March 24, 2023

Dear Members of the Milwaukee Board of School Directors:

We are pleased to present to you the Annual Comprehensive Financial Report of the Milwaukee Public Schools (MPS, or District), Milwaukee, Wisconsin, for the fiscal year ended June 30, 2022. The Annual Comprehensive Financial Report is management's financial report to taxpayers, governing board, oversight bodies, voters, employees, and intergovernmental grantors. Responsibility for both the accuracy of the data and the completeness and fairness of the presentation, including all disclosures, rests with the District. To the best of our knowledge and belief, the information presented is accurate in all material respects and is reported in a manner designed to present fairly the financial position and results of operations of the various funds of MPS. All disclosures necessary to enable the reader to gain an understanding of the District's financial activities have been included.

Governmental Accounting Standards Board (GASB) Statement No. 34 requires that management provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A). This letter of transmittal is designed to complement the MD&A and should be read in conjunction with that document. The MD&A can be found immediately following the report of the independent auditors.

REPORTING ENTITY

MPS operates within the City of Milwaukee, Wisconsin (City). The responsibility of the District is to provide an efficient and effective educational system for the children enrolled in public schools, whereby each child has access to programs and services that are appropriate to their educational needs. In addition to the regular educational programs, the District offers comprehensive programs in the areas of special education, early childhood education, and bilingual education. Through its specialty school programs, the District offers advanced educational programs in such areas as language, fine arts, Montessori, International Baccalaureate, STEAM (science, technology, engineering, arts and mathematics), business, and technical trades. In addition, the District provides community recreation and education services through its parks and centers for the elderly.

Milwaukee is located in the southeastern part of Wisconsin, on the western shores of Lake Michigan, 70 miles north of the city of Chicago. Milwaukee is the 31st largest city in the United States, with an estimated population of 569,330 based the July 1, 2021 U.S. Census Bureau's population estimate. Milwaukee is the only city of the First Class within the State of Wisconsin, making MPS the only First Class City School District in Wisconsin.

MPS was established on February 3, 1846. MPS operates in accordance with the Wisconsin Statutes, Chapter 119 and other applicable statutes governing Cities of the First Class. In accordance with these provisions, the Milwaukee Board of School Directors is empowered to establish rules for its own governance. The District, governed by a nine-member Board, provides education services through grade 12 to residents of the City of Milwaukee and its participating suburban transfer students. The Superintendent, appointed by the Board, is the senior official representing MPS. The District operates 156 schools, has approximately 72,000 students, and employs over 9,940 full-time equivalent (FTE) educator, administrator, and staff positions.

The reporting entity for the District is based upon criteria set forth by GASB Statement No. 14, "The Financial Reporting Entity." Under this pronouncement, the financial reporting entity consists of (a) the primary government, which is controlled by a separately elected governing body that is legally separate and is fiscally independent, and (b) organizations for which the primary government is financially accountable. All of the accounts of the District comprise the primary government. The financial statements of the District are excluded from the City's financial statements because the District operates with a separate governing board that is not under the control of the City.

LOCAL ECONOMIC ANALYSIS

Milwaukee is the state's largest urban and economic center. The City is a premiere center for advanced manufacturing, freshwater research and development, clean and green technology, health care, biomedical technology, and financial services. While the area is not dominated by large employers, Milwaukee is home to four Fortune 500 companies and three Fortune 1000 manufacturers. MPS is one of the largest employers in the city.

The metropolitan Milwaukee area's unemployment rate for October 2022 was the same as in October 2021 at 3.3 percent which is significantly down from the start of the COVID-19 pandemic when unemployment rates reached 14.3 percent. Wisconsin's unemployment rate for October 2022 matches that of the Milwaukee area at 3.3 percent and is slightly up from a year ago when it was 3.2 percent. The U.S. rate ranked higher at 3.4 percent down from 4.3 percent a year ago.

According to the Metropolitan Milwaukee Association of Commerce (November 11, 2022) at the beginning of the COVID-19 pandemic, from March 2020 to April 2020, metropolitan Milwaukee experienced a loss of 113,800 jobs. Since that time, there has been a recovery of 80 percent of the loss with 91,200 jobs added back cumulatively in the month-over-month record from May 2020 to September 2022.

The City continues to maintain a high investment grade rating of AA- from Fitch and grade A from Standard & Poor's for the City's most recent 2022 General Obligation Bonds and Notes.

COVID-19

On March 11, 2020, the World Health Organization declared COVID-19 a global pandemic. Wisconsin Governor Tony Evers declared a public health emergency in response on March 12, 2020, announced a closure of all Wisconsin schools on March 13, 2020 and issued a Safer at Home order on March 24, 2020. MPS remained virtual for the remainder of that school year. Students began the 2020-21 school year with remote instruction; full in-person learning returned April 12, 2021, with the option to remain virtual for the remainder of the school year. The 2021-22 school year was the first full year back to in-person instruction since the start of the COVID-19 pandemic.

For families that wanted their child to remain in virtual learning, the Milwaukee Public Schools Virtual Program (MVP) was launched in fall of 2021. Over 1,300 students took advantage of this MVP option. This expanded the MPS virtual option from one program that began in 2018 and served over 150 students in grades 6 through 12 in 2021-22 to a second program serving students in grades K4 to 12.

The district tracked COVID-19 cases in schools throughout the year. Schools were closed to in-person learning and provided virtual learning as needed to control the spread of COVID-19. A dashboard was available for students, staff and families to see the count of cases at a particular school site. The district had a plan for the return to in-person learning that included physical distancing, extra cleaning, barriers, air purifiers, and wearing masks. Incentives were provided to encourage eligible students to be vaccinated against COVID-19. COVID-19 vaccination was a requirement for employees. Employees who were approved for an opt-out due to religious or health reasons were tested for COVID-19 twice per week.

While MPS enrollment has been declining slightly over the past ten years, dropping from 87,019 to 72,462, with average decreases of 1.8 percent each year. The decreases for the 2020–21 and 2021–22 school years were affected by the COVID-19 pandemic and were more significant. Total enrollment for these years decreased an average of 3.7 percent. This is consistent with decreases experienced in other districts across the nation. The majority of the decrease for MPS during the pandemic period was in K5 students; total elementary school enrollment decreased an average of 8.6% over this period.

The District was awarded significant federal relief allocations through four Education Stabilization Fund (ESF) programs to prevent, prepare for, and respond to the COVID-19 emergency. These four ESF programs include three stimulus bills related to the Elementary and Secondary School Emergency Relief (ESSER) Funds and the Governor’s Emergency Education Relief (GEER) grant program. ESSER I and GEER were allocated at the beginning of the pandemic and were used to provide supplies and equipment for remote learning as well as items required for a successful return to in-person work and instruction (personal protective equipment, sanitation supplies, physical distancing barriers, air purifiers, etc.). The additional ESSER II and III funds are being used to further support students, staff, and families by accelerating student learning, enhancing physical and mental health, improving facilities, increasing access to technology, and offering quality extra-curricular engagement opportunities.

MAJOR INITIATIVES

Fiscal year 2021–22 brought another year of navigating the COVID-19 pandemic. The school year began and remained in-person for learning. A virtual program was added to the repertoire of school options for families that felt it was in the best interest of their child(ren). Protocols were in place to help mitigate COVID-19 transmissions among students and staff. A COVID-19 vaccination mandate for staff and a vaccination incentive for students were implemented. COVID-19 testing was regularly available at schools. Additional testing was put in place as needed during peak times. Staff and students were required to wear masks throughout the year. Staffing continued to be a struggle as staff members who were exposed to COVID-19 or tested positive needed to quarantine. Teachers provided online assignments so students could stay engaged even if they had to miss school. Schools transitioned to virtual learning if they reached a COVID-19 infection rate of three percent among staff and students.

In addition, fiscal year 2021–22 was also the second year of funding and implementation of strategies related to a recurring referendum that was overwhelmingly approved in April 2020. The total amount of this referendum is \$87 million, phased in over a four-year period: \$57 million in 2020–21 (FY21), \$20 million in FY22, \$7 million in FY23, and \$3 million in FY24. The referendum will provide some much-needed permanent relief from a revenue limit formula that has constrained student opportunities. The revenue limit per pupil allocation has remained relatively flat since the 2010–11 school year.

The approved referendum strategies provide extra support for students by:

- Providing social-emotional learning and supportive services
- Engaging students with library media, art, music, and physical education
- Providing high-quality early childhood education
- Expanding advanced academic opportunities, including ethnic studies and the gifted and talented program
- Enhancing career and technical education opportunities
- Attracting and retaining staff

While the federal government has allocated significant funding to help school districts through the pandemic, the funding will be short-lived. The temporary nature of this federal relief funding makes it more difficult to achieve a sustained impact. MPS has made strategic decisions using community input to use this federal funding to support students and staff during the pandemic and beyond. Funds are planned to be used for accelerating learning, health and wellness, facilities, technology, and extracurricular engagement.

The district is committed to the success of every child through the Five Priorities for Success:

1) Increase Academic Achievement and Accountability

The *Ambitious Instruction Plan* was developed to ensure a strong focus on increasing academic achievement for all students in reading, writing and mathematics. The plan, along with the corresponding work plan and professional development roadmap, continued to drive this important work on behalf of MPS students. Ambitious Instruction: Accelerating Learning was implemented starting the 21–22 school year. The plan is focused on the following three levers: Formative Practices, Explicit Instruction, and Engagement.

2) Improve District and School Culture

Milwaukee Public Schools is working to enhance the climate and culture in our schools, so that every student feels they have a home to learn and achieve. School climate includes such factors as a school's order, safety, and discipline; supports for teaching and learning; personal and social relationships; and school connectedness. A positive school climate has been associated with better student academic achievement, graduation, and behavioral outcomes. Our students and families appreciate an atmosphere that is positive, staff members who are committed, and a culture in which every child is treated as if they are the most important student in the school. Preparing our students for college, career, and life begins with providing a stable, supportive educational home.

3) Develop our Staff

Developing staff is a critical factor in successfully educating all students. Recruitment and development were especially challenging in 2021–22 due to the ongoing effects of the COVID-19 pandemic. Efforts in both areas were continued and new methods were developed and utilized. Increased local, national, and even international recruitment took place. Professional development was provided for staff, including continuing and emerging school leaders for the successful implementation of district initiatives. MPS offers a variety of professional development opportunities differentiated to support the varying needs of staff.

4) Ensure Fiscal Responsibility and Transparency

The Office of Accountability and Efficiency under the Milwaukee Board of School Directors (Board) works collaboratively with district administration to ensure fiscal responsibility and transparency. This office works with the Department of Finance to develop a five-year financial forecast, which is presented to the Board as part of the annual budget process. In addition, Audit Services conducts performance and financial audits to help ensure that the District fully accounts for and performs their activities in a compliant and efficient manner. All audit reports are posted on the MPS website.

The annual budget development is a year-long process that offers many opportunities for community input. The proposed budget is posted on the MPS website to allow for public review and comment. The Five Priorities for Success provide a focus for the allocation of resources to maximize learning for all students. The budget emphasizes student-centered alignment of resources and an organizational structure that supports schools and classrooms. Funding continues to be intentionally shifted to the school level to support teaching practices and student success.

5) Strengthen Communication and Collaboration

The district remains committed to increasing meaningful family and community engagement through a variety of avenues. MPS recognizes that it takes continued support from our community to help us to accomplish our strategic goals. MPS is fortunate to partner with dynamic businesses and organizations that help improve student achievement, engage our families and help develop staff. MPS created resources to support family involvement, including parent guides in reading, writing, and mathematics; a Parent's Guide to Assessments; and MPS Reads monthly reading lists. Each MPS school has a parent coordinator who helps families by providing access to resources, opportunities to get involved at the school, and assistance to support student achievement. Participation has increased in MPS Alumni events and involvement in parent engagement including District Advisory Council (DAC) membership.

Actions taken under these Priorities helped the district realize the following achievements, which align with and help the district move towards meeting the three overarching goals in the areas of academic achievement; student, family, and community engagement; and effective and efficient operations:

Goal 1: Academic Achievement

- Provided ongoing support to implement the Ambitious Instruction: Accelerating Learning framework, focusing on explicit instruction in reading, writing, math, and content-area strategies and providing engaging evidence-based professional learning throughout the 2021–22 school year.
- Created opportunities for productive collaboration between district and school-based staff, focusing on explicit grade-level instruction and use of new reading and science district-adopted/supported standards-based instructional materials and resources.
- Adopted Mango language learning platform to increase world language offerings in schools.
- Graduated fifty-eight students with the Seal of Biliteracy from eight different schools (Audubon, Bradley Tech, Golda Meir, King, Milwaukee School of Languages, Pulaski, Riverside, and South).
- Opened K3 wrap-around classrooms at Fratney, Maple Tree and Siefert to provide half-day programming for 64 K3 students, allowing them to have a full-day experience.
- Developed newcomer units using new English language development K–8 resources. Provided summer tutoring to thirty newcomer refugee youth in grades 9–12.
- Provided 39 students with apprenticeships and 169 students with internships during 2021–22’s first semester.
- Conducted the district’s fourth annual Day of Code, at which students were able to learn and show their coding skills and bring the process to life.
- Students earned over 3,100 college credits through the M3 Early College Program, now in its fourth year.
- Increased high school student participation in dual enrollment and expanded college and career pathways.
- Held the first Historically Black Colleges and Universities Week at MPS.
- Expanded School Community Partnership for Mental Health (SCPMH) by more than 50%, to 38 schools.
- Added another community school; the district now has twelve.
- Opened an HVAC lab at Barack Obama School of Career and Technical Education.

Goal 2: Family and Community Engagement

- Partnered with Verizon to create the Verizon Innovative Learning Lab at O.W. Holmes School. Expanding to thirteen the number of Verizon Innovative Learning Schools.
- Held five community feedback sessions and two student listening sessions during summer school as part of the planning for the ESSER III budget.
- Raised a record \$57,821.75 for the sixth annual No Empty Backpacks school supplies drive.
- Organized the fourteenth annual Run Back to School event at which hundreds of runners, volunteers, community leaders, staffers, and students participated in the 5K run/1.5-mile walk through Washington Park to celebrate the start of the 2021–22 school year.
- Introduced a Building Trades Career Fair attended by more than 200 MPS high school juniors and seniors.
- Implemented a districtwide vaccine mandate for all staff and a student COVID-19 vaccine incentive program in which eligible students receive a \$100 reward card. Partnered with the City of Milwaukee Health Department to host a number of walk-in COVID-19 vaccination clinics.
- Participated in the thirty-eighth annual Dr. Martin Luther King Jr. Birthday Celebration with forty-two MPS students recognized for winning in the categories of art, speech, and writing contests.
- Hosted the inaugural Ralph Davis Basketball Invitational at Washington High School. The inclusive tournament was the first of its kind with more than 50 Special Olympics Athletes competing in front of 150 students, staff, and family members.
- Participated in the second annual Latino Economic Unsummit, which strives to ignite structural and relevant systemic changes to the economic ecosystem with a focus on business growth and workforce development.
- Provided adult professional learning opportunities for teachers to explore culturally responsive practices.
- Earned over \$107 million in scholarships awarded to the Class of 2022.
- Granted helmet and uniform donations valued at \$30,000 from the Green Bay Packers to support MPS high school athletes.

Goal 3: Effective and Efficient Operations

- Received the Certificate of Achievement for Excellence in Financial Reporting for fiscal year 2020–21 from the Government Finance Officers Association. The award has been received for over thirty years.
- Honored a third-grade teacher from Milwaukee German Immersion School at the White House as one of one hundred Teachers of the Year from across the country.
- Doubled district and school internet and firewall bandwidth capacity to accommodate changing and increasing needs to access video streaming and virtual resources.
- Invested in cybersecurity training to educate staff and promote best practices to keep district computers, networks, and files safe from hackers and other cybercriminals.
- Created outdoor classrooms at five MPS schools: Academy of Accelerated Learning, Allen-Field Elementary, Bay View Montessori, La Escuela Fratney, and North Division High School.
- Received the Meritorious Budget Award for the fiscal year 2020–21 from the Association of School Business Officials International.
- Received the 2021 Advocacy Award from Wisconsin Health and Physical Education, the state’s professional association for health and physical educators.
- Recognized by the Governor’s Council on Financial Literacy and Capability for adopting a graduation requirement for personal finance in 2021.
- Distributed 54,636 Chromebooks, 28,973 chargers, and 32,492 cases to schools during spring 2021 through winter 2022 as part of a student Chromebook refresh.
- Earned agency accreditation through the Commission for Accreditation of Park and Recreation Agencies (CAPRA) and the National Recreation and Park Association (NRPA).
- Provided the Fundamentals of Finance for principals and departments and professional development for new principals, bookkeepers, and secretaries on financial responsibilities and implementation.
- Provided virtual classroom support with over 24,000 Google Classrooms updated nightly with current Infinite Campus data via Little SIS sync.
- Completing major hardware and software upgrades to core systems, including the PeopleSoft HR System, IFAS Finance System, and Infinite Campus Student Information System.

LONG-TERM FINANCIAL PLANNING

The district is focused on improving its core business of educating Milwaukee’s children. By determined focus on its core mission, the district intends to earn the support of the Milwaukee community and key stakeholders who will join us in ensuring that students in Milwaukee Public Schools receive excellent preparation for their futures. The District guards its financial viability through the following strategies:

1. By providing a variety of quality educational environments, sensitive to the demand that families are demonstrating in their choices, MPS intends to maintain or grow its enrollment in order to have the most positive effect on the city’s children.
2. By continuing to build business and other community partnerships, MPS is leveraging talents and donations (financial and “in-kind”) that are available from people who demonstrate care for the city’s children.
3. Through carefully recruiting and hiring, providing well-researched professional development, and offering competitive compensation will enable MPS to deploy talents at all levels. As a school district, our success is entirely dependent on the day-to-day work of staff.
4. Through disciplined budgeting and spending the district’s fund balance will be preserved and debt will remain at a manageable level for the amount of revenues received by MPS. Forecasts are developed to adequately prepare for predictable ebbs and flows of resources, and expenditures are authorized to the level of available revenues. Expenditure monitoring and adjustment is part of the culture of MPS, with school and central administrators accountable for managing the resources in their scope of responsibility. An internal audit division is in place to guard against fraud or waste of the funds entrusted to MPS’s care.
5. By remaining committed to fully funding other post-retirement benefits (OPEB) liabilities by 2037, the District is fulfilling its long-term obligations in a strategic and efficient manner.
6. By expanding deferred maintenance funding through the Long-Term Capital Improvement Trust Fund, the

- District is ensuring that its facilities remain safe and effective teaching and learning environments.
7. By keeping in place a proactive and enterprise-wide risk management strategy the District is limiting financial exposures for the district.
 8. By using a formal process, the District is unified in its priorities for lobbying. Since public school districts are funded primarily through governmental funds, the Board, superintendent, and others work in concert to make sure legislators are aware of the special challenges of providing education in a high-poverty urban setting.
 9. By continuing to actively seek ways to improve the efficiency and effectiveness of operations, the District will meet the needs of students within the available resources. MPS looks to other school districts and other industries for best-practice methodologies for district and school improvement.

