specialists.

Follett has a history of assisting in this process and recommends the following to ensure the most relevant materials are assimilated to the combined collection:

1. Take the Destiny Library Manager catalog export and create a FOTS (Free Order Typing Service) of the collection.
2. Titles that do not appear on FOTS are typically older and out-of-print (usually represents content that is undesirable and/or no longer relevant).
3. Share the list of remaining titles with the receiving school through titlewave.com and do a duplicate check against their Titlewise analysis.
4. Remove all duplicated titles from the list on Titlewave under the receiving schools Titlewave account.
5. What remains is the "best" of the collection from the closing school, and in the list are titles that can be merged from the closing school.
6. The district will save time and money by not moving and ingesting the entire collection into the receiving collection. The district can be confident that they are keeping the new collection relevant.
7. The final list will also accommodate getting new processing for the titles moved to the receiving school. Follett School Solutions, Inc. can provide.

In the past, Follett has assisted MPS in the closing of both Jefferson Middle School and North Menomonee Falls.

e. Literacy and Professional Development Needs

Follett has several options to assist MPS in selecting Common Core titles. Our team of professionals review new titles for Common Core attributes, and work closely with our 20,000+ publishers to gain knowledge regarding new book and AV releases. We receive advanced copies for "hands on" evaluation, aiding both librarians and teachers in selecting the highest quality titles. Our Content Research and Alignment team can work directly with MPS to select Common Core titles to supplement their individual units of study. This selection process includes Lexile and other reading levels to be utilized in choosing titles covering a large variety of ranges in student learning. Our Common Core TitleWave lists also include Professional Development materials that can be utilized individually or in Professional Development meetings.

- f. **Follett supports** cxml PunchOut ordering through Titlewave. Follett currently provides a custom cxml PunchOut integration with BusinessPlus (IFAS) for Milwaukee Public Schools. Milwaukee Public Schools has been purchasing from Follett using PunchOut since October 2013.
- g. **Follett can provide** barcodes of 7 characters or less using Code 39. We can also print barcodes that are 14 characters in length using either Code 39 or Codabar symbologies. 14-character barcodes typically have a specific format that includes a type indicator (1), location code (4), id or sequence number for the item (8), and check digit (1). In fulfilling a given library content order, barcodes will be consistent, i.e. either all 'generic' or all 14-character, dependent on the order's profile. There would be nothing to convert for use in Destiny.

Any conversion of existing library materials can be provided by Follett for existing collections.

h. Vendor/Resource Fairs

Best practices for Vendor Fairs are accomplished when the District collaborates closely with Follett to ensure that all materials provided for display support their curricular initiatives. Follett has been involved in numerous past vendor fairs in southeast Wisconsin.

1. Kenosha Unified School District's annual Vendor Fair. Multiple vendors are invited to one location where they display their wares. Kenosha's library media specialists visit the vendors in groups looking to build Core Collections to be acquired for each school.
2. Waukesha Public School District. Before budget cuts, library media specialists would collaborate to develop one titlewave list. This list would then be used by Follett to bring the titles to a set location for display.
3. Milwaukee Public School District's Reading First Vendor Fair. Multiple vendors were invited to display materials in one location for the day in a central location.
4. Milwaukee Public School District's Summer School Science Trade Book Initiative. Follett created lists of titles that aligned to the curricular areas. Literacy Specialists then went through those lists and arrived at a selection of titles that were brought to Central Services for review.

Section 3.6

Please see the District Summary Report provided in this response immediately following. In addition, Follett School Solutions, Inc. currently provides MPS with a punchout system consisting of all MPS records, providing MPS the means to create and supply on demand detailed reports in a digital, searchable format.

Section 3.7]

Follett acknowledges that we have provided both samples with this bid response.

A sample of a processed book, meeting all processing requirements as contained in this RFP is included with this bid response.

A sample of a book with a pre-bound/proprietary (FollettBound Glued) library binding is included with this bid response.

Our FollettBound Platinum specifications are included with this response and are immediately following.

FOLLETTBOUND SPECIFICATIONS

FollettBound Covers

1. Every FollettBound cover is fully scanned from the original paperback or hardcover dust jacket. The images are enhanced for color and sharpness and digitally printed for the best look. This makes a FollettBound very attractive which gives the title high "Shelf-appeal" for all readers.
2. FollettBound logos and ISBN's are added electronically to every cover.
3. We use bright white 80-100# acid-free offset paper for all covers. We then laminate our covers in a heavy 2.0 mil polyester film. The covers are durable and look great for a long time.
4. We use high quality binder board for each cover and in each spine on every FollettBound. Board thickness is a minimum of .080 board on all books and as thick as .088 board on larger format titles.

FollettBound Glued – PUR Glue

1. All FollettBound glued titles are glued using PUR (polyurethane reactive).
2. PUR adhesive binding is stronger and more flexible than standard perfect binding.
3. Features of the PUR glue
 - Heat resistant above 200 F
 - Cold resistant to – 40 F
 - Unaffected by extreme humidity
 - Unparalleled durability
 - Works well with uncoated and coated stocks
 - Environmentally safe
4. We use acid free end-sheets reinforced with polyester on all covers for durability and strength. These end sheets are stronger than cotton reinforced end sheets and they will not yellow or fall apart over time.
5. Many glued books are made from mass-market paperbacks to keep the price of Follett Bound economical - therefore, Follett does not have any control over what the pages are made of.