Strong efforts in community engagement and communications are planned to ensure that parents and other stakeholders are fully participating with MPS schools to meet the challenges of guaranteeing access, equity and opportunity for Milwaukee's children. The administration will continue to budget conservatively so as to have resources available when unexpected costs are incurred.

ACCOUNTING SYSTEM

The diverse nature of governmental operations and the necessity of assuring legal compliance preclude recording and summarizing all governmental financial transactions in a single accounting entity. Therefore, from a financial management viewpoint, a governmental unit is a combination of several distinctly different accounting entities, each having a separate set of accounts and functioning independently of the other. Each accounting entity is accounted for in a separate fund. A fund is defined as a fiscal and accounting entity with a self-balancing set of accounts recording cash and other financial resources, together with all related liabilities and residual balances, and changes therein, which are segregated for the purpose of carrying on specific activities or attaining certain objectives in accordance with special regulations, restrictions, or limitations.

The District's financial records are reported on a modified accrual basis of accounting except for pension and other post-employment benefits (OPEB) trust funds. Revenues are recognized when measurable and available, expenditures when goods or services are received, liabilities when incurred, and receivables when a legal right to receive exists.

Management of the District is responsible for establishing and maintaining internal controls designed to ensure the assets of the District are protected from loss, theft, or misuse and to ensure that reliable and adequate accounting data are compiled to allow for the preparation of financial statements in conformity with accounting principles generally accepted in the United States of America. Internal accounting controls are designed to provide reasonable, but not absolute, assurance that these objectives are met. The concept of reasonable assurance recognizes that: (1) the cost of a control should not exceed the benefits likely to be derived and (2) the valuation of costs and benefits requires estimates and judgments by management.

BUDGETARY CONTROL

Annual appropriated budgets are adopted for the general, special revenue and debt service funds by June 30th each year. Budgets are adopted for the capital projects fund on a project-length basis. Budgets are considered a management control and planning tool and, as such, are incorporated into the accounting system of the District.

In accordance with the Wisconsin Department of Public Instruction's reporting requirements, the Board exercises control over budgeted amounts at the responsibility center level within the general, special revenue, and debt service funds. The capital projects fund is controlled at the project level. Additional budgetary control is maintained through the encumbrance of estimated purchase amounts prior to the release of purchase orders to vendors. Purchase orders that exceed available budgetary balances are not released until additional funds are transferred to cover the purchase orders.

Board policy requires that all annual appropriations lapse at year-end except for the following: excess budgetary authority for capital projects funds lapse into the capital projects fund when a specific project is completed; schools, with Board approval, are allowed to carry over appropriations into the following year up to a maximum of 1% of the total revised school budget; deficits incurred by schools automatically reduce subsequent year's budget appropriations; and, with Board approval, appropriations for special projects or planned purchases can be carried into the subsequent year. Additionally, at year-end, both encumbrance and budgetary authority necessary to offset the encumbrance may be automatically carried over to the next year. Annual Board approval for carryover of encumbrances is not required.

AUDIT SERVICES

To strengthen internal control, and provide for independent and objective reporting, the Board of School Directors maintains the audit function. The Office of Board Governance - Audit Services reports directly to the Board of School Directors. During the course of the year, Audit Services conducts fiscal and performance audits on individual funds, offices, divisions, programs, functions, and schools throughout the District. Reports are issued on an ongoing basis.

FINANCIAL POLICIES

The Board and administration have adopted policies and procedures that ensure the effective and efficient use of the district's financial resources.

The following are key policies that ensure sound fiscal management:

MPS Administrative Policy 3.01 (1) (a) and (b)

- (a) The superintendent of schools shall prepare an annual operating budget for the Milwaukee Public Schools consistent with state statutes, Department of Public Instruction regulations, and district policies and goals.
- (b) The purpose of the annual operating budget is to identify adequate financial resources for the educational programs and to provide a basis for accountability in fiscal management.

MPS Administrative Policy 3.01 (2) (a)

The following deadlines have been established by law:

1. Annually before adopting its budget for the next fiscal year and at least five days before transmitting its completed budget, the board shall hold a public hearing on the proposed budget.
2. At least one week before the public hearing, the board will publish a notice of the public hearing.
3. The board shall transmit its completed budget to the Common Council on or before the first Monday in August of each year on forms furnished by the auditing officer of the City of Milwaukee.

MPS Administrative Policy 3.03 (2)

Use of the unassigned fund balance shall require a two-thirds majority vote of the board and shall not impair interim financing (cash-flow borrowing) arrangements. Fund balance is a critical factor in the district's financial planning and budget process. The board will strive to maintain a fiscally responsible fund balance. A sufficient fund balance shall be maintained in order to:

- avoid excessive borrowing;
- accumulate sufficient assets to make designated purchases or cover unforeseen expenditure needs; and
- demonstrate financial stability and therefore preserve or enhance the district's bond rating, thereby lowering debt issuance costs.

DEBT ADMINISTRATION

The City school bonds, notes and promissory note obligations outstanding at June 30, 2022 totaled \$328,125,252. Of this total, \$231,594 represents school bonds and notes that will be repaid by the City using the City's property tax levy. As the District does not have an obligation to repay these bonds and notes from its own property tax levy, the

debt is not reflected in the District's long-term obligations. The remaining balance of \$327,893,658 represents bonds and promissory notes, the debt service of which is being reimbursed by the District from the District's property tax levy and pledged revenues. Since the District does have an obligation to repay this debt under intergovernmental cooperation agreements with the City, this debt is reflected in the District's long-term obligations.

INDEPENDENT AUDIT

The financial records of the Milwaukee Board of School Directors have been audited by Baker Tilly US, LLP, independent auditors. The auditors' opinion is unmodified. Such an opinion states the basic financial statements present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the District as of June 30, 2022, and the respective changes in financial position for the year then ended, in conformity with accounting principles generally accepted in the United States of America. The auditors' report on the basic financial statements and schedules is included in the financial section of this report.

In addition to a financial audit, Baker Tilly US, LLP performed an audit designed to meet the requirements of the Uniform Guidance and the state single audit guidelines. Information related to federal and state single audits are disclosed in separate reports.

REPORTING ACHIEVEMENTS

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to Milwaukee Public Schools for its Annual Comprehensive Financial Report for the fiscal year ending June 30, 2021. We believe that our current report conforms to the Certificate program requirements. Accordingly, we are submitting it to GFOA to determine its eligibility for certification.

ACKNOWLEDGMENTS

The preparation of this report on a timely basis could not have been accomplished without the efficient and dedicated service of the entire staffs of the Office of Chief Financial Officer, the Office of Board Governance - Audit Services, and the Office of Accountability and Efficiency. We would like to express our appreciation to all members of these offices who assisted and contributed to its preparation.

Respectfully submitted,

Dr. Keith P. Posley
Superintendent Of Schools

Martha Kreitzman
Chief Financial Officer

Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to Milwaukee Public Schools for its annual comprehensive financial report for the fiscal year ended June 30, 2021.

In order to be awarded a Certificate of Achievement, a government must publish an easily readable and efficiently organized annual comprehensive financial report. This report must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe that our current annual comprehensive financial report continues to meet the Certificate of Achievement Program's requirements and we are submitting it to GFOA to determine its eligibility for another certificate.

Report on the Audit of the Financial Statements

Opinions

We have audited the accompanying financial statements of the governmental activities, each major fund and the aggregate remaining fund information of the Milwaukee Public Schools (the District), as of and for the year ended June 30, 2022, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

In our opinion, the accompanying financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund and the aggregate remaining fund information of the District as of June 30, 2022 and the respective changes in financial position thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States (*Government Auditing Standards*). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the District and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America; and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the required supplementary information, as listed in the table of contents be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements. The supplementary information as listed in the table of contents is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplementary information is fairly stated in all material respects, in relation to the basic financial statements as a whole.

Other Information

Management is responsible for the other information included in the annual comprehensive financial report. The other information comprises the introductory and statistical sections but does not include the basic financial statements and our auditors' report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated March 24, 2023 on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

Management's Discussion and Analysis

June 30, 2022

(Unaudited)

INTRODUCTION

This discussion and analysis of the financial performance of Milwaukee Public Schools (MPS or the District) provides an overview of the District's financial activities for the fiscal year ended June 30, 2022. The intent of the management discussion and analysis is to look at the financial performance of MPS as a whole. It should be read in conjunction with the financial statements.

FINANCIAL HIGHLIGHTS

The District's government-wide financial statements reflect the following:

- The total net position of MPS increased by \$237.5 million. The increase was primarily due to a \$43.2 million increase in general Federal and State aid, changes in pension and other post-employment benefit balances of \$141.0 million, increased operating grants increased \$109.2 million due to increases in the Nutrition program, and the Elementary and Secondary School Emergency Relief (ESSER) funding. These are offset by an overall increase in expenses related to almost \$54.0 million in increased business services costs due to transporting students for a full year of in-person learning. Due to the COVID-19 pandemic, classes remained virtual during most of the prior year, significantly decreasing transportation costs. During fiscal year 2022, spending on instructional services increased by \$26.1 million compared to the prior year.
- Total revenues increased to \$1.461 billion in fiscal year 2022, up from \$1.304 billion in fiscal year 2021, an increase of approximately 12.0% or \$156.8 million. Property taxes remained flat with a decrease of \$2.27 million even with an increase of \$20 million due to a 2020 referendum. State equalization aid increased by \$36.6 million compared to the prior year. Operating grants and contributions also increased by \$109.2 million, due primarily to the Elementary and Secondary School Emergency Relief (ESSER) funding.
- Total expenses increased to \$1.223 billion in fiscal year 2022, up from \$1.116 billion in fiscal year 2021, an increase of 9.6% or \$107.4 million. Professional services contract expenses increased due facilities being opened to the students and public.

The District's governmental fund financial statements reflect the following:

- Total fund balances of the District's governmental funds decreased \$11.3 million in fiscal year 2022. This decrease included a \$45.5 million decrease in the General Fund, a \$31.8 million increase in the Construction Fund, and a \$2.3 million increase in the School Nutrition Fund.
- The \$45.5 million decrease in the General Fund balance, is due to increases in employee salary and benefit costs, and funding of construction and OPEB trusts. Expenditures increased \$92.0 million compared to the prior year.
- The \$31.8 million increase in the Construction fund balance is due to a \$36 million contribution from the general fund to the construction trust fund and a net decrease in revenue and expenses.
- The \$2.3 million increase in the School Nutrition fund balance is primarily attributable serving more reimbursable meals due to schools back to providing in-person learning.
- Total fund balances for all governmental funds at June 30, 2022 were \$116.9 million. Of this amount, \$4.3 million was nonspendable, \$64.1 million was restricted for self-insurance, debt service, long term capital investment and capital projects, common school funds and scholarship and other trust funds, \$39.1 million was committed for construction, \$5.6 million was assigned, and \$3.8 million remains unassigned.

(Unaudited)

OVERVIEW OF THE FINANCIAL STATEMENTS

Below is an outline of the remaining sections of this annual report in the order in which they are presented. Following the outline is a brief description of each section.

1. Management's Discussion and Analysis (this section)

2. Basic Financial Statements

- Government-wide Financial Statements
 - Statement of Net Position (Deficit)
 - Statement of Activities
- Fund Financial Statements
- Notes to Basic Financial Statements

3. Required Supplementary Information (RSI)

- Budget-to-Actual Comparison
- Schedule of Proportionate Share of Net Pension Liability/(Asset)
- Schedule of Pension Employer Contributions
- Statement of Changes in Net Pension Liability and related ratios
- Statement of Changes in Net OPEB Liability and related ratios
- OPEB Schedule of Employer Contributions
- Schedule of Investment Returns
- Notes to Required Supplementary Information

Management's Discussion and Analysis section discusses the financial performance of MPS during the year ending June 30, 2022. It includes an overview of the financial statements of the District and a report on the budgetary highlights.

The **Basic Financial Statements** section includes both *Government-wide* and *Fund Financial Statements*. *Government-wide financial statements* report information about MPS as a whole, using accounting methods similar to those used by private sector companies. Two government-wide statements are presented. The **Statement of Net Position** includes all of the District's assets, deferred outflows, liabilities and deferred inflows of the governmental funds. The District does not have any proprietary funds and the fiduciary funds are not included in the statement of net position. The **Statement of Activities** includes all revenues and expenses of the District, irrespective of when cash is actually received or paid out. The intent of these government-wide statements is to present a snapshot of the District's *net position*, and to provide an explanation of material changes that occurred since the prior year. Net position—the difference between assets, deferred outflows, deferred inflows, and liabilities—is one way to measure the District's financial strength.

The *fund financial statements* provide detailed information about the District's significant *funds*, rather than MPS as a whole. A *fund* is an accounting entity with a self-balancing set of accounts for recording assets, deferred outflows, deferred inflows, liabilities, revenues, and expenditures. Funds are created to carry on specific activities or attain certain objectives in accordance with special regulations or limitations. There are three types of funds: governmental, proprietary, and fiduciary. MPS does not have any proprietary funds. Table 1 summarizes various features of each of these funds.

MILWAUKEE PUBLIC SCHOOLS

Management’s Discussion and Analysis

June 30, 2022

(Unaudited)

Table 1
Major Features of MPS' Government-wide and Fund Financial Statements

	Government-Wide	Fund Statements	
	Statements	Governmental Funds	Fiduciary Funds
Scope	Entire MPS entity (not including fiduciary funds)	Activities that are not proprietary or fiduciary; e.g. school operations, capital projects, and debt service	Activities where MPS acts as trustee or agent for another; e.g. employee retirement plans
Required financial statements	- Statement of Net Position - Statement of Activities	- Balance Sheet - Statement of Revenues, Expenditures, and Changes in Fund Balance	- Statement of Fiduciary Net Position - Statement of Changes in Fiduciary Net Position
Accounting basis and measurement focus	Accrual accounting and economic resource focus	Modified accrual accounting and current financial resource focus	Accrual accounting and economic resource focus
Type of asset/liability information	All assets and liabilities, both financial and capital, short-term and long-term	Only assets consumed and liabilities due in the current year, or soon after; no capital assets	All assets and liabilities, both financial and capital, short-term and long-term
Type of inflow/outflow information	All revenues and expenses occurring during the year, regardless when cash is received or paid	Revenues when cash is received by year-end, or soon after; expenditures when goods and services have been received and payment is due by year-end, or soon after	All revenues and expenses occurring during the year, regardless of when cash is received or paid

Governmental Funds — Most of the District’s basic services are included in governmental funds, which focus on (1) cash and other financial assets that can readily be converted to cash flow and (2) the balances remaining at year-end that are available for spending. Consequently, the governmental funds statements provide a detailed short-term view that helps the reader determine whether there are more or less financial resources to finance MPS programs in the near future.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information for governmental funds with similar information presented for governmental activities in the government-wide statements. By doing so, the reader can better understand the long-term impact of the District’s near-term decisions. To facilitate this comparison, reconciliations are provided for both the governmental funds balance sheet and the governmental funds statement of revenues, expenditures and changes in fund balances.

Fiduciary Funds — MPS is the trustee, or fiduciary, for its employees’ pension plans. The District is also responsible for other assets that—because of a trust arrangement—can be used only for the trust beneficiaries. MPS is responsible for ensuring that the assets reported in these funds are used for their intended purposes. All of the District’s fiduciary activities are reported in a separate statement of fiduciary net position and a statement of changes in fiduciary net position.

Required supplementary information (RSI) includes a budget-to-actual comparison that provides readers with information about the accuracy with which management was able to project the District’s revenue and

MILWAUKEE PUBLIC SCHOOLS

Management's Discussion and Analysis

June 30, 2022

(Unaudited)

expenditure categories. In addition, RSI includes information concerning MPS' employee pension plan costs and other post-employment benefits (OPEB) costs. Schedules are included. Schedules show the District's progress toward funding its *past* service liability, employer contributions that focuses on payment of *current* pension fund and OPEB costs, Statement of Changes in the Net Pension and OPEB Liabilities with their respective ratios and Schedule of Investment Returns.

GOVERNMENT-WIDE FINANCIAL STATEMENTS

Statement of Net Position (Deficit)

Total net position increased from the prior year by \$237.5 million. This increase is due primarily to decreased expenses of \$141.0 million related to changes in valuation of pension and OPEB assets, liabilities, deferred inflows and deferred outflows under *GASB Statement No. 68, Accounting for Pensions and GASB Statement No. 75, Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions*, and an increase in federal and state aid.

MPS ended its fiscal year with a net position (deficit) of (\$142.5) million, of which \$516.0 million was net investment in capital assets, \$179.6 million was restricted for pensions, \$44.6 million was restricted for self-insurance, debt service, long term capital investment, common school fund and trust funds, and (\$882.7) million was unrestricted deficit. The unrestricted deficit is primarily the result of pension and OPEB balances: \$579.9 million net liability and \$47.9 million net deferred inflows for OPEB and \$109.2 million net liability and \$144.0 million net deferred inflows for pension. In November 2003, the MPS Board of School Directors took action to refinance the pension liability, which at that time was owed to the Wisconsin Retirement System. The District issued pension bonds, net of discount, in the amount of \$168.1 million to fully fund future employee pension benefits granted through collective bargaining. At June 30, 2022, the balance of the outstanding pension debt is \$185.6 million due to principal payments offset by capital appreciation securities which accrete over time.

Table 2

Condensed Statement of Net Position (Deficit)

(in thousands)

	Governmental Activities		
	2022	2021	Difference
Capital assets, net	\$ 652,923	\$ 664,030	\$ (11,107)
Noncapital assets	524,706	436,146	88,560
Intangible assets	2,397	2,671	(274)
Total assets	1,180,026	1,102,847	77,179
Deferred outflows of resources	424,371	328,259	96,112
Total assets and deferred outflows of resources	1,604,397	1,431,106	173,291
Current liabilities	128,205	156,047	(27,842)
Noncurrent liabilities	1,001,127	1,126,889	(125,762)
Total liabilities	1,129,332	1,282,936	(153,604)
Deferred inflows of resources	617,591	528,213	89,378
Total liabilities and deferred inflows of resources	1,746,923	1,811,149	(64,226)
Net position (deficit):			
Net investment in capital assets	515,965	518,220	(2,255)
Restricted	224,218	159,107	65,111
Unrestricted (deficit)	(882,709)	(1,057,370)	174,661
Total net position (deficit)	\$ (142,526)	\$ (380,043)	\$ 237,517

Capital Assets decreased by \$11.1 million. The decrease is the net result of Construction in Progress increasing by \$0.4 million, Buildings increasing by \$12.6 million, and Furniture and Equipment increasing by \$0.5 million, offset by leasehold improvements decreasing by \$8.5 million, Accumulated Depreciation increasing by \$16.0 million. The change in capital assets includes selling two buildings, Douglass and Fletcher, and the end of two leaseholds.

The increase in Noncapital Assets of \$88.5 million is primarily the result of *GASB Statement No. 68, Accounting for Pensions*. In fiscal year 2022, there is an asset of \$179.6 million related to the WRS. This represents an increase of \$33.7 million from 2021, with the WRS asset increasing from \$141.1 million to \$179.6 million and the ASC Supplemental asset going from a \$4.8 million asset to a \$2.1 million liability.

MILWAUKEE PUBLIC SCHOOLS

Management's Discussion and Analysis

June 30, 2022

(Unaudited)

Deferred outflows increased by \$96.1 million. This increase is a result of *GASB Statement No. 75, Accounting for Pensions* which accounted for an increase of \$105.2 million, an increase of \$19.7 million related to *GASB Statement No. 75, Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions*, and a decrease of \$28.7 million related to deferred cash flow hedges.

Current liabilities decreased \$27.8 million in the current year. This is due to a decrease in accounts payable and other current liabilities of \$28.5 million, as well as an increase of \$1.7 million in the current portion of long-term liabilities.

Noncurrent liabilities decreased \$125.8 million. \$51.8 million of this decrease is related to *GASB Statement No. 75, Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions*. \$52.6 million of this decrease is due to *GASB Statement No. 68, Accounting for Pensions*. The remaining decrease is due to regular debt service activity.

Deferred inflows increased by \$89.4 million. The increase is due primarily an increase of \$138.2 related to *GASB Statement No. 68, Accounting for Pensions*. This was offset by a decrease of \$16.2 million related to *GASB Statement No. 75, Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions*, a decrease of \$28.7 million related to derivative instruments, and a decrease of \$3.9 million of deferred revenue.

Statement of Activities

Table 3 shows that on a government-wide basis, the District ended fiscal year 2022 with an increase in net position of \$237.5 million, compared to an increase of \$188.1 million in fiscal year 2021.

Increase (decrease) in net position	237,518	188,141	49,377
Net Position (Deficit)-Beginning of Year	(380,044)	(568,185)	188,141
Net Position (Deficit)-End of Year	\$ (142,526)	\$ (380,044)	\$ 237,518

The net deficit for MPS was \$142.5 million at June 30, 2022, as compared to \$380.0 at June 30, 2021, a net increase of approximately \$237.5 million, or 62.5%. Changes in balances related to *GASB Statement No. 68, Accounting for Pensions* and *GASB Statement No. 75, Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions* accounted for an increase of \$141.0 million. An additional \$43.2 million of the increase is related to additional federal and state aid.

Total revenues increased \$156.8 million or 12.0% over the prior year. The most significant changes came in the areas of State Aid, Operating grants, and Nutrition. State Equalization Aid increased by \$36.6 million as it was influenced by the first year (fiscal year 2021) of the April 2020 referendum. School nutrition services federal aid increased by \$36.7 million as the district was back to in-person learning for the full year.

Total expenses increased by \$107.4 million, or 9.6%. This increase is attributable to an increase of \$51.5 in business services mostly related to student transportation expenses and an increase of \$17.7 million in school nutrition services expenses as the district held in-person learning for the full year compared to fiscal

MILWAUKEE PUBLIC SCHOOLS

Management's Discussion and Analysis

June 30, 2022

(Unaudited)

year 2021 when students returned on a phase-in schedule starting in April 2021. Instruction expenses have increased by \$44.8 million, partially due to investment in a new science textbook adoption, and the start of a new program to give students a virtual option for schooling.

Capital Assets

Table 4 shows that at June 30, 2022, MPS had \$1.396 billion in capital and intangible assets, including Land, Construction in Progress, Buildings, Leasehold Improvements, Furniture and Equipment, and Software. This amount represents a net increase of \$5.7 million from the previous year. The increase is due primarily to buildings offset by a decrease in leasehold improvements to make up a net increase of \$4.1 million.

More detailed information can be found in Note 5 and Note 5A to the District's financial statements.

Long-term Debt

Long-term debt, net of premiums and discounts at June 30, 2022 was \$327.9 million with debt retirements and premium/discount amortization totaling \$20.1 million.

Table 5

Change in Long-term Debt (in thousands)

	<u>July 1, 2021</u>		<u>Issuances</u>		<u>Retirements</u>		<u>June 30, 2022</u>
Governmental activities:							
Neighborhood School							
Initiative bonds	\$ 21,327	\$ —		\$ 10,080		\$ 11,247	
Qualified School Construction Bonds	21,287	—		3,347		17,940	
Pension refinancing debt	187,389	—		1,745		185,644	
Promissory notes	113,979	—		3,872		110,107	
Other intergovernmental debt	3,987	—		1,032		2,955	
Total debt	\$ 347,969	\$ —		\$ 20,076		\$ 327,893	

The Neighborhood School Initiative (NSI) debt is part of a state of Wisconsin-sponsored program intended to increase the capacity and improve the quality of Milwaukee's neighborhood schools. The outstanding debt is in the form of revenue bonds issued by the Redevelopment Authority of the City of Milwaukee on behalf of MPS, and is secured through bond insurance and a moral obligation pledge by the state of Wisconsin. A total of \$112,040,000 of NSI debt was issued, with the first tranche issued in February 2002 (Series 2002A) in the amount of \$33,300,000, and the second tranche sold on November 5, 2003 (Series 2003A) in the amount of \$78,740,000. On February 1, 2007 MPS completed an advance refunding of \$29,260,000 of the second tranche (Series 2003A) and also retired \$5.1 million of bonds from that same tranche. On May 6, 2013, the District, through RACM, issued \$45,570,000 of Refunding Revenue Bonds for a current refunding of Series 2002 and Series 2003 bonds callable on August 1, 2013. This resulted in a \$6.4 million gain for the district over the life of the refunded debt. On June 29, 2017, the District, through RACM, issued \$29,095,000 of Refunding Revenue Bonds for a current refunding of \$31,865,000 of Series 2007 bonds callable on August 1, 2017. This resulted in a \$3.0 million gain for the district over the life of the refunded debt. Approximately \$10.1 million of NSI debt was retired in fiscal year 2022.

In December 2003, the city of Milwaukee, in connection with an intergovernmental cooperation agreement, issued \$168,051,136 in bonds on behalf of the District to refund pension-related debt for the Wisconsin Retirement System totaling \$165,505,293. In June 2006, MPS spent \$5.9 million to retire \$8.5 million of face value pension-related capital appreciation notes. The fiscal year 2022 the district reduced the balance by \$1.7 million.

MILWAUKEE PUBLIC SCHOOLS

Management's Discussion and Analysis

June 30, 2022

(Unaudited)

On June 30, 2015, the District entered into \$38,000,000 of new promissory note obligations to fund major modifications/improvements at various school facilities, the complete demolition and construction of a new athletic facility at South Stadium, and the complete modernization of the athletic facility at Custer Stadium. The financing vehicle for the construction was promissory notes, designated as Qualified School Construction Bonds (QSCB), issued through the Redevelopment Authority of the City of Milwaukee (RACM). Of note, under current law, the interest on the \$38.0 million of promissory notes is partially reimbursed to the District by the federal government.

In fiscal year 2017 (December 1, 2016 and June 29, 2017) the District entered into \$56,185,000 of new promissory note obligations to fund Energy Efficiency improvements, Culinary Academies, and Art Academies at various school facilities. The financing vehicle was revenue bonds issued through the Redevelopment Authority of the City of Milwaukee (RACM). \$1,470,000 of the promissory notes were designated as Qualified Zone Academy Bonds (QZAB), tax credit bonds with interest on the debt paid by the IRS via tax credits to the lender, \$6,275,000 of the new obligations were designated as Qualified Energy Conservation Bonds (QECB), with interest partially reimbursed to the District by the federal government under current law.

On December 28, 2017, the District entered into \$34,933,000 of new promissory note obligations to fund major modifications/improvements at various school facilities. The financing vehicle for the modifications/improvements were two tranches of revenue bonds issued through the Redevelopment Authority of the City of Milwaukee (RACM). One tranche was \$10,000,000 of the promissory notes that were designated Qualified School Construction Bonds (QSCB), tax credit bonds with interest on the debt paid by the IRS via tax credits to the lender. The second tranche was \$24,933,000 of the promissory notes that were also designated Qualified School Construction Bonds (QSCB), tax credit bonds with interest on the debt partially paid by the IRS via tax credits to the lender.

Additional information is provided in Table 5 on the previous page, and in note 7 to the District's financial statements.

FUND FINANCIAL STATEMENTS

Milwaukee Public Schools has three major funds reported on the governmental fund statements. The major funds are the General Fund, School Nutrition Services Fund, and the Capital Projects Construction Fund.

- The year-end General fund balance decreased by \$45.5 million from the prior year. While revenues increased by about \$37.5 million, this was offset by increased transfers out of the General Fund of about \$13.8 million, which included a \$36.0 million transfer to the Long-Term Capital Improvement Trust Fund. In addition, expenditures increased by just over \$92.0 million compared to the prior year. The increased expenditures were mainly due to almost \$54.0 million in increased business services costs due to transporting students for a full year of in-person learning in 2021–2022. During the prior year, due to the COVID-19 pandemic, school buildings remained closed for in-person learning, with instruction provided virtually until classes resumed in person starting April 12, 2021. In addition, spending on instructional services increased by \$26.1 million compared to the prior year.
- The \$31.8 million increase in the Construction fund balance compared to the prior year is the result of \$36.0 million allocated to the Long-Term Capital Improvement Trust Fund offset by decreased capital expenditures.

MILWAUKEE PUBLIC SCHOOLS

Management's Discussion and Analysis

June 30, 2022

(Unaudited)

- The \$2.3 million increase in the School Nutrition fund balance compared to the prior year is primarily attributable to an increase in reimbursable meal service due to in-person learning. There was also a decrease in the amount due to other funds.

NOTES TO BASIC FINANCIAL STATEMENTS

The notes to the basic financial statements supplement the basic financial statements by providing detailed descriptions of the District's significant accounting policies and presenting data that identifies changes that occurred throughout the year.

BUDGETARY HIGHLIGHTS

Annual budgets are prepared on a basis consistent with accounting principles generally accepted in the United States of America for general, construction, and other non-major governmental funds. Annual unencumbered appropriations lapse at fiscal year-end.

In May 2021, the MPS Board of School Directors (the Board) adopted the District's fiscal 2022 budget (July 1, 2021–June 30, 2022). By necessity, the adopted budget used a *projection* of the fiscal 2022 student enrollment. In October 2021, the Board amended the budget to take into account the *actual* student enrollment as measured on the third Friday in September 2022, as required by Wisconsin State Statute. The October amendment process is important to MPS because its two principal revenue sources, state general aid, and property taxes, are predicated on actual MPS enrollment.

The October adjustment process also incorporates all other changes in revenue and expenditure projections that result from having current information. The adopted budget, as amended, becomes the District's final budget.

The revised fiscal year 2022 (FY22) General Fund expenditure budget including prior year encumbrances and carryover authority came to \$1,409,785,281.

Actual General Fund expenditures for the fiscal year 2022 were 89.0% of the year's revised General Fund budget.

Current Economic Facts and Next Year's Budget

In October 2022, the MPS Board approved a districtwide FY23 Amended Adopted Budget that totals \$1,868,151,588. This is 10.0% less than the FY22 Amended Adopted Budget of \$2,076,282,042. This decrease is due primarily to a reduction in categorical funding as the multi-year federal Elementary and Secondary School Emergency Relief (ESSER) budget carry forward is reduced by prior year spending. In addition, there was a reduction in the Construction Fund to cover staffing costs to keep buildings clean. Offsetting these reductions was a \$5.0 million increase in the Extension Funds to build a Recreation Center on the north side of Milwaukee.

The District's revenue limit for FY23 school operations is \$879,090,854, a \$10.6 million or 1.2% decrease over FY22. The FY23 revenue limit is based on prior year revenues, three-year enrollment trends and other factors determined by the biennial state budget process. The revenue limit includes funding from the multi-year recurring operational referendum passed on April 7, 2020. The referendum added another \$7 million to the \$57 million from FY21 and the \$20 million in FY22. The referendum will have a final phase in year of FY24 of \$3 million for a total of \$87 million.

MILWAUKEE PUBLIC SCHOOLS

Management's Discussion and Analysis

June 30, 2022

(Unaudited)

State equalization aid, increased 6.8% to \$572,686,571. Equalization aid is based on the following: (1) expenditures and enrollment of the prior year, (2) district property values, which the State considers to be a measure of community wealth. The MPS aid required for Milwaukee Parental Choice Program (MPCP) in FY23 is \$11.5 million.

Approximately 94 cents of every dollar budgeted in the School Operations Fund has been allocated for educating the City of Milwaukee children. Education is provided through MPS traditional schools, open enrollment, or with MPS contracted (charter and partnership) schools. Six cents of every dollar budgeted has been allocated for non-school-based staff and services including costs that are necessary to run schools such as utilities, insurance, technology licenses, and debt repayment.

District total enrollment, based on Third Friday, September 2022 counts, is 72,208. This is down 1.97% from September 2021. Enrollment in the District's Traditional, Charter, and Non-Instrumentality Charter Schools enrollment is down 2.31% from FY22 to FY23.

The 2022–23 Budget reflects the district's ongoing commitment to fiscal responsibility and an emphasis on student achievement. Elementary and Secondary School Emergency Relief resources have been allocated to meet high-need areas impacted by the COVID-19 pandemic, including accelerating learning, health and wellness, facilities, technology, and extracurricular engagement.

REQUESTS FOR INFORMATION

This financial report is designed to provide citizens, taxpayers, parents, students, investors, and creditors with a general overview of MPS' finances and to demonstrate the District's accountability for the funds it receives. MILWAUKEE PUBLIC SCHOOLS
Reconciliation of the Governmental Funds Statement of Revenues,
Expenditures, and Changes in Fund Balances to the Statement of Activities
For the Year Ended June 30, 2022

Net change in fund balances—total governmental funds		\$ (11,297,191)
Amounts reported for governmental activities in the statement of activities are different because:		
Costs of issuance associated with refunding bonds are capitalized and amortized over the life of the bonds in the statement of net assets		
Capital outlays are reported in governmental funds as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense:		
Capital outlay reported in governmental fund statements	\$ 21,581,988	
Depreciation and amortization expense reported in the statement of activities	<u>(29,192,596)</u>	
Amount by which capital outlays are less than depreciation and amortization in the current period		(7,610,608)
The net effect of miscellaneous transactions involving capital assets (i.e., sales, trade-ins, and disposals) is to decrease net position		(3,769,489)
Refunding of debt (gains)/loss amortized in the current period		(84,398)
Some revenues will not be collected for several months after the District's fiscal year-end, they are not considered "available" revenues and are deferred in the governmental funds		99,578,861
Some expenses reported in the statement of activities require the use of current financial uses and, therefore, are reported as expenditures in the government funds.		
Net pension assets		33,696,974
Net pension liabilities		52,600,718
Deferred outflows of resources related to pensions		105,238,043
Deferred inflows of resources related to pensions		(138,208,090)
Deferred outflows of resources related to OPEB		19,713,120
Deferred inflows of resources related to OPEB		16,159,988
Bond, note, and promissory note proceeds are reported as financing sources in governmental funds and thus contribute to the change in fund balance. In the statement of net position, however, issuing debt increases long-term liabilities and does not affect the statement of activities. Similarly, repayment of principal is an expenditure in the governmental funds, but reduces the liability in the statement of net position.		
Repayments:		
Bonds, notes and promissory notes		22,648,850
Under the modified accrual basis of accounting used in the governmental funds, expenditures are not recognized for transactions that are not normally paid with expendable available financial resources. In the statement of activities, however, which is presented on the accrual basis, expenses and liabilities are reported regardless of when financial resources are available. In addition, interest on long-term debt is not recognized under the modified accrual basis of accounting until due, rather than as it accrues.		
Net decrease in accrued interest payable	22,712	
Accretion of interest on capital appreciation bonds	(3,569,984)	
Amortization of bond premium, discount and refunding deferred	996,725	
Net decrease in compensated absences payable (vacation and sick pay)	282,965	
Net increase in workers' compensation claims payable	(729,531)	
Net decrease in OPEB liability	51,824,989	
Net decrease in general insurance claims payable	<u>23,000</u>	
Net adjustment		<u>48,850,876</u>
Change in net position of governmental activities		\$ <u><u>237,517,654</u></u>

See accompanying notes to basic financial statements.

MILWAUKEE PUBLIC SCHOOLS

Notes to Basic Financial Statements

For the Year Ended June 30, 2022

(1) Summary of Significant Accounting Policies

The financial statements of the Milwaukee Public Schools (the District) have been prepared in conformity with accounting principles generally accepted in the United States of America as applied to government units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The significant accounting principles and policies used by the District are described below.

(a) Reporting Entity

The District was established on February 3, 1846, and operates under Chapter 119 of the Wisconsin State Statutes. The District is the largest school district in Wisconsin. The District, governed by a nine-member elected school board, provides elementary, secondary, vocational, and special education services through grade 12 to residents of the City of Milwaukee, Wisconsin (the City).

The District receives funding from local, state, and federal government sources and must comply with the concomitant requirements of these funding source entities.

The reporting entity for the District is based upon criteria set forth by GASB Statement No. 14, *The Financial Reporting Entity*. Under this pronouncement, the financial reporting entity consists of: (a) the primary government, which is controlled by a separately elected governing body that is legally separate and is fiscally independent, and (b) organizations for which the primary government is financially accountable. All of the accounts of the District comprise the primary government.