FollettBound Sewn

1. FollettBound, which are 3/8" and thinner, are side-sewn using a side sewer using high strength polyester thread. Polyester thread is stronger than cotton thread.
2. Each sewn book has hot melt glue applied along the spine in order to affix the sewn thread within the binding. The glue is in the hinge of the book and gives the hinge superior strength.
3. We use acid free end-sheets reinforced with polyester on all covers for durability and strength. These end sheets are stronger than cotton reinforced end sheets and they will not yellow or fall apart over time.
4. Sewn titles with low quality paper (publisher decides on paper used inside the book) will be marked as glued in our system but will be sewn at the bindery.

APPENDIX C

COST PROPOSAL WORKSHEET

Vendor Name: Follett School Solutions, Inc.*****Instructions for Appendix C Completion – Both Appendix C and Appendix C-Market Basket*****

Include this document under TAB C of the RFP.

- The discounts listed in Appendix C and Appendix C-Market Basket are to be the minimum discounts that must be provided over the length of any resulting contract. As available, higher discounts (lower prices) should be provided, including any promotional pricing.
- No minimum order quantity is to be required in order to receive the discount quoted in this RFP response.
- Discount offered shall reflect and include all costs for all requirements of this RFP.
- Do not quote fractions of percentages as a discount.
- All on-line catalogs, hard copy, regular, mini-catalogs, or specialty catalogs submitted to the Agency during the contract period shall have the same percentage discount offered as is established by this RFP (if discount offered on additional catalogs is greater than the flat discount offered here, the greater discount shall prevail).
- Multiple discount levels (including zero %) are allowed as long as the differences are clearly defined by the category(ies) listed.
- Proposers must complete all pages of this Appendix. Failure to do so will result in proposal rejection.
- If there are multiple categories that an ISBN number could be considered, the discount % quoted must be the one most advantageous to MPS.
- Categories of products/bindings are indicated below:

INDICATE YOUR WEBSITE ADDRESS/URL FOR YOUR ONLINE CATALOG: titlewave.com*****Instructions for Completion of Appendix C-Market Basket [See separate Microsoft Excel document]*****

The items in the separate Microsoft Excel document are representative of those that may be ordered and will be used for evaluation and Cost point assessment. Items purchased will not however, be limited to this listing. MPS reserves the right to reject proposals if the match rates of ISBN numbers is below 85%.

Prices for the specific ISBN items in the Appendix C-Market Basket over the life of the contract are to be guaranteed to be whichever is lower of either the price listed in the "Discounted Unit Price F.O.B. Destination MPS" column or the "Category Products/Binding Discount%" applied to the current Publisher's List Price.

The following columns need to be completed by the vendor:

- Proprietary Bound Equivalent ISBN Quoted: For items of the "Pb" PreBound/Proprietary Bound Category, vendors will complete with their own ISBN number for their own prebound/proprietary product. MPS in its sole judgment will determine if a vendor's proprietary bound product meets the needs of MPS. If the equivalent is determined not to meet the needs of MPS, this will be applied to the quantity of items not matching the ISBN listed in the Market Basket.
- Publisher's List Price
- Category Products/Binding Discount%: Indicate the discount % off of Publisher's List Price that is offered for this item. If there are multiple discount % quoted for the same Category of item, MPS will consider all to be priced to MPS at the highest discount (lowest price) for all of them. This discount % will apply not only to the specific ISBN item listed, but also for all other items of the same Category that are available from the vendor's catalogs (online and hard copy, etc.)
- Discounted Unit Price F.O.B. Destination MPS: Reflects all conditions of this RFP including freight.

Failure to list any of the information requested may result in RFP rejection.

*****Instructions for Table Completion Below*****

The categories listed in the table below are not represented by line items in the Appendix C- Market Basket. Therefore the discount % to be applied to purchases by MPS of these items should be quoted in the table below.

Please note: The discounted price quoted must be all-inclusive of all conditions in the RFP including Appendix E.

CATEGORY	DISCOUNT % from Publisher's List Price
12. Spoken Word CDs	1% Add'l
13. Interactive Books on CD	1% Add'l
14. Kits	1% Add'l

Note: Discounts quoted for any upgrades/replacements will not be a factor in assessing Cost Points.

RFP 892 Appendix C - Market Basket

See additional information in Appendix C document.

The items listed below are representative and estimates of those that may be ordered as part of this RFP and will be used as a component of the Cost Points evaluation

Items purchased will not, however, be limited to this listing and MPS does not guarantee that these specific items will be purchased.

MPS reserves the right to purchase like-items under the contract resulting from this RFP at like discounts to those listed in "Category Products/Binding Discount %".

In "Category Products/Binding Discount %", indicate the discount % off of Publisher's List price that is used by the Vendor to arrive at price quoted in the "Discounted Unit Price F.O.B. Destination MPS" for that line item.

Discount percentages may differ by category, but must be a single discount % for any item. The percentage cannot be a range of numbers (e.g. "20.5%" is acceptable but "15.00%-25.00%" is not).

If there are multiple categories that an ISBN could be considered, the discount % quoted must be the one most advantageous to MPS.

Prices for the specific ISBN items in the Market Basket over the life of the contract are to be guaranteed to be whichever is lower of either the price listed in the "Discounted Unit Price F.O.B. Destination MPS" column or the "Category Products/Binding Discount%" applied to the current Publisher's List Price.

MPS reserves the right to reject proposals if the match rates of ISBN Numbers is below 85%.

For items of the "Pb" PreBound Proprietary Bound Category, vendors will complete with their own ISBN number for their own prebound/proprietary bound product. Any modification to these forms or any other form submitted will be considered non-responsive.

Any supplemental pricing information attached or referenced will not be considered.