The financial statements of the District are excluded from the City's financial statements because the District operates with a separate governing board that is not under the control of the City. The City, however, performs the following services for the District, as prescribed under Wisconsin State Statutes:

- Administers the property tax levy adopted by the school board and collects and remits the property taxes to the District
- Acts as the treasurer for the major portion of the District's cash
- Issues debt for the benefit of the District for the purchase of sites and buildings

This report includes all of the funds of the District. The reporting entity for the District consists of the primary government and its component units. Component units are legally separate organizations for which the primary government is financially accountable or other organizations for which the nature and significance of their relationship with the primary government are such that their exclusion would cause the reporting entity's financial statements to be misleading. The primary government is financially accountable if: (1) it appoints a voting majority of the organization's governing body and it is able to impose its will on that organization, (2) it appoints a voting majority of the organization's governing body and there is a potential for the organization to provide specific financial benefits to, or impose specific financial burdens on, the primary government, (3) the organization is fiscally dependent on and there is a potential for the organization to provide specific financial benefits to, or impose specific financial burdens on, the primary government. Certain legally separate, tax exempt organizations should also be reported as a component unit if all of the following criteria are met: (1) the economic resources received or held by the separate organization are entirely or almost entirely for the direct benefit of the primary government, its component units, or its constituents, (2) the

MILWAUKEE PUBLIC SCHOOLS

Notes to Basic Financial Statements

For the Year Ended June 30, 2022

primary government or its component units, is entitled to, or has the ability to access, a majority of the economic resources received or held by the separate organization, and (3) the economic resources received or held by an individual organization that the primary government, or its component units, is entitled to, or has the ability to otherwise access, are significant to the primary government.

Component units are reported using one of two methods: discrete presentation or blending. Generally, component units should be discretely presented in a separate column in the financial statements. A component unit should be reported as part of the primary government using the blending method if it meets any one of the following criteria: (1) the primary government and the component unit have substantively the same governing body and a financial benefit or burden relationship exists, (2) the primary government and the component unit have substantively the same governing body and management of the primary government has operational responsibility for the component unit, (3) the component unit serves or benefits, exclusively or almost exclusively, the primary government rather than its citizens, or (4) the total debt of the component unit will be paid entirely or almost entirely from resources of the primary government. This report does not contain any component units.

(b) Basis of Presentation

Government-wide Statements—The statement of net position and the statement of activities present financial information about the District as a whole. They include all funds of the District except for fiduciary funds. As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements. Governmental activities generally are financed through taxes, intergovernmental revenues, and other non-exchange transactions. Interfund services provided and used are not eliminated.

The statement of activities presents a comparison between direct expenses and program revenues for each function of the District's governmental activities. Direct expenses are those that are specifically associated with and are clearly identifiable to a particular function. Program revenues include: (a) charges paid by the recipients of goods and services offered by the programs, and (b) grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Taxes, equalized aid, and other items not included among program revenues are reported as general revenues. Internally dedicated resources are reported as general revenues rather than program revenues.

Fund Financial Statements—The fund financial statements provide information about the District's funds, including fiduciary funds. Separate statements for each fund category, governmental and fiduciary, are presented. The emphasis of fund financial statements is on major governmental funds; each is displayed in a separate column. All remaining governmental funds are aggregated and reported as nonmajor governmental funds.

MILWAUKEE PUBLIC SCHOOLS

Notes to Basic Financial Statements

For the Year Ended June 30, 2022

The District reports the following major governmental funds:

General Fund: The general fund is the general operating fund of the District. It is comprised of two taxing entities that were established by Wisconsin State Statutes and is used to account for all financial revenues and expenditures of the District except those required to be accounted for in other funds or taxing entities.

Capital Project-Construction Fund: The construction fund is used to account for and report financial resources that are restricted, committed, or assigned to expenditures for the acquisition or construction of capital facilities and the additions to and remodeling of existing buildings. The District has only one activity unit within the construction fund for which property taxes are levied to finance various capital expenditures.

Special Revenue-School Nutrition Services Fund: This fund is used to account for the breakfast and lunch programs operated by the District for students. Revenues are provided through federal and state aids as well as sales at schools.

The District reports the following nonmajor governmental funds:

Special Revenue Fund: This fund is used to account and report the proceeds of specific revenue sources (other than major capital projects) that are restricted or committed to expenditures for specified purposes.

Categorically Aided Programs

Debt Service Fund: This fund is used to account and report financial resources that are restricted, committed or assigned to expenditures for the payment of general long-term debt principal, interest and related costs.

Additionally, the District reports the following fund types:

Pension Trust Funds: The pension trust funds account for the accumulation of resources for pension benefit payments under two early retirement plans maintained by the District for qualified teachers and administrators.

Other Postemployment Employee Benefits Funds (OPEB): The OPEB trust fund account may hold, be used to account for assets used to pay post-employment benefits or fund accrued liability associated with such benefits.

(c) *Measurement Focus and Basis of Accounting*

The government-wide and fiduciary fund statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of when the related cash transaction takes place. For the pension trust funds, plan member contributions are recognized in the period in which the contributions are due. Employer contributions to the plans are recognized when due. Benefits and refunds are recognized when due and payable in accordance with the terms of the plan.

MILWAUKEE PUBLIC SCHOOLS

Notes to Basic Financial Statements

For the Year Ended June 30, 2022

Nonexchange transactions, in which the District gives or receives value without directly receiving or giving equal value in exchange, include property taxes, grants, entitlements, and donations. On an accrual basis, revenue from property taxes is recognized in the fiscal year for which the taxes are levied. Revenue from grants, entitlements, and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied.

The governmental fund statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under this method, revenues are recognized when measurable and available. The District considers all revenues reported in the governmental funds to be available if the revenues are collected within 90 days after the end of the fiscal year except for property taxes, which must be collected within 60 days after year-end. Those revenues susceptible to accrual are property taxes, state aid, interest revenue, grants, and charges for services. Other revenue is recorded when received. Expenditures are recorded when the fund liability is incurred, except for principal and interest on long-term debt, claims and judgments, and compensated absences that are recognized as expenditures to the extent they have matured. General capital asset acquisitions are reported as expenditures in governmental funds. Proceeds of long-term debt and acquisitions under capital leases are reported as other financing sources.

Under the terms of grant agreements, the District may fund certain programs by a combination of specific cost-reimbursement grants, categorical funds, and general revenues. Therefore, when program expenses are incurred, both restricted and unrestricted net position may be available to finance the program. It is the District's policy to first apply cost-reimbursement grant and categorical resources to such programs, followed by general revenues.

(d) *Restricted Assets*

Mandatory segregations of assets are presented as restricted assets. Such segregations are required by bond agreements and other external parties.

(e) *Receivables*

General accounts receivable have been adjusted for all known uncollectible accounts. An allowance for uncollectible accounts is reported at year-end for \$949,154.

During the course of operations, transactions occur between individual funds that may result in amounts owed between funds. Short-term interfund loans are reported as "due to and from other funds." Long-term interfund loans (noncurrent portion) are reported as "advances from and to other funds." Interfund receivables and payables between funds within governmental activities are eliminated in the Statement of Net Position.

(f) *Investments*

The District has adopted an investment policy. Provisions of the policy are discussed in Note (2).

Investments, including investments of the pension trust funds, are reported at fair value based on quoted market prices. Short-term investments are reported at cost, which approximates fair value. Investments principally consist of money market mutual funds, fixed income funds, equity funds, and investments in the State of Wisconsin Fixed Retirement Investment Trust Fund (Trust Fund). The fair value of investments in the Trust Fund is the same as the value of the pooled shares. Although not subject to direct regulators' oversight, the Trust Fund is administered in accordance with the provisions

MILWAUKEE PUBLIC SCHOOLS

Notes to Basic Financial Statements

For the Year Ended June 30, 2022

of Section 25.50 of the Wisconsin State Statutes. Purchases and sales of securities are recorded on a trade-date basis. Net investment income in the Trust Fund consists of realized and unrealized gains and losses and investment income.

(g) Inventories, Other Assets and Prepaid Items

Inventories are valued at average cost. Inventories in the governmental fund types are recorded as expenditures when consumed rather than when purchased. Donated United States Department of Agriculture (USDA) commodities are recorded as revenues and expenditures in the School Nutrition Services Fund at the fair value when originally donated by the USDA.

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both government-wide and fund financial statements. The cost of prepaid items is recorded as expenditures or expenses when consumed rather than when purchased.

(h) Capital Assets and Intangible Assets

Capital and intangible assets are reported at actual cost or estimated costs. Donated assets are reported at the estimated acquisition value at the time received. Capital and intangible assets are depreciated and amortized using the straight-line method over their estimated lives. Capitalization thresholds (the dollar value above which asset acquisitions are added to the capital asset accounts) and estimated useful lives of capital and intangible assets reported in the government-wide statements are as follows:

	Capitalization threshold	Estimated useful life
Buildings	\$ 5,000	50 years
Furniture and equipment	5,000	5 – 20 years
Vehicles	5,000	5 – 15 years
Computers and related equipment	5,000	5 years
Major computer	50,000	7 years
Intangible assets	50,000	7 years

(i) Property Taxes

The aggregate amount of property taxes to be levied for school purposes is determined according to provisions of Chapter 120 of the Wisconsin State Statutes. Property taxes for the District are adopted by the Board by early November and are certified to the City for levy and collection.

The District’s property taxes are levied annually prior to December 31, are administered by the City for the District based on the assessed (taxable) values as of January 1 of that calendar year, and are recognized as District revenue in the fiscal year they are levied. The levy becomes a lien against property on January 1. The taxes are due January 31, but may be paid in 10 monthly installments to the City from January through October. All unpaid taxes as of June 30 are purchased by the City.

(j) Deferred Outflows of Resources

A deferred outflow of resources represent a consumption of net assets that applies to future periods and will not be recognized as an outflow of resources (expense/expenditure) until that future time.

The accumulated decrease in fair value of hedging derivatives represents the change in value of derivative instruments that are deemed to be an effective hedge.

MILWAUKEE PUBLIC SCHOOLS

Notes to Basic Financial Statements

For the Year Ended June 30, 2022

Gain/Loss on Refundings of Debt

In the government-wide financial statements, gains and losses from refundings of debt resulting in defeasance are deferred and amortized as a component of interest expense over the shorter of the remaining life of the old debt or the life of the new debt. The unamortized amount is reported as a deferred outflow of resources or deferred inflow of resources in the government-wide statements, depending on whether it is a gain or loss on the refunding.

(k) Compensated Absences

District employees are granted vacation, compensatory time, and sick leave benefits in varying amounts in accordance with the provisions of union contracts and District policies. In the event of retirement, death, or resignation of an employee, the District is obligated to pay for all unused vacation days. All vacation pay is accrued when incurred in the government-wide financial statements. A liability for these amounts is reported in the governmental funds only if they have matured, for example, as a result of employee resignations and retirements.

Sick leave benefits are available for subsequent use and, in certain situations, a portion vests upon retirement. A liability for sick pay has been calculated using the vesting method in which leave amounts for both employees who currently are eligible to receive termination payments upon retirement and other employees who are expected to become eligible in the future to receive such payments are included.

(l) Insurance Deposits

The District has recorded deposits in the general fund for self-funded health insurance and current life insurance obligations and a restriction of fund balance aggregating \$3,177,393 at June 30, 2022 to provide for payment of future claims.

(m) Bond Premiums and Discounts

In the government-wide financial statements, bond premiums and discounts are deferred and amortized over the life of the bonds using the effective interest method. Bonds payable are reported net of the applicable bond premium or discount.

In the fund financial statements, governmental fund types recognize bond premiums and discounts during the current period. The face amount of debt issued is reported as other financing sources. Premiums on debt issuances are reported as other financing sources, while discounts on debt issuances are reported as other financing uses. Discounts for capital appreciation bonds and notes (i.e., zero coupon debt) are netted against the face amount of the debt.

(n) Claims and Judgments

Claims and judgments are recorded as liabilities if all the conditions of GASB pronouncements are met. The liability and expenditure for claims and judgments is only reported in governmental funds if it has matured. Claims and judgments are recorded in the district-wide statements as expenses when the related liabilities are incurred.

MILWAUKEE PUBLIC SCHOOLS

Notes to Basic Financial Statements

For the Year Ended June 30, 2022

(o) Deferred Inflows of Resources

A deferred inflow of resources represent an acquisition of net assets that applies to future periods and therefore will not be recognized as an inflow of resources (revenue) until that future time. The deferred balances consist mainly of unavailable grant revenues of \$122.6 million in the General Fund and \$7.6 million in the special revenue funds, available grants of \$1.1 million in the general fund, and a long-term receivable of \$200,000 in the Construction Fund.

(p) Net Position

In the government-wide financial statements, equity is classified as net position and displayed in three components:

Net Investment in capital assets—This consists of capital assets including restricted capital assets, intangible assets, net of accumulated depreciation or amortization, less the outstanding balances of any bonds, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets, plus unspent proceeds.

Net investment in capital assets reported on the government wide Statement of Net Position on June 30, 2022 includes the following:

Net investment in capital assets	
Land	\$ 30,271,824
Construction and work in progress	4,160,594
Other capital assets, net of accumulated depreciation/amortization	620,887,682
Less: unamortized debt premium/discount	(1,283,138)
Less: related long-term debt outstanding (net of unspent proceeds of debt)	(131,081,528)
Less: other related liabilities	(7,023,523)
Add: unamortized loss/gain on refunding	33,140
Total net investment in capital assets	<u>\$ 515,965,051</u>

Restricted—This consists of net position with constraints placed on their use by 1) external groups such as creditors, grantors, contributors, or 2) law through constitutional provisions or enabling legislation.

Unrestricted—This consists of net position that do not meet the definition of “restricted” or “net investment in capital assets.”

(q) Fund Balance

Governmental fund balances are displayed as follows:

- Nonspendable fund balance—Amounts that cannot be spent because they are either not in spendable form or, for legal or contractual reasons, must be kept intact. This classification includes inventories, prepaid amounts, assets held for sale, and long-term receivables.

MILWAUKEE PUBLIC SCHOOLS

Notes to Basic Financial Statements

For the Year Ended June 30, 2022

- Restricted fund balance—Amounts for which external restrictions have been imposed by creditors (such as through debt covenants), grantors, contributors or other governments; or are imposed by law (through constitutional provisions or enabling legislation).
- Committed fund balance—Amounts that can only be used for specific purposes because of a formal action (resolution) by the government’s highest level of decision-making authority. Fund balance amounts are committed through a formal action of the District. The formal action must occur prior to the end of the reporting period, but the amount of commitment, which will be subject to the constraints, may be determined in the subsequent period. Any changes to the constraints imposed require the same formal action of the District that originally created the commitment.
- Assigned fund balance—Amounts that are constrained by the District’s intent to be used for specific purposes, but that do not meet the criteria to be classified as restricted or committed. Intent can be stipulated by the governing body, another body, or by an official to whom that authority has been given. The District by resolution has given authority to the District’s Chief Financial Officer. With the exception of the General Fund, this is the residual fund balance classification for all governmental funds with positive balances.
- Unassigned fund balance—This is the residual classification of the General Fund. Only the General Fund reports a positive unassigned fund balance. Other governmental funds might report a negative balance in this classification, as the result of overspending for specific purposes for which amounts had been restricted, committed, or assigned.

The District considers restricted amounts to be spent first when both restricted and unrestricted fund balance is available unless there are legal documents or contracts that prohibit doing this, such as in grant agreements requiring dollar-for-dollar spending. Additionally, the District would first use committed, then assigned and lastly unassigned amounts of unrestricted fund balance when expenditures are made.

Fiduciary fund equity is classified as held in trust for employee benefits.

(r) Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, deferred outflows of resources, liabilities and deferred inflows of resources and disclosure of contingent assets and liabilities at the date of the financial statements and revenues and expenses/expenditures for the reporting period. Actual results could differ from those estimates.

(s) Pension

For purposes of measuring the net pension liability (asset), deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Wisconsin Retirement System (WRS), Employees’ Retirement System (ERS), Milwaukee Board of School Directors Early Retirement Supplement and Benefit Improvement Plan (ASC), and the Milwaukee Board of School Directors Supplemental Early Retirement Plan for Teachers (Teachers Supplemental) and additions to/deductions from their fiduciary net position have been determined on the same basis as they are reported by the plans. For this purpose, benefit payments (including refunds on employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

MILWAUKEE PUBLIC SCHOOLS

Notes to Basic Financial Statements

For the Year Ended June 30, 2022

(t) *Postemployment Benefits Other Than Pensions (OPEB)*

For purposes of measuring the net OPEB liability, deferred outflows of resources and deferred inflows of resources related to OPEB, and OPEB expense, information about the fiduciary net position of the District's OPEB plan and additions to/deductions from the District's OPEB plan's fiduciary net position have been determined on the same basis as reported by the District. For this purpose, the District's OPEB plan recognizes benefit payments when due and payable in accordance with the benefit terms. Investments are reported at fair value, except for money market investments and participating interest-earning investment contracts that have a maturity at the time of purchase of one year or less, which are reported at cost.

(u) *New Accounting Pronouncements*

In Fiscal Year 2022, the District adopted new statements of financial accounting standards issued by GASB:

- Statement No. 87, *Leases*
- Statement No. 89, *Accounting for Interest Cost Incurred before the End of a Construction Period*
- Statement No. 92, *Omnibus 2020*
- Statement No. 93, *Replacement of Interbank Offered Rates*
- Statement No. 97, *Certain Component Unit Criteria, and Accounting and Financial Reporting for Internal Revenue Code Section 457 Deferred Compensation Plans – an amendment of GASB Statements No. 14 and No. 84, and a supersession of GASB Statement No. 32*
- Statement No. 99, *Omnibus 2022*

Statement No. 87 – *Leases*, establishes a uniform approach for lease accounting based on the principle that leases are financings of the right to use an underlying asset. In accordance with the statement, parties to a lease agreement, the lessee and lessor, are required to recognize a lease liability and an intangible right-to-use lease asset (a capital asset hereinafter referred to as the lease asset), and a lease receivable and deferred inflow of resources, respectively. The new leases standard also requires enhanced disclosure which include a general description of the leasing arrangement, the aggregated amount of resource inflows and outflows recognized from lease contracts, including those not included in the measurement of the lease liability and receivable, and the disclosure of the long-term effect of lease arrangements on a government's resources. The adoption of Statement No. 87 had no impact on the District's current or prior financial reporting.

Statement No. 89 - *Accounting for Interest Cost Incurred before the End of a Construction Period*. The adoption of Statement No. 89 had no impact on the District's current accounting practices nor its financial reporting.

Statement No. 92, *Omnibus 2020*, addresses practice issues that were identified during implementation and application of certain GASB Statements. The Statement addresses a variety of topics including Leases, Intra-Entity Transfers of Assets, Assets Accumulated for Defined Benefit Postemployment Benefits, Fiduciary Activities, Asset Retirement Obligations, Reinsurance Recoveries, Nonrecurring Fair Value Measurements, and Derivative Instruments. The adoption of

MILWAUKEE PUBLIC SCHOOLS

Notes to Basic Financial Statements

For the Year Ended June 30, 2022

Statement No. 92 had no impact on the District's current accounting practices nor its financial reporting.

Statement No. 93, *Replacement of Interbank Offered Rates*, establishes accounting and reporting requirements related to the replacement of Interbank Offered Rates (IBOR) such as the London Interbank Offered Rate (LIBOR) for hedging derivative instruments and leases. It also identifies appropriate benchmark interest rates for certain hedging derivative instruments. However, Statement No. 99, *Omnibus* discussed further below, offers an extension of the use of LIBOR which is effective immediately. Therefore, in accordance with both Statements No. 93 and No. 99, since LIBOR continues to be determined by the ICE Benchmark Administration using the methodology in place as of December 31, 2021, the District continues to use LIBOR as the benchmark interest rate for a derivative instrument that hedges the interest rate of debt.

Statement No. 97, *Certain Component Unit Criteria, and Accounting and Financial Reporting for Internal Revenue Code Section 457 Deferred Compensation Plans – an amendment of GASB Statements No. 14 and No. 84, and a supersession of GASB Statement No. 3*, clarifies component unit criteria for a potential component unit in the absence of a governing board in determining financial accountability; limits the applicability of financial burden criteria in Paragraph 7 of GASB Statement No. 84; and classifies Section 457 Deferred Compensation plans as either a pension plan or other employee benefit plan. The adoption of Statement No. 97 had no impact on the District's current accounting practices nor its financial reporting.

Statement No. 99, *Omnibus 2022*, addresses practice issues that were identified during implementation and application of certain GASB Statements. The Statement addresses a variety of topics including the extension of the use of LIBOR, accounting for Supplemental Nutrition Assistance Program (SNAP) distributions, disclosures of nonmonetary transactions, pledges of future revenues by pledging governments as well as clarification of provisions in Statement No. 34 and terminology updates related to Statements No. 53 and No. 63. These requirements are effective upon issuance and had no material impact on the District's financial statements. The District has not completed the process of evaluating the remaining requirements of this Statement that is effective for subsequent fiscal years, but does not expect it to have an impact on current accounting practices nor its financial reporting.

Credit risk is defined as the risk that an issuer or other counterparty to an investment will not fulfill its obligations. To limit credit risk, the District restricts the commitment of funds to only those investments authorized by Wisconsin State Statute 66.0603 and Chapter 881 including the following:

- Time deposits with maturities of not more than 3 years.
- Bonds or securities issued or guaranteed as to principal and interest by the federal government or by a commission, board or other instrumentality of the federal government.
- The state of Wisconsin local government pooled investment fund.
- Bonds or securities of any county, city, drainage district, vocational or technical college, village, town or school district in Wisconsin, local exposition district, local professional baseball park district, local professional football stadium district, the University of Wisconsin Hospitals and Clinics Authority, local cultural arts district, or Wisconsin Aerospace Authority.
- Fully collateralized repurchase agreements.

MILWAUKEE PUBLIC SCHOOLS

Notes to Basic Financial Statements

For the Year Ended June 30, 2022

- Any security that matures within 7 years and has a credit rating which is the highest or second highest rating assigned by Standard & Poor's corporation, Moody's investor service, or other similar nationally recognized rating agencies.
- No-load securities of open-end, registered, management investment companies or investment trusts investing in bonds and securities issued by or guaranteed by the federal government or a commission, board or other instrumentality of the federal government.

The District has funds invested in commercial paper, money market funds, fixed income mutual funds and equity mutual funds. As of June 30, 2022, the District's investment in commercial paper was rated P-1 by Moody's Investor's Service, A-1+ by Standard & Poors, and F1+ by Fitch Ratings. The pooled fixed income and equity mutual funds are not rated.

Interest rate risk is defined as the probability that changes in interest rates will adversely affect the fair value of an investment. The District uses weighted average maturity as a method for monitoring interest rate risk. The District does not have a formal investment policy limiting investment maturities as a means of managing its exposure to fair value losses resulting from rising interest rates.

As of June 30, 2022, the District had the following investments, shown with their maturities.

<u>Investment Type</u>	<u>Maturities (in Years)</u>	
	<u>Fair Value</u>	<u>Less Than 1</u>
Commercial Paper	\$ 21,425,314	\$ 21,425,314
Pooled Fixed Income Funds	68,835,973	68,835,973
Pooled Equity Funds	143,853,620	143,853,620
Pooled Bond Funds	15,274,505	15,274,505
	<u>\$ 249,389,412</u>	<u>\$ 249,389,412</u>

Custodial credit risk for deposits and investments is the risk that, in the event of failure of a depository financial institution, the District will not be able to recover its deposits, or will not be able to recover collateral securities that are in the possession of an outside party. The District does have a collateralization policy concerning this risk, and the policy requires collateralization of all uninsured deposits.

At year-end the District's demand deposit balance (exclusive of funds held and controlled by the treasurer of the City) was \$8,711,158. Of the \$8,711,158 bank balance, \$1,015,223 was covered by the Federal Depository Insurance Corporation (FDIC) and the state of Wisconsin Public Deposit Guarantee Fund, and \$7,695,935 was uninsured. The District is a beneficiary of an irrevocable, unconditional and nontransferable letter of credit (LC) with the Federal Home Loan Bank of Cincinnati (FHLB). The Letter of Credit for \$25,000,000 is intended to collateralize deposit accounts that the District has established at US Bank, defined as Public Unit Deposits under applicable laws and regulations of the State of Wisconsin. However, the collateral and posted securities are not held in the Districts' name but are allocated to the District. As such, the deposits are considered uncollateralized. Therefore, \$7,695,935 is uninsured and collateralized by securities held by a third party not in the District's name.

MILWAUKEE PUBLIC SCHOOLS

Notes to Basic Financial Statements

For the Year Ended June 30, 2022

The District has \$21,425,314 invested in overnight commercial paper that is uninsured and uncollateralized.

The money market funds total \$90,764,148 of which \$73,460,083 is uninsured and uncollateralized and \$17,304,065 is uninsured and collateralized by securities held by a third party not in the District's name.

The remaining investments of fixed income mutual funds and equity mutual funds are also uninsured and uncollateralized.

Funds held and controlled by the treasurer of the City are insured by the FDIC and the Wisconsin Public Deposit Guarantee Fund. Per Common Council, the City Treasurer shall require collateralization of certificates of time deposit (excluding interest checking) at financial institutions when the total amount of such certificates of deposit with any institution exceeds the combined insured limit of \$650,000. The District's deposits with the City Treasurer for investments are all insured or collateralized on June 30, 2022.

Fair Value Measurements. The District categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs.

The valuation method for recurring fair value measurements are based on inputs other than quoted prices that are observable for securities, either directly or indirectly.

<u>Investment Type</u>	<u>June 30, 2022</u>			
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>

	<u>\$ 249,389,412</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 249,389,412</u>

Milwaukee Board of School Directors Early Retirement Supplement and Benefit Improvement Plan

The trustees of the plan have adopted a Statement of Investment Policy (the Policy). It articulates asset allocation targets, guidelines for interest rate risk, credit risk, and concentration of credit risk for separately managed portfolios, and performance benchmarks. Under Wisconsin statutes, equities, other than investments in the State of Wisconsin Employee Trust Funds (SWIB funds), are subject to the statutory limitation that they may not exceed 50% of the fair value of the plan assets. The ASC plan has no equity investments other than those in the SWIB funds. The Policy targets equities in the SWIB Variable Fund to equal 150% of the amount in Fixed Income securities at Bank of Montreal (BMO), with the remainder of the portfolio allocated to the SWIB Core Fund. The Policy target for Fixed Income is the sum of six months benefit payments plus six months administrative expense. The portfolio is rebalanced toward the Policy targets quarterly. On June 30, 2022, the SWIB Core Fund strategic targets were 45% to Global Stocks, 43% to Fixed Income, 9% to Real Estate, and 18% to

MILWAUKEE PUBLIC SCHOOLS

Notes to Basic Financial Statements

For the Year Ended June 30, 2022

Alternative Investments. The Strategic target allocations total 115% reflecting the possibility of introducing leverage into the portfolio. On June 30, 2022, the SWIB Variable Fund strategic targets were 70% to U.S. Stocks, 30% to International Stocks and 0% to Alternative Investments.

Under the SWIB Investment Policy, the Core and Variable Fund asset allocations will be reviewed monthly for potential rebalancing. For the SWIB funds, when a major liquid asset class (i.e., Total Public Equities or Total Public Fixed Income) exceeds plus or minus 4% of its target allocation, a rebalancing exercise will be initiated. The ASC plan's investment portfolio (the Fund) has two investment managers: State of Wisconsin Investment Board (SWIB) and BMO. Each investment manager is responsible for managing the portion of the Fund assets under its control in accordance with its policy and guidelines. BMO is also responsible for managing its plan portfolios in accordance with the guidelines adopted by the trustees. The District completes a comprehensive review of the Fund relative to the Policy on an annual basis.

A. Interest Rate Risk

Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. The District uses both duration and weighted average maturity as methods of monitoring interest rate risk. SWIB data is expressed in terms of modified duration and option adjusted duration. Modified duration, which is stated in years, is the measure of price sensitivity of a fixed income security to an interest rate change of 100 basis points. The calculation is based on the weighted average of the present value of all cash flows. Some pooled investments are analyzed using an option adjusted duration calculation which is similar to the modified duration method. Option adjusted duration incorporates the duration shortening effect of any embedded call provisions in securities.

The following schedule summarizes the duration and fair value of the investments at BMO as of June 30, 2022 and the fair value at SWIB as of June 30, 2022:

<u>Investment</u>	<u>Duration (Years)</u>	<u>Fair Value</u>
SWIB Core and Variable Funds	Details on the SWIB fixed income investments as of 12/31/21 are included below.	\$ 45,642,057
Money market accounts (at BMO)	0.19	\$ 651,902
Mutual Funds (at BMO)	3.96	\$ 2,243,598
Mortgage Backed Securities	N/A	\$ 44

SWIB information provided within the accompanying financial statements is as of December 31, 2021. There has been no significant change in SWIB's investment strategies, asset allocations and investment pricing methods from December 31, 2021 to June 30, 2022. Based on SWIB information, the District feels the information presented for SWIB Investments as of December 31, 2021 is a fair representation for June 30, 2022.

MILWAUKEE PUBLIC SCHOOLS

Notes to Basic Financial Statements

For the Year Ended June 30, 2022

The following schedule displays the duration or weighted average maturity of the investments by type of investment at SWIB as of December 31, 2021:

<u>SWIB Investments</u>	<u>Duration (Years)</u>	<u>Fair Value</u>
Asset Backed Securities	3.3	\$ 833 Million
Commercial Paper	69 days	\$ 284 Million
Corporate Bonds and Private Placements	6.9	\$ 14,676 Million
Foreign Gov't/Agency Bonds	7.2	\$ 2,269 Million
Municipal Bonds	11.5	\$ 189 Million
Repurchase Agreements	3 days	\$ 269 Million
U.S. Government Agencies	4.8	\$ 2,313 Million
U.S. TIPS	7.6	\$ 21,183 Million
U.S. Treasury Securities	8.5	\$ 5,577 Million
Commingled Funds	57 days to 7.6	\$ 7,092 Million

Note: On December 31, 2021, SWIB's Core Fund and Variable Fund had \$136.0 billion and \$10.9 billion in assets, respectively. As of June 30, 2022, the ASC plan's assets were invested 86% in the SWIB Core Fund, 8% in the SWIB Variable Fund, and 6% in portfolios managed by BMO. For SWIB, the duration of each U.S. Fixed Income portfolio shall remain within 15% of the assigned benchmark's duration. For the bond portfolio for the payment of benefits and expenses, the duration will be within a range of 50% to 150% of the duration of the benchmark index.

B. Credit Risk

Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. The following schedule displays the credit quality percentage distributions of the fixed income investments in the SWIB Core and Variable Funds on December 31, 2021 and in the separate accounts managed by BMO on June 30, 2022. For SWIB, the schedule displays the lowest credit rating assigned by several nationally recognized statistical rating organizations.

*As defined by Moody's Bond Ratings or Standard and Poor's

**As of December 31, 2013 and June 30, 2013 SWIB's holdings of UST and AGY are included in the "AA" category.

***Additional Information on the Fixed Income Commingled Funds in the SWIB portfolio is in the table labeled "Investments Measured at Net Asset Value". The weighted average quality of the mutual funds in the BMO Portfolio was A (excluding BMO's money market fund which was rated AAA).

SWIB's Core Fund's Government/Credit Portfolio shall maintain an average quality rating of A or better. Non-Investment Grade securities shall not exceed 15% of the portfolio's fair value. For SWIB's Global Bond Portfolio, overall portfolio quality must be maintained at an average rating of A or better. Corporate securities may not exceed 20% of the portfolio's fair value and must be rated at least "B-" and above. Corporate securities rated "BB+" but no lower than "B-" may not exceed 5% of the portfolio's fair value. Emerging market sovereign debt is limited to (a) securities that are rated "B-" or above and (b) debt of countries in the J.P. Morgan Emerging Market Bond Index Global Diversified; Emerging market corporate debt is limited to (a) securities that are rated "B-" or above and (b) issuers in the Bloomberg Barclays US Credit Index. Relative emerging market debt shall not exceed 10% of the portfolio's fair value.

C. Custodial Credit Risk

The ASC plan does not have a deposit or investment policy specifically related to custodial credit risk. The ASC plan's assets are restricted to investments in the SWIB Core and Variable Funds and in portfolios at BMO.

Deposits - Custodial credit risk for deposits is the risk that, in the event of the failure of a depository financial institution, the fund will not be able to recover deposits that are in the possession of an outside

MILWAUKEE PUBLIC SCHOOLS

Notes to Basic Financial Statements

For the Year Ended June 30, 2022

party. SWIB had uninsured and uncollateralized deposits totaling \$461.1 million on December 31, 2021. In addition, SWIB held certificates of deposit which were covered by depository insurance with a fair value of \$36.2 million on December 31, 2021. In total, these deposits represented 0.34% of the combined assets of the SWIB Core and Variable Funds, on December 31, 2021.

Investments - Custodial credit risk for investments is the risk that, in the event of the failure of counterparty to a transaction, SWIB will not be able to recover the value of investments that are in the possession of an outside party. The repurchase agreements held by the fund totaled \$268.8 million as of December 31, 2021. All of these repurchase agreements were tri-party agreements held in short-term cash management portfolios managed by SWIB's custodian. The underlying securities for these repurchase agreements were held by the tri-party's agent, not in SWIB's name. These agreements represented 0.18% of the combined assets of the SWIB Core and Variable Funds on December 31, 2021.

D. Concentration of Credit Risk

Concentration of credit risk is the risk of loss attributed to the magnitude of a fund's investment in a single issuer. SWIB limits concentrations of credit risk by establishing investment guidelines for individual portfolios or groups of portfolios (excluding U.S. Government and Agency Securities) that generally restrict issuer concentrations in any one company to less than 5% and under Rule 144A Securities to less than 20% of the portfolio's fair value. For the other separately managed portfolios, the policy guidelines specify that individual securities (excluding U.S. Government and Agency securities) in a separate portfolio should not exceed 7% of the value of that portfolio. None of the securities in these portfolios represented more than 5% of the fair value of the SWIB Funds.

E. Foreign Currency Risk

Foreign currency risk is the risk that changes in exchange rates will adversely affect the fair value of an investment or deposit. As of December 31, 2021, \$22.1 billion of the SWIB Core and Variable Funds currency exposure was denominated in foreign currency. For the BMO managed portfolios, there was no foreign currency exposure.

The risk definitions noted above are from the GASB. The data, risk descriptions, and guidelines for the SWIB Funds were provided by SWIB and the data and risk information for the other investment types were provided by BMO.

F. Derivative Investments

The ASC plan holds investments in SWIB Funds, which may enter into a variety of financial contracts, including futures and options, primarily to enhance performance, reduce volatility of the portfolio, and aid in cash flow management. SWIB also enters into foreign exchange positions, such as forward and spot contracts, to obtain or hedge foreign currency exposure. The financial contracts are included in SWIB Variable and Core Investments on the Statement of Net Investment Position. At June 30, 2022, the ASC plan's interest in the SWIB Core Trust was approximately 0.031% and the ASC plan's interest in the plan net position of the Variable Trust was approximately 0.035%. The SWIB Funds are exposed to credit risk in the event of non-performance by counterparties to financial instruments. Exposure to market risk, the risk that future changes in market conditions may make an instrument

MILWAUKEE PUBLIC SCHOOLS

Notes to Basic Financial Statements

For the Year Ended June 30, 2022

less valuable, is managed in accordance with risk limits through buying or selling instruments or entering into offsetting positions.

A financial futures contract is an exchange traded agreement to buy or sell a financial instrument at an agreed upon price and time in the future. Futures contracts are marked to market daily, based upon the closing market price of the contract at the board of trade or exchange on which they are traded. The resulting gain or loss is typically received or paid the following day until the contract expires. Futures contracts involve, to varying degrees, risk of loss in excess of the variation margin. Losses may arise from future changes in the value of the underlying instrument. Substantially all future contracts have a maturity date of less than one year.

Option contracts give the purchaser of the contract the right to buy (call) or sell (put) the security or index underlying the contract at an agreed upon price on or before the expiration of the option contract. The fair value of option contracts is based upon the closing market price of the contract. The seller of the contract is subject to market risk, while the purchaser is subject to credit risk and market risk to the extent of the premium paid to enter into the contract.

Foreign exchange contracts involve an agreement to exchange the currency of one country for the currency of another country at an agreed-upon price and settlement date. Spot and forward contracts entered into by SWIB are over-the-counter contracts, entered into with various counterparties. These contracts are valued daily, and guidelines have been established which provide minimum credit ratings for counterparties. Losses may arise from future changes in value of the underlying currency, or if the counterparties do not perform under the terms of the contract.

The following table summarizes the aggregate notional or contractual amounts for SWIB's derivative financial instruments at December 31, 2021 (in thousands):

	<u>12/31/2021</u>
Future contracts (Notional)	\$ 9,207,738
Foreign currency spot and forward contracts – Receivable (Fair Value)	4,217,104
Foreign currency spot and forward contracts – Payable (Fair Value)	(4,213,310)
OTC Derivative Investments subject to Counterparty Credit Risk – Receivable (Fair Value)	7,717,038
OTC Derivative Investments subject to Counterparty Credit Risk – Payable (Fair Value)	26,225
Options – puts (Notional)	(432,124)
Options – calls (Notional)	(34,435)

Fair Value Measurements. The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical

MILWAUKEE PUBLIC SCHOOLS

Notes to Basic Financial Statements

For the Year Ended June 30, 2022

assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under authoritative guidance are described as follows:

Level 1 - Investments reflect unadjusted quoted prices in active markets for identical assets.

Level 2 - Investments reflect prices that are based on inputs that are either directly or indirectly observable for an asset (including quoted prices for similar assets), which may include inputs in markets that are not considered to be active.

Level 3 - Investments reflect process based upon valuation techniques in which significant inputs or significant value drivers are unobservable.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There were no changes to the methodologies during the year ended June 30, 2022.

Money market accounts: Valued at the quoted net asset value (NAV) of shares held by the Plan at year end.

Mutual funds: Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The plan sponsor is responsible for the determination of fair value. The plan sponsor has not historically adjusted the prices obtained from pricing services. The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan sponsor believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the ASC plan's investments held at BMO at fair value as of June 30, 2022.

Investment Type	June 30, 2022			
	Level 1	Level 2	Level 3	Total
Money market accounts	\$ -	\$ 651,902	\$ -	\$ 651,902

MILWAUKEE PUBLIC SCHOOLS

Notes to Basic Financial Statements

For the Year Ended June 30, 2022

Short-Term Investment Grade Bond Funds include funds with a duration of less than three years and Intermediate-Term Investment Grade Bond Funds include funds with a duration greater than three years.

Milwaukee Board of School Directors Supplemental Early Retirement Plan for Teachers

The trustees of the Teachers Supplemental plan have adopted a Statement of Investment Policy (the Policy). It articulates asset allocation targets, guidelines for interest rate risk, credit risk, and concentration of credit risk for separately managed portfolios, and performance benchmarks. Under Wisconsin statutes, equities, other than investments in the State of Wisconsin Employee Trust Funds (SWIB funds), are subject to the statutory limitation that they may not exceed 50% of the fair value of the plan assets. The Teachers Supplemental plan has no equity investments other than those in the SWIB funds. The Policy targets equities in the SWIB Variable Fund to equal 150% of the amount in Fixed Income securities at Bank of Montreal (BMO), with the remainder of the portfolio allocated to the SWIB Core Fund. The Policy target for Fixed Income is the sum of six months benefit payments plus six months administrative expense. The portfolio is rebalanced toward the Policy targets quarterly. On June 30, 2022, the SWIB Core Fund strategic targets were 45% Global Stocks, 43% to Fixed Income, 9% to Real Estate, and 18% to Alternative Investments. The strategic target allocations total 115% reflecting the possibility of introducing leverage into the portfolio. On June 30, 2022, the SWIB Variable Fund strategic targets were 70% to U.S. Stocks, 30% to International Stocks and 0% to Alternative Investments.

Under the SWIB Investment Policy, the Core and Variable Fund asset allocations will be reviewed monthly for potential rebalancing. For the SWIB funds, when a major liquid asset class (i.e., Total Public Equities or Total Public Fixed Income) exceeds plus or minus 4% of its target allocation, a rebalancing exercise will be initiated. The Teachers Supplemental plan's investment portfolio (the Fund) has two investment managers: State of Wisconsin Investment Board (SWIB) and BMO. Each investment manager is responsible for managing the portion of the Fund assets under its control in accordance with its policy and guidelines. BMO is also responsible for managing its plan portfolios in accordance with the guidelines adopted by the trustees. The District completes a comprehensive review of the fund relative to the Policy on an annual basis.

A. Interest Rate Risk

Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. The District uses both duration and weighted average maturity as methods of monitoring interest rate risk. SWIB data is expressed in terms of modified duration and option adjusted duration. Modified duration, which is stated in years, is the measure of price sensitivity of a fixed income security to an interest rate change of 100 basis points. The calculation is based on the weighted average of the present value of all cash flows. Some pooled investments are analyzed using an option adjusted duration calculation which is similar to the modified duration method. Option adjusted duration incorporates the duration shortening effect of any embedded call provisions in securities.

MILWAUKEE PUBLIC SCHOOLS

Notes to Basic Financial Statements

For the Year Ended June 30, 2022

The following schedule summarizes the duration and fair value of the investments at BMO as of June 30, 2022 and at the fair value at SWIB as of June 30, 2022.

<u>Investment</u>	<u>Duration (Years)</u>	<u>Fair Value</u>
SWIB Core and Variable Funds	Details on the SWIB fixed income investments are as of 12/31/21 are included below.	\$ 162,130,321
Money market accounts and cash equivalents (at BMO)	0.19	\$ 6,136,280
Mutual Funds (at BMO)	3.96	\$ 8,395,033

SWIB information provided within the accompanying financial statements is as of December 31, 2021. There has been no significant change in SWIB's Investment strategies, asset allocations and Investment pricing methods from December 31, 2021 to June 30, 2022. Based on the SWIB information, the District feels the information presented for SWIB Investments as of December 31, 2021 is a fair representation for June 30, 2022.

The following schedule displays the duration or weighted average maturity of the investments by type of investment at SWIB as of December 31, 2021.

<u>SWIB Investments</u>	<u>Duration (Years)</u>	<u>Fair Value</u>
Asset Backed Securities	3.3	\$ 833 Million
Commercial Paper	69 days	\$ 284 Million
Corporate Bonds and Private Placements	6.9	\$ 14,676 Million
Foreign Gov't/Agency Bonds	7.2	\$ 2,269 Million
Municipal Bonds	11.5	\$ 189 Million
Repurchase Agreements	3 days	\$ 269 Million
U.S. Government Agencies	4.8	\$ 2,313 Million
U.S. TIPS	7.6	\$ 21,183 Million
U.S. Treasury Securities	8.5	\$ 5,577 Million
Commingled Funds	57 days to 7.6	\$ 7,092 Million

Note: On December 31, 2021, SWIB's Core Fund and Variable Fund had \$136.0 billion and \$10.9 billion in assets, respectively. As of June 30, 2021, the Plan's assets were invested 84% in the SWIB Core Fund, 8% in the SWIB Variable Fund, and 8% in portfolios managed by BMO. For SWIB, the duration of each U.S. Fixed Income portfolio shall remain within 15% of the assigned benchmark's duration. For the bond portfolio for the payment of benefits and expenses, the duration will be within a range of 50% to 150% of the duration of the benchmark index.

B. Credit Risk

Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. The following schedule displays the credit quality percentage distributions of the fixed income investments in the SWIB Core and Variable Funds as of December 31, 2021 and in the separate accounts managed by BMO on June 30, 2022. For SWIB, the schedule displays the lowest credit rating assigned by several nationally recognized statistical rating organizations.

**As of December 31, 2013, SWIB's holdings

of UST and AGY are included in the "AA" category

***Additional information on the Fixed Income Fund Commingled funds in the SWIB portfolio is in the table labeled "Investments Measured at Net Asset Value". The weighted average quality of the mutual funds in the BMO portfolio was A (excluding BMO's money market fund which was rated AAA).

SWIB's Core Fund's Government/Credit Portfolio shall maintain an average quality rating of A or better. Non-Investment Grade securities shall not exceed 15% of the portfolio's fair value. For SWIB's Global Bond Portfolio, overall portfolio quality must be maintained at an average rating of A or better. Corporate securities may not exceed 20% of the portfolio's fair value and must be rated at least "B-" and above. Corporate securities rated "BB+" or lower but no lower than "B-" may not exceed 5% of the portfolio's fair value. Emerging market sovereign debt is limited to (a) securities that are rated "B-" or above and (b) debt of countries in the J.P. Morgan Emerging Market Bond Index Global Diversified: Emerging market corporate debt is limited to (a) securities that are rated "B-" or above and (b) issuers in the Bloomberg Barclays US Credit Index. Relative emerging market debt shall not exceed 10% of the portfolio's fair value.

C. Custodial Credit Risk

The Teachers Supplemental plan does not have a deposit or investment policy specifically related to custodial credit risk. The Plan's assets are restricted to investments in the SWIB Core and Variable Funds and in portfolios at BMO.

Deposits - Custodial credit risk for deposits is the risk that, in the event of the failure of a depository financial institution, the fund will not be able to recover deposits that are in the possession of an outside party. SWIB had uninsured and uncollateralized deposits totaling \$461.1 million on December 31, 2021. In addition, SWIB held certificate of deposit which were covered by depository insurance with a fair value of \$36.2 million on December 31, 2021. In total, these deposits represented 0.34% of the combined assets of the SWIB Core and Variable Funds on December 31, 2021.

MILWAUKEE PUBLIC SCHOOLS

Notes to Basic Financial Statements

For the Year Ended June 30, 2022

Investments - Custodial credit risk for investments is the risk that, in the event of the failure of a counter party to a transaction, SWIB will not be able to recover the value of investments that are in the possession of an outside party. The repurchase agreements held by the fund totaled \$268.8 million as of December 31, 2021. All of these repurchase agreements were tri-party agreements held in short-term cash management portfolios managed by SWIB's custodian. The underlying securities for these repurchase agreements were held by the tri-party's agent, not in SWIB's name. These agreements represented 0.18% of the combined assets of the SWIB Core and Variable Funds on December 31, 2021.

D. Concentration of Credit Risk

Concentration of credit risk is the risk of loss attributed to the magnitude of a fund's investment in a single issuer. SWIB limits concentrations of credit risk by establishing investment guidelines for individual portfolios or groups of portfolios (excluding U.S. Government and Agency Securities) that generally restrict issuer concentrations in any one company or Rule 144A securities to less than 5% of the portfolio's fair value. For the other separately managed portfolios, the policy guidelines specify that individual securities (excluding U.S. Government and Agency securities) in a separate portfolio should not exceed 7% of the value of that portfolio. None of the securities in these portfolios represented more than 5% of the fair value of the SWIB Funds.

E. Foreign Currency Risk

Foreign currency risk is the risk that changes in exchange rates will adversely affect the fair value of an investment or deposit. As of December 31, 2021, \$22.1 billion of the SWIB Core and Variable Funds' was denominated in foreign currency. For the BMO managed portfolios, there was no foreign currency exposure.

The risk definitions noted above are from the GASB. The data, risk descriptions, and guidelines for the SWIB Funds were provided by SWIB and the data and risk information for the other investment types were provided by BMO.

F. Derivative Investments

The Plan holds investments in SWIB Funds, which may enter into a variety of financial contracts, including futures and options, primarily to enhance performance, reduce volatility of the portfolio, and aid in cash flow management. SWIB also enters into foreign exchange positions, such as forward and spot contracts, to obtain or hedge foreign currency exposure. The financial contracts are included in SWIB Variable and Core Investments on the Statement of Net Investment Position. At June 30, 2022, the Plan's interest in the plan net position of the SWIB Core Trust was approximately 0.109% and the Plan's interest in the plan net position of the Variable Trust was approximately 0.126%. The SWIB Funds are exposed to credit risk in the event of non-performance by counterparties to financial instruments. Exposure to market risk, the risk that future changes in market conditions may make an instrument less valuable, is managed in accordance with risk limits through buying or selling instruments or entering into offsetting positions.

A financial futures contract is an exchange traded agreement to buy or sell a financial instrument at an agreed upon price and time in the future. Futures contracts are marked to market daily, based upon the closing market price of the contract at the board of trade or exchange on which they are traded. The

MILWAUKEE PUBLIC SCHOOLS

Notes to Basic Financial Statements

For the Year Ended June 30, 2022

resulting gain or loss is typically received or paid the following day until the contract expires. Futures contracts involve, to varying degrees, risk of loss in excess of the variation margin.

Losses may arise from future changes in the value of the underlying instrument. Substantially all future contracts have a maturity date of less than one year.

Option contracts give the purchaser of the contract the right to buy (call) or sell (put) the security or index underlying the contract at an agreed upon price on or before the expiration of the option contract. The fair value of option contracts is based upon the closing market price of the contract. The seller of the contract is subject to market risk, while the purchaser is subject to credit risk and market risk to the extent of the premium paid to enter into the contract.

Foreign exchange contracts involve an agreement to exchange the currency of one country for the currency of another country at an agreed-upon price and settlement date. Spot and forward contracts entered into by SWIB are over-the-counter contracts, entered into with various counterparties. These contracts are valued daily, and guidelines have been established which provide minimum credit ratings for counterparties. Losses may arise from future changes in value of the underlying currency, or if the counterparties do not perform under the terms of the contract.

The following table summarizes the aggregate notional or fair value amounts for SWIB's derivative financial instruments at December 31, 2021 (in thousands):

	12/31/2021
Future contracts (Notional)	\$ 9,207,738
Foreign currency spot and forward contracts – Receivable (Fair Value)	4,217,104
Foreign currency spot and forward contracts – Payable (Fair Value)	(4,213,310)
OTC Derivative Investment subject to Counterparty Credit Risk – Receivable (Fair Value)	7,717,038
OTC Derivative Investment subject to Counterparty Credit Risk – Payable (Fair Value)	26,225
Options – puts (Notional)	(432,124)
Options – calls (Notional)	(34,435)

Fair Value Measurements. The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under authoritative guidance are described as follows:

MILWAUKEE PUBLIC SCHOOLS

Notes to Basic Financial Statements

For the Year Ended June 30, 2022

- Level 1 - Investments reflect unadjusted quoted prices in active markets for identical assets.
- Level 2 - Investments reflect prices that are based on inputs that are either directly or indirectly observable for an asset (including quoted prices for similar assets), which may include inputs in markets that are not considered to be active.
- Level 3 - Investments reflect process based upon valuation techniques in which significant inputs or significant values drivers are unobservable.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for BMO assets measured at fair value. There were no changes to the methodologies during the year ended June 30, 2022.

Money market accounts: Valued at the quoted net asset value (NAV) of shares held by the Plan at year end.

Mutual funds: Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The plan sponsor is responsible for the determination of fair value. The plan sponsor has not historically adjusted the prices obtained from pricing services. The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Teachers Supplemental plan's investments held at BMO at fair value as of June 30, 2022.

Investment Type	June 30, 2022			
	Level 1	Level 2	Level 3	Total
Money market accounts	\$ -	\$ 6,136,280	\$ -	\$ 6,136,280
Mutual Funds:				
Intermediate-Term				
Investment Grade Bond Funds	8,395,033	-	-	8,395,033
Investments at Fair Value	\$ 8,395,033	\$ 6,136,280	\$ -	\$ 14,531,313

Short-Term Investment Grade Bond Funds include funds with a duration of less than three years and Intermediate-Term Investment Grade Bond Funds include funds with a duration greater than three years.

(3) Receivables

Receivables as of June 30, 2022 for the District’s individual major funds and nonmajor funds in the aggregate, including applicable allowances for uncollectible accounts, are as follows:

	<u>General Fund</u>	<u>Construction Fund</u>	<u>School Nutrition Services Fund</u>	<u>Nonmajor Fund</u>	<u>Total</u>
Receivables:					
Accounts	\$ 13,341,488	199,984	—	—	\$ 13,541,472
Intergovernmental-federal	145,491,417	—	1,678,956	9,177,525	156,347,898
Intergovernmental-state	18,446,164	—	320	—	18,446,484
Gross receivables	<u>177,279,069</u>	<u>199,984</u>	<u>1,679,276</u>	<u>9,177,525</u>	<u>188,335,854</u>
Less allowance for uncollectibles	<u>(949,154)</u>	<u>—</u>	<u>—</u>	<u>—</u>	<u>(949,154)</u>
Total receivables, net	<u>\$ 176,329,915</u>	<u>199,984</u>	<u>1,679,276</u>	<u>9,177,525</u>	<u>\$ 187,386,700</u>

The District expects to collect all receivables within one year except for \$366,831.

(4) Interfund Transactions

Interfund borrowings are reflected as “due from/to other funds” on the accompanying financial statements.

The following balances as of June 30, 2022 represent due to/from balances among all funds:

	<u>Due from other funds</u>			
	<u>General Fund</u>	<u>School Nutrition Services Fund</u>	<u>Nonmajor Fund</u>	<u>Total</u>
Due to other funds:				
General Fund	\$ —	\$ 2,787,463	\$ —	\$ 2,787,463
Construction fund	<u>37,050,971</u>	<u>—</u>	<u>1,531,211</u>	<u>38,582,182</u>
Total	<u>\$ 37,050,971</u>	<u>2,787,463</u>	<u>1,531,211</u>	<u>\$ 41,369,645</u>

Balances resulted from the timing difference between the dates that interfund goods and services are provided or reimbursable expenditures occur.

The following balances as of June 30, 2022 represent transfer in/out balances among all funds:

<u>Fund Transferred To</u>	<u>Fund Transferred From</u>	<u>Amount</u>	<u>Reason</u>
Construction	General	\$36,000,000	To fund construction trust payment
Nonmajor-Debt Service	General	28,168,566	To fund current year debt service
Nonmajor-Categorically Aided Programs	General	5,831,815	To fund current year expenditures

MILWAUKEE PUBLIC SCHOOLS

Notes to Basic Financial Statements

For the Year Ended June 30, 2022

(6) Short-term Borrowings

On an interim basis, to finance the District's general operating expenses pending receipt of state school aid payments, the District has the ability to draw on a line of credit by the City of Milwaukee. There were no draws made on the line of credit for the fiscal year ended June 30, 2022.

(7) Long-term Obligations

The City school bonds, capital appreciation notes and promissory notes outstanding at June 30, 2022 totaled \$328,104,202. Of this total, \$210,540 represents school bonds and notes that will be repaid by the City of Milwaukee (City) using the City's property tax levy. As the District does not have an obligation to repay these bonds and notes from its own property tax levy, the debt is not reflected in the District's long-term obligations. The remaining balance of \$327,893,662 represents bonds, capital appreciation notes and promissory notes, the debt service of which is being reimbursed by the District to the City from the District's property tax levy. Since the District does have an obligation to repay this debt under intergovernmental cooperation agreements with the City, this debt is reflected in the District's long-term obligations.

MILWAUKEE PUBLIC SCHOOLS

Estimated payments of compensated absences, other post-employment benefits, net pension liability and insurance claims are not included in the debt service requirement schedules. The compensated absences, OPEB, net pension liability and insurance claims liabilities attributable to governmental activities will be liquidated primarily by the general fund.

The total liability for workers' compensation claims was approximately \$1.1 million.

Aggregate scheduled debt service requirements for the retirement of the intergovernmental cooperation agreement debt as of June 30, 2022 are as follows:

	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
Fiscal year ended June 30:			
2023	\$ 23,233,850	13,980,571	37,214,421
2024	16,223,850	13,478,287	29,702,137
2025	24,336,538	12,967,551	37,304,089

2043 – 2044	12,325,000	575,142	12,900,142
Total	<u>\$ 387,296,857</u>	<u>150,719,436</u>	<u>538,016,293</u>

Interest on the \$130,850,000 variable rate pension debt (index-linked bonds), included in the schedule of future payments above, is based upon the one-month LIBOR rate (the London Interbank Offered Rate) plus 25 basis points (.25%) and is adjusted monthly. The LIBOR interest rate was 1.78671% as of June 30, 2022.

Starting in 2015, the District entered into seven series of promissory notes in the aggregate principal amount of \$129,118,000 to fund certain remodeling, renovation and equipping projects at District schools. The financing vehicles for the promissory notes were lease revenue bonds Series 2015A, 2016A, 2016B, 2016C, 2017, 2017B, and 2017C issued through the Redevelopment Authority of the City of Milwaukee (RACM).

The District is also holding approximately \$19.6 million of restricted cash and investments under this promissory note arrangement.

MILWAUKEE PUBLIC SCHOOLS

Notes to Basic Financial Statements

For the Year Ended June 30, 2022

The maximum allowable amount of City debt (including school debt) outstanding at any time shall not be greater than 5% of the total equalized taxable property in the City (Wisconsin State Statute Chapter 67.03). Wisconsin State Statute Chapter 119.49 further authorizes referendum-approved bonding in an additional amount equivalent to 2% of the equalized taxable property for school capital purposes. The total equalized taxable property in the City for calendar year 2022 was \$39,448,239,000 and the 5% debt limit was \$1,972,411,950. No referendum-approved debt is outstanding at June 30, 2022.

The District has pledged future Intradistrict Aid revenues to repay \$9,915,000 in Neighborhood School Initiative Bonds due fiscal year ending June 30, 2023. The bonds are payable solely from pledged revenues and are payable to bondholders through August 1, 2023. Annual principal and interest payments on the bonds are expected to require 32.7% of net revenues at the point of the highest bondholder debt service payment, due August 1, 2023. The total principal and interest remaining to be paid on the bonds as of June 30, 2022 is \$10,113,300. Principal and interest paid for the year ended June 30, 2022 was \$9,668,400 while the Intradistrict Aid revenues were \$30,925,725.

Revenue debt payable at June 30, 2022 for Neighborhood Schools Initiative Bonds is \$10,113,300, which consists of \$9,915,000 and \$198,300 of principal and interest, respectively to be paid in 2023.

Derivative Instruments - Interest Rate Swap Agreements

In December 2003, the District entered into contracts to hedge its exposure to fluctuating interest rates associated with the variable rate bonds that it issued to fund an unfunded actuarial accrued liability for pensions. These contracts are evaluated pursuant to GASB Statement No. 53, Accounting and Financial reporting for Derivative Instruments, to determine whether they effectively hedge the expected cash flows associated with interest rate exposures.

The District applies hedge accounting for derivatives that are deemed effective hedges. Under hedge accounting, the increase (decrease) in the fair value of a hedge is reported as a deferred cash flow hedge on the statement of net position. For the reporting period, all of the District's derivatives meet the effectiveness test.

The following is a summary of the fair values and notional amounts of derivative instruments outstanding as of June 30, 2022 and the changes in fair value of such derivative instruments for the year then ended as reported in the 2022 financial statements are as follows (amounts in thousands; gains shown as positive amounts, losses as negative):

Notes to Basic Financial Statements

For the Year Ended June 30, 2022

Objective. As a means to lower its borrowing costs when compared against fixed-rate bonds at the time of issuance in December 2003, the District entered into three interest rate swap agreements in connection with the \$130,850,000 Taxable Pension Funding Bonds, 2003 Series D (originally variable auction rate securities, converted to index-linked bonds on July 7, 2005). The intention of the swap was to effectively change the variable interest rate on the bonds to a synthetic fixed rate of 5.56%. The conversion to index-linked bonds eliminated liquidity and basis risk, and maintained the swap agreements, but with a fixed rate cost to the District of 5.61%.

Terms. The bonds and the related swap agreements mature on October 1, 2043 and the swaps' aggregate notional amount of \$130,850,000 matches the \$130,850,000 par amount of the variable-rate bonds. The swaps were entered into at the same time the bonds were issued in December 2003, and continue to remain in effect after the conversion to index-linked bonds on July 7, 2005. Starting in fiscal year 2024, the notional value of the swap and the principal amount of the bonds decline until the debt is completely retired. Under the swap agreements, the District pays the counterparty a fixed payment of 5.56% and receives a variable payment computed as the 1-month London Interbank Offered rate (LIBOR) plus 20 basis points (0.20%). Conversely, the District pays the bond's index linked coupon rate of LIBOR plus 25 basis points (0.25%). The District is monitoring the scheduled discontinuation of LIBOR in 2023.

Fair Value. The fair values of the interest rate swaps were estimated using the zero-coupon method. This method calculates the future net settlement payments required by the swap, assuming that the current forward rates implied by the yield curve correctly anticipate future spot interest rates. These payments are then discounted using the spot rates implied by the current yield curve for hypothetical zero-coupon bonds due on the date of each future net settlement on the swaps.

Risks of Derivative Instruments

Credit risk – Credit risk is the risk of loss due to a counterparty defaulting on its obligations. The District seeks to minimize credit risk by requiring counterparty collateral posting provisions in its hedging derivative instruments. These terms require full collateralization should the counterparties credit ratings fall below certain levels.

As of June 30, 2022, the District was not exposed to credit risk because the swaps had negative fair value. There are three swap counterparties with whom the District has a total of three swap agreements. The credit ratings of the counterparties are provided in the prior table. To mitigate the potential for credit risk, if the credit quality is below Aa3 by Moody's Investor's Service, AA- by Standard & Poor's, and AA- by Fitch Ratings, the fair value of the swap will be fully collateralized by the counterparty. Collateral is posted with the trustee of the bonds.

Interest rate risk – The District is exposed to interest rate risk on its interest rate swap. On its pay-variable, received-fixed interest rate swap, as LIBOR increases, the District's net payment on the swap increases. Alternatively, on its pay-fixed, receive-variable interest rate swap, as LIBOR or the Security Industry and Financial Markets Associations (SIFMA) swap index decreases, the District's net payment on the swap increases.

Basis risk – Basis risk is the risk that arises when a hedged item and a derivative that is attempting to hedge that item are based on different indices. As a result of the District's conversion to index-linked bonds from auction rate securities, the basis risk exposure to the District from its swap agreements was eliminated.

MILWAUKEE PUBLIC SCHOOLS

Notes to Basic Financial Statements

For the Year Ended June 30, 2022

Termination risk – Termination risk is the risk that a derivative will terminate prior to its scheduled maturity due to a contractual event. Contractual events include bankruptcy, illegality, default and mergers in which the successor entity does not meet credit criteria. The District or the counterparty may terminate a swap if the other party fails to perform under the terms of the contract. The swaps may be terminated by the District at any time. A swap may be terminated by a counterparty if the District’s credit quality rating falls below “BBB-” as issued by Standard & Poor’s or “Baa3” by Moody’s Investors Service. If a swap is terminated, the variable-rate bonds will no longer carry a synthetic interest rate and the District would be subject to interest costs reflective of the variable interest rates. Also, if at the time of termination, the swap has a negative fair value, the District would be liable to the counterparty for a payment equal to the swap’s fair value. At June 30, 2022 the swap’s currently have a cumulative negative fair value of \$27.708 million.

Rollover risk – Rollover risk occurs when the hedging derivative instrument does not extend to the maturity of the hedgeable item. When the hedging derivative instrument terminates, the hedgeable item will no longer have the benefit of the hedging derivative instrument. Because the District’s swap agreements extend to the maturity of the hedged debt, the District is not exposed to rollover risk.

Swap payments and associated debt – Using rates as of June 30, 2022, debt service requirements of the variable-rate index-linked bonds and net swap payments, assuming current interest rates remain the same for their term, were as follows (as rates vary, variable rate interest payments and net swap payments will vary):

	Variable-rate bonds		Interest rate swaps, net	Total
	Principal	Interest		
Fiscal year ended June 30:				
2023	\$ —	\$ 233,791	\$ 7,106,894	\$ 7,340,685

2043 - 2044	12,325,000	10,303	564,839	12,900,142
Totals	\$ 130,850,000	\$ 1,989,969	\$ 82,642,024	\$ 215,481,993

(8) Risk Management

The District is exposed to various types of risk of loss including torts; theft of, damage to, or destruction of assets; errors or omissions; job-related illnesses or injuries to employees; natural disasters; and environmental occurrences. Also included are risks of loss associated with providing health, dental, and life insurance benefits to employees and retirees.

The District purchases commercial property insurance, auto liability insurance, errors and omissions insurance, fiduciary liability and excess liability insurance. The District assumes a \$250,000 self-insured retention for any one loss or occurrence under its self-insured general liability program. The District purchases excess liability insurance for its general liability that provides per-occurrence and general aggregate protection. The District is fully self-insured for environmental-related liabilities and purchases no

MILWAUKEE PUBLIC SCHOOLS

Notes to Basic Financial Statements

For the Year Ended June 30, 2022

excess environmental liability insurance. Settled claims have not exceeded the commercial coverage in any of the past three years. There were no significant reductions in coverage compared to the prior year.

The reduction in abuse and molestation liability limits effective July 1, 2013 remain in place. The coverage provided under the general liability policy is a limit of \$1 million each incident with a \$2,000,000 annual aggregate, subject to a \$250,000 self-insured retention per incident.

The District provides health insurance benefits to employees and retirees through a self-insured PPO/Indemnity plan, self-insured exclusive provider organization (EPO) plan, and a self-insured high deductible health plan (HDHP) with a health savings account (HSA) option. The District purchases stop-loss insurance for all three of the above medical and corresponding prescription drug (Rx) plans. The Rx benefits are self-funded and offered in concert with the medical plan. Should an employee elect to forego health insurance, there is a \$500 annual opt-out program.

Milliman, an independent actuary who is a member of the American Academy of Actuaries (AAA), provides a calculation of Equivalent Premium Rates each calendar year. The 2021 rate information was received September 14, 2020 and the 2022 rate information was received September 21, 2021. The rates developed by Milliman are intended to be used by the District to calculate the employee and retiree contributions for each calendar year in order to ensure overall financial soundness of the plan.

Effective January 1, 2015, the District approved providing post-Medicare benefits to eligible retirees through a fully-insured Medicare Advantage plan. This fully-insured Medicare Advantage plan provides comparable benefits to the current self-insured PPO/Indemnity and EPO plans, however 2022 premium rates are 77% lower than the monthly premium for the EPO plan, 77% lower than the monthly premium for the PPO/Indemnity Plan, and 76% lower than the HDHP plan.

Life insurance benefits are provided for active and retired employees through a variable funding life insurance program. Life insurance costs that exceed certain rates are funded by the District. All benefit eligible employees receive life insurance valued at one times their annual base salary. Effective July 1, 2018, the District discontinued offering to pay long-term disability, and now provides a voluntary (employee paid) supplemental life, short-term disability, and long-term disability insurance programs.

The District provides dental insurance benefits through a fully insured dental maintenance organization (DMO) and through a self-insured indemnity plan. The District does not purchase stop-loss insurance for its self-insured dental indemnity plan.

Additionally, the District provides a fully insured vision plan and medical and dependent care flexible spending programs.

The District is fully self-insured for worker's compensation benefits and does not purchase stop-loss insurance.

A liability for claims is reported when it is probable that a loss has occurred and the amount of the loss can be reasonably estimated. Liabilities include an amount for claims that have been incurred but not reported. Claim liabilities are calculated considering the effects of recent claim settlement trends including frequency and amount of payouts and other economic and social factors. The claim liabilities also include estimated costs for claim administration fees and outside legal and medical assistance costs. The liability for claims and judgments is reported in the general fund.

MILWAUKEE PUBLIC SCHOOLS

Notes to Basic Financial Statements

For the Year Ended June 30, 2022

Changes in the balance of claim liabilities during the past two years are as follows:

	Year ended June 30	
	2022	2021
Beginning of year liability	\$ 19,311,456	18,025,896
Current year claims and changes in estimate	171,615,503	187,167,078
Claim payments	(167,745,502)	(185,881,518)
End of year liability	\$ 23,181,457	19,311,456

The District has recognized the liability for health and dental benefits, which totaled \$20,473,142 and \$17,661,031 as of June 30, 2022 and 2021, respectively, in the general fund. The District has also recognized a liability of \$479,878 and \$125,519 as of June 30, 2022 and 2021, respectively, in the general fund for workers' compensation claims that were due as of the respective year-end. All other claims liabilities are considered to be long-term liabilities and are recognized in the government-wide financial statements.

(9) Retirement Plans

Wisconsin Retirement System

Plan description. The WRS is a cost-sharing multiple-employer defined benefit pension plan. WRS benefits and other plan provisions are established by Chapter 40 of the Wisconsin Statutes. Benefit terms may only be modified by the legislature. The retirement system is administered by the Wisconsin Department of Employee Trust Funds (ETF). The system provides coverage to all eligible State of Wisconsin, local government and other public employees. All employees, initially employed by a participating WRS employer on or after July 1, 2011, and expected to work at least 1200 hours a year (880 hours for teachers and school district educational support employees) and expected to be employed for at least one year from employee's date of hire are eligible to participate in the WRS.

ETF issues a standalone Annual Comprehensive Financial Report (ACFR), which can be found at <http://etf.wi.gov/about-etf/reports-and-studies/financial-reports-and-statements>.

Additionally, ETF issued a standalone Wisconsin Retirement System Financial Report, which can also be found using the link above.

Vesting. For employees beginning participation on or after January 1, 1990, and no longer actively employed on or after April 24, 1998, creditable service in each of five years is required for eligibility for a retirement annuity. Participants employed prior to 1990 and on or after April 24, 1998, and prior to July 1, 2011, are immediately vested. Participants who initially became WRS eligible on or after July 1, 2011, must have five years of creditable service to be vested.

Benefits provided. Employees who retire at or after age 65 (54 for protective occupation employees and 62 for elected officials and executive service retirement plan participants, if hired before 12/31/2016) are entitled to a retirement benefit based on a formula factor, their final average earnings, and creditable service.

MILWAUKEE PUBLIC SCHOOLS

Notes to Basic Financial Statements

For the Year Ended June 30, 2022

Final average earnings is the average of the participant's three highest annual earnings periods. Creditable service includes current service and prior service for which a participant received earnings and made contributions as required. Creditable service also includes creditable military service. The retirement benefit will be calculated as a money purchase benefit based on an employee's contributions plus matching employer's contributions, with interest, if that benefit is higher than the formula benefit.

Vested participants may retire at age 55 (50 for protective occupations) and receive an actuarially-reduced benefit. Participants terminating covered employment prior to eligibility for an annuity may either receive employee-required contributions plus interest as a separation benefit or leave contributions on deposit and defer application until eligible to receive a retirement benefit.

The WRS also provides death and disability benefits for employees.

Post-retirement adjustments. The Employee Trust Funds Board may periodically adjust annuity payments from the retirement system based on annual investment performance in accordance with s. 40.27, Wis. Stat. An increase (or decrease) in annuity payments may result when investment gains (losses), together with other actuarial experience factors, create a surplus (shortfall) in the reserves, as determined by WRS' consulting actuary. Annuity increases are not based on cost of living or other similar factors. For Core annuities, decreases may be applied only to previously granted increases. By law, Core annuities cannot be reduced to an amount below the original guaranteed amount (the floor) set at retirement. The Core and Variable annuity adjustment percentages granted during recent years are as follows:

<u>Year</u>	<u>Core Fund Adjustment</u>	<u>Variable Fund Adjustment</u>
2012	(7.0) %	(7.0) %
2013	(9.6)	9.0
2014	4.7	25.0
2015	2.9	2.0
2016	0.5	(5.0)
2017	2.0	4.0
2018	2.4	17.0
2019	0.0	(10.0)
2020	1.7	21.0
2021	5.1	13.0

Contributions. Required contributions are determined by an annual actuarial valuation in accordance with Chapter 40 of the Wisconsin Statutes. The employee required contribution is

MILWAUKEE PUBLIC SCHOOLS

Notes to Basic Financial Statements

For the Year Ended June 30, 2022

one-half of the actuarially determined contribution rate for general category employees, including teachers, and Executives and Elected Officials. Starting on January 1, 2016, the Executives and Elected Officials category was merged into the General Employee Category. Required contributions for protective employees are the same rate as general employees. Employers are required to contribute the remainder of the actuarially determined contribution rate. The employer may not pay the employee required contribution unless provided for by an existing collective bargaining agreement.

During the reporting period, the WRS recognized \$26,202,524 in contributions from the District.

Contribution rates for the plan year ended as reported on June 30, 2022 are:

<u>Employee Category</u>	<u>Employee</u>	<u>Employer</u>
General (including teachers, executives and elected officials)	6.75%	6.75%

At June 30, 2022, the District reported an asset of \$179,587,826 for its proportionate share of the net pension asset. The net pension asset was measured as of December 31, 2021, and the total pension liability used to calculate the net pension asset was determined by an actuarial valuation as of December 31, 2020 rolled forward to December 31, 2021. No material changes in assumptions of benefit terms occurred between the actuarial valuation date and the measurement date. The District's proportion of the net pension asset was based on the District's share of contributions to the pension plan relative to the contributions of all participating employers. At December 31, 2021, the District's proportion was 2.22808594% which was a decrease of 0.03160703% from its proportion measured as of December 31, 2020.

For the year ended June 30, 2022, the District recognized pension revenue of \$15,190,935.

At June 30, 2022, the District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 290,115,056	\$ 20,920,428
Changes in assumptions	33,504,947	-
Net differences between projected and actual earnings on pension plan investments	-	401,752,901
Changes in proportion and differences between employer contributions and proportionate share of contributions	709,014	890,700
Employer contributions subsequent to the measurement date	14,222,025	-
Total	\$ 338,551,042	\$ 423,564,029

The District reported \$14,222,025 as deferred outflows related to pension resulting from the WRS Employer's contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability (asset) in the year ended June 30, 2023. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pension will be recognized in pension expense as follows:

MILWAUKEE PUBLIC SCHOOLS

Notes to Basic Financial Statements

For the Year Ended June 30, 2022

<u>Year ended June 30:</u>	<u>Net Deferred Outflows/ (Inflows) of Resources</u>
2023	\$ (8,593,900)
2024	(48,867,114)
2025	(21,347,460)
2026	(20,426,538)

Actuarial assumptions. The total pension liability in the December 31, 2021, actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Actuarial Valuation Date:	December 31, 2020
Measurement Date of Net Pension Asset:	December 31, 2021
Experience Study:	January 1, 2018 - December 31, 2020 Published November 18, 2021
Actuarial Cost Method:	Entry Age Normal
Asset Valuation Method:	Fair Value
Long-Term Expected Rate of Return:	6.8%
Discount Rate:	6.8%
Salary Increases:	
Inflation	3.0%
Seniority/Merit	0.1%-5.6%
Mortality:	2020 WRS Experience Mortality Table
Post-retirement Adjustments*:	1.7%

**No post-retirement adjustment is guaranteed. Actual adjustments are based on recognized investment return, actuarial experience and other factors. 1.7% is the assumed annual adjustment based on the investment return assumption and the post-retirement discount rate.*

Actuarial assumptions are based upon an experience study conducted in 2021 that covered a three-year period from January 1, 2018 to December 31, 2020. Based on this experience study, actuarial assumptions used to measure the Total Pension Liability changed from prior year, including the discount rate, long-term expected rate of return, post-retirement adjustment, price inflation, mortality and separation rates. The Total Pension Liability for December 31, 2021 is based upon a roll-forward of the liability calculated from the December 31, 2020 actuarial valuation.

Long-term expected return on plan assets. The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

MILWAUKEE PUBLIC SCHOOLS

Notes to Basic Financial Statements

For the Year Ended June 30, 2022

Core Fund Asset Class	Asset Allocation %	Long-Term	Long-Term
		Expected Nominal Rate of Return %	Expected Real Rate of Return % ²
Global Equities	52.0 %	6.8 %	4.2 %
Fixed Income	25.0	4.3	1.8
Inflation Sensitive Assets	19.0	2.7	0.2
Real Estate	7.0	5.6	3.0
Private Equity/Debt	12.0	9.7	7.0
Total Core Fund ³	115.0	6.6	4.0
Variable Fund Asset Class			
US Equities	70.0	6.3	3.7
International Equities	30.0	7.2	4.6
Total Variable Fund	100.0	6.8	4.2

Asset Allocations are managed within established ranges, target percentages may differ from actual monthly allocations.

² New England Pension Consultants Long Term US CPI (Inflation) Forecast 2.50%

³ The investment policy used for the Core Fund involves reducing equity exposure by leveraging lower-volatility assets, such as fixed income securities. This results in an asset allocation beyond 100%. Currently, an asset allocation target of 15% policy leverage is used, subject to an allowable range of up to 20%.

Single discount rate. A single discount rate of 6.8% was used to measure the total pension liability, as opposed to a discount rate of 7.00% for the prior year. This single discount rate is based on the expected rate of return on pension plan investments of 6.80% and a municipal bond rate of 1.84% (Source: Fixed-income municipal bonds with 20 years to maturity that include only federally tax-exempt municipal bonds as reported in Fidelity Index’s “20-year Municipal GO AA Index” as of December 31, 2021. In describing this index, Fidelity notes that the Municipal Curves are constructed using option-adjusted analytics of a diverse population of over 10,000 tax-exempt securities.). Because of the unique structure of WRS, the 6.80% expected rate of return implies that a dividend of approximately 1.7% will always be paid. For purposes of single discount rate, it was assumed that the dividend would always be paid. The projection of cash flows used to determine this single discount rate assumed that plan member contributions will be made at the current contribution rate and that employer contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. Based on these assumptions, the pension plan’s fiduciary net position was projected to be available to make all projected future benefit payments (including expected dividends) of current plan members. Therefore, the municipal bond rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the District’s proportionate share of the net pension liability (asset) to changes in the discount rate. The following presents the district’s proportionate share of the net pension liability (asset) calculated using the discount rate of 6.80 percent, as well as what the district’s proportionate share of the net pension liability (asset) would be if it were calculated using a discount rate that is 1-percentage-point lower (5.80 percent) or 1-percentage-point higher (7.80 percent) than the current rate:

MILWAUKEE PUBLIC SCHOOLS

Notes to Basic Financial Statements

For the Year Ended June 30, 2022

	1% Decrease to Discount Rate (5.80%)	Current Discount Rate (6.80%)	1% Increase to Discount Rate (7.80%)
District's proportionate share of the net pension liability (asset)	\$ 127,430,296	\$ (179,587,826)	\$ (400,583,748)

Pension plan fiduciary net position. Detailed information about the pension plan's fiduciary net position is available in separately issued financial statements available at

<https://etf.wi.gov/about-etf/reports-and-studies/financial-reports-and-statements>.

At June 30, 2022, the District reported a payable to the pension plan of \$1,718,484, which represents contractually required contributions outstanding as of the end of the year.

Employees' Retirement System of the City of Milwaukee

Plan Description. The District makes contributions to the Employees' Retirement System of the City of Milwaukee (the System), a cost-sharing multiple-employer defined pension plan, on behalf of all eligible City employees. The System provides retirement, disability, and death benefits to plan members and beneficiaries. The City Charter assigns the authority to establish and amend benefit provisions. The System issues a publicly available financial report that includes financial statements and required supplementary information for the System. That report may be obtained by writing to the Employees' Retirement System of the City of Milwaukee, 789 North Water Street, Suite 300, Milwaukee, WI 53202.

Funding Policy. General employees participating prior to January 1, 2014 are required to contribute, or have contributed on their behalf, a percentage of their annual earnable compensation equal to 5.5% of their annual pensionable income; general employees participating on or after January 1, 2014 are required to contribute 4% of their annual pensionable income. The City Charter assigns the authority to establish and amend contribution requirements. The City Charter was amended so that various groups of represented and non-represented City employees hired on or after January 1, 2010 contribute 5.5% of their earnable compensation for pension benefits. The District's contributions to the System for the years ended December 31, 2021, 2020 and 2019, were \$10,396,102, \$10,279,115 and \$9,575,948, respectively, equal to the required contributions on behalf of the plan members for each year.

At June 30, 2022 the District reported a liability of \$55,157,000 for its proportionate share of the net pension liability. The net pension liability was measured as of December 31, 2021, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of January 1, 2021, rolled forward to December 31, 2021. No material changes in assumptions of benefit terms occurred between the actuarial valuation date and the measurement date. The District's proportion of the net pension liability was based on the district's share of contributions to the pension plan relative to the contributions of all participating employers. At December 31, 2021 the District's proportion was 12.2643024% which was an increase of 0.3802899% from its proportion measured as of December 31, 2020.

For the year ended June 30, 2022, the District recognized pension expense of \$8,476,470.

MILWAUKEE PUBLIC SCHOOLS

Notes to Basic Financial Statements

For the Year Ended June 30, 2022

At June 30, 2022, the District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 6,658,000	\$ 28,000
Changes in assumptions	145,000	-
Net differences between projected and actual earnings on pension plan investments	-	80,485,000
Changes in proportion and differences between employer contributions and proportionate share of contributions	5,711,000	44,000
Employer contributions subsequent to the measurement date	5,155,782	-
Total	\$ 17,669,782	\$ 80,557,000

The District reported \$5,155,782 as deferred outflows related to pension resulting from the System employer’s contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended June 30, 2023. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pension will be recognized in pension expense as follows:

Year ended June 30:	Net Deferred Outflows / (Inflows) of Resources
2023	\$ (9,757,262)
2024	(26,598,149)
2025	(15,851,745)
2026	(15,835,844)

Actuarial assumptions. The last actuarial valuation was performed as of January 1, 2021, and the amounts were used to roll-forward the total pension liability to the plan’s year-end December 31, 2021, and was determined using the following actuarial assumptions, applied to all prior periods included in the measurement:

Actuarial valuation date	January 1, 2021
Measurement Date of Net Pension Liability	December 31, 2021
Actuarial cost method	Entry Age Normal-Level Percentage of Pay
Amortization method	Level percent of payroll, closed
Asset Valuation Method	5-year smoothing of difference between expected return on actuarial value and actual return on fair value

MILWAUKEE PUBLIC SCHOOLS

Notes to Basic Financial Statements

For the Year Ended June 30, 2022

Actuarial Assumptions:

Investment rate of return and discount rate	7.5% per annum, compounded annually
Projected Salary increases	General City 2.5% - 5.5% Police & Fire 4.0% - 13.4%
Inflation Assumption	2.50%
Cost of living Adjustments	Vary by Employee Group and decrement type as explained in summary of plan provisions
Mortality Table	For regular retirees and survivors, the RP-2014 Healthy Annuitant Mortality Table, using 111% of rates for males and 110% of rates for females, projected generationally using Scale MP-2016, was used. For duty and ordinary disability retirees, the RP-2014 Disability Mortality Table, using 102% of rates for males and 98% of rates for females, projected generationally using Scale MP-2016, was used.
Experience Study	The actuarial assumptions used in the valuation, other than the long-term rate of return, were based on the results of the most recent experience study covering the five-year period ending December 31, 2016. The long-term rate of return is based on analysis performed by Cavanaugh Macdonald and adopted by the Board of Trustees on April 29, 2019.

Long-term expected rate of return. The long-term expected rate of return on pension plan investments was reviewed as part of the regular experience study, prepared for the System in October 2017. Additional analysis was performed in early 2019 which resulted in a decrease in the long-term rate of return to 7.5%. Several factors are considered in evaluating the long-term rate of return assumption, including long-term historical data, estimates inherent in current market data, and an analysis in which best-estimate ranges of expected future real rates of return (expected returns, net of investment expense and inflation), along with estimates of variability and correlations, as developed by the System's investment consultant, for each major asset class. These ranges were combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and then adding expected inflation. This assumption is intended to be a long-term assumption (30 to 50 years) and is not generally expected to change absent a significant change in the asset allocation, a change in the inflation assumption, or a fundamental change in the market that alters expected returns in future years.

MILWAUKEE PUBLIC SCHOOLS

Notes to Basic Financial Statements

For the Year Ended June 30, 2022

Best estimated of arithmetic real rates of return (net of inflation) for each major asset class included in the Retirement System’s target asset allocation as of December 31, 2021, are listed in the table below:

Asset Class	Asset Allocation	Long-term Expected Real Rate of Return*
Public Equity	44.0%	7.3%
Fixed Income & Cash	23.0%	3.1%
Real Estate	9.1%	5.6%
Real Assets	3.9%	4.5%
Private Equity	10.0%	10.6%
Absolute Return	10.0%	2.9%
	100.0%	

**Rates provided by Cavanaugh Macdonald, arithmetic mean, net of inflation*

Discount Rate. The discount rate used to measure the total pension liability was 7.50%. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current contribution rate and that contributions from ERS agencies will be made at contractually required rates, actuarially determined. Based on those assumptions, the ERS fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. The cross over analysis produces a single rate of 7.50%, which reflects the long-term expected rate of return on ERS investments. Therefore, the discount rate was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the District’s proportionate share of the net pension liability/(asset) to changes in the discount rate. The following presents the District’s proportionate share of the net pension liability/(asset) calculated using the discount rate of 7.50%, as well as what the District’s proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage point lower (6.50%) or 1 - percentage-point higher (8.50%) than the current rate (in thousands):

	1% Decrease (6.50%)	Current Discount (7.50%)	1% Increase (8.50%)
District proportionate share of the net pension liability (asset)	\$ 155,238,106	\$ 55,157,000	\$ (28,047,478)

Additional Financial Information for the ERS. For additional information regarding ERS’s financial statements and audit report, please visit the ERS web site at <http://www.cmers.com/About-Us/Reports.htm>.

Supplemental Retirement Plans

(a) Plan Descriptions and Funding Policies

Milwaukee Board of School Directors Early Retirement Supplement and Benefit Improvement Plan

The ASC plan is a single-employer defined benefit pension plan established to provide benefits after early retirement which will supplement the pension benefits provided by the WRS and the ERSCM.

MILWAUKEE PUBLIC SCHOOLS

Notes to Basic Financial Statements

For the Year Ended June 30, 2022

Separately issued financial statements for the ASC plan may be obtained by contacting the Pension Office, Department of Pensions and Data Systems, Milwaukee Public Schools, 5225 W. Vliet Street, Room 124, Milwaukee, WI 53208.

A participant must be an administrative, supervisory, or professional staff employee of the District who is in the collective bargaining unit represented by the Administrators and Supervisors Council, Inc (the Council), be an exempt employee excluded by the Council's bargaining contract, or any other employee who is identified as a covered employee by the Milwaukee Board of School Directors (MBSD) through an employment contract between such employee and the MBSD. Such employees shall become participants in the plan on the later of the effective date of the ASC plan or the date they become a participant in the WRS. Certain classified participants represented by the Council or any exempt employee excluded by the Council's bargaining contract and covered by the ERSCM, and certain psychologists who elected to remain in the plan after June 30, 1980 are also eligible for participation.

The ASC plan is classified as a "governmental plan" and is, therefore, exempt from provisions of the Employee Retirement Security Act of 1974 (ERISA).

Participants are eligible for retirement benefits provided they have made three years of participant contributions and have eight or more years of vesting service. For Plan years, effective July 1, 2003, vesting under the Plan is modified to be three years of service as a covered employee and eight or more years of vesting service. The ASC plan provides for unreduced benefits on or after age 60 and for reduced benefits between ages 55 and 60. For participants who retire between ages 60 and 65 under the ERSCM or under the WRS, a special supplemental benefit, as defined, shall be paid until the retiree attains age 65. Benefits are paid in the form of monthly payments based on years of service and average monthly compensation for the three highest fiscal years of earnings preceding the date of retirement to a maximum benefit, for this ASC plan and either the ERSCM or WRS, of 70% of average monthly compensation. The benefit paid under this ASC plan for participants whose benefit is related to the WRS shall be reduced by the amount of the WRS benefit paid. Wisconsin Act 11 directly affects the ASC plan by decreasing the benefits paid and increasing the funded status of the ASC plan.

In consideration of the reduced benefits to be paid by the plan as a result of Wisconsin Act 11, the District signed an agreement with the Council to amend the plan effective July 1, 2003 as follows:

- Transfer the benefit formula under the Teachers Supplemental plan to the ASC plan for those individuals who have prior District teaching service after July 1, 1982 and are eligible to receive a benefit from the Teachers Supplemental plan. Such individuals will have the option of electing either the Teachers Supplemental plan or ASC plan benefit formula.
- Eliminate employee contributions to the ASC plan.
- Close the ASC plan to anyone who is not a covered employee as of June 30, 2003 and previous employees that are rehired after June 30, 2003.
- Eliminate the suspension of benefits provision in the ASC plan and replace it with a new provision that suspends benefits paid from the ASC plan if the retired annuitant is rehired as a covered employee and elects to participate as an active employee under the WRS.

MILWAUKEE PUBLIC SCHOOLS

Notes to Basic Financial Statements

For the Year Ended June 30, 2022

In fiscal year 2004, the District received more than the required 95% of signed waivers and consents from covered employee to implement the negotiated changes to the Plan. Subsequently the MBSD adopted the restated ASC plan at its June 2004 regular meeting.

The amendments to the ASC plan were included in the July 1, 2003 actuarial valuation. These amendments resulted in an increase to the actuarial accrued liability of \$4,973,000 as of July 1, 2003.

In fiscal year 2005, the definition of “Year of Benefit Service” of the ASC plan was amended to provide for the addition of the following at the end of such definition:

For a covered employee who was an active participant in the ASC plan on or after July 1, 2004 and who:

- Became a covered employee on or after July 1, 1982; and
- Was covered under the MTEA-teacher collective bargaining unit and under the WRS on or after July 1, 1982; and
- Is vested under the Teachers Supplemental plan; and
- Has consented in writing to the amendment of the ASC plan as provided in a Negotiating Note between the Board and the Council dated June 24, 2003.

A covered employee shall continue to be credited with the Years of Benefit Service without giving effect to Years of Benefit Service provisions of the Teachers Supplemental plan, for the periods beginning on and after July 1, 2004, except for the purpose of computing the Alternate Benefit for certain Teachers Supplemental plan participants as a result of Wisconsin Act 11 discussed above.

The ASC plan also provides for disability benefits to vested participants if employment is terminated between ages 55 and 65 by reason of total and permanent disability as approved by the WRS. Upon the death of an active participant who is not eligible for any other form of benefit under the ASC plan, a lump-sum death benefit of the value of the participant’s employee contribution account is provided to the participant’s beneficiary.

The ASC plan does not provide for any postretirement increases.

The District maintains a separate “member contribution account” for each participant. Annually, as of June 30, the portion of investment income of the fund attributable to the participants’ contribution is credited to the respective member contribution accounts. If a participant leaves covered employment or dies, accumulated employee contributions, plus related investment earnings, are refunded to the employee or designated beneficiary based on their election. Classified employees are not required to make member contributions under the ASC plan.

Effective July 1, 2003, participants are no longer required to make contributions to the ASC plan and the employer shall pay 100% of required plan contributions.

Accrued ASC plan liabilities are reduced by the amount attributed to employer contributions for employees who are not vested for benefits and who terminate participation in the ASC plan for reasons that include termination of employment. These employer contributions are applied to reduce the cost of the ASC plan and not to increase benefits otherwise payable to eligible participants.

MILWAUKEE PUBLIC SCHOOLS

Notes to Basic Financial Statements

For the Year Ended June 30, 2022

At June 30, 2022, the district reported a net pension liability of \$2,109,798 for the ASC plan. The net pension asset was measured as of June 30, 2022.

Milwaukee Board of School Directors Supplemental Early Retirement Plan for Teachers

The Teachers Supplemental plan is a single-employer defined benefit pension plan established to provide benefits after early retirement, which will supplement the pension benefits provided by the WRS. Separately issued financial statements on the plan may be obtained by contacting the Pension Office, Department of Pensions and Data Systems, Milwaukee Public Schools, 5225 W. Vliet Street, Room 124, Milwaukee, WI 53208.

To be eligible for participation, an employee must be a teacher of the District who is in the collective bargaining unit represented by the Milwaukee Teachers' Education Association (MTEA) and who is participating as an active employee in the WRS. Such employees shall become participants in the Teachers Supplemental plan on the later of the effective date of the Teachers Supplemental plan or the date they become a participant in the WRS. Employees who first became participants before July 1, 1998, are vested upon participation. Employees who first became participants on or after July 1, 1998, are vested after being employed by the District for at least 15 years after July 1, 1998, in a position that is covered under the MBSD/MTEA teacher contract and that counts as creditable service under the WRS (but excluding periods of military service) and terminates employment with the District on or after the employee's 55th birthday.

Effective July 1, 2013, the District made following changes to the Teachers Supplemental plan provisions:

- Enrollment in the Teachers Supplemental plan was closed to any employees hired or rehired or transferred or demoted to the teacher unit covered under the Teachers Supplemental plan on or after July 1, 2013; and
- Average monthly compensation was frozen as of July 1, 2013; and
- Creditable service was frozen for all Teachers Supplemental plan participants as of July 1, 2013; and
- Vesting service was frozen for employees hired and rehired or transferred or demoted to the teacher unit on or after July 1, 2013; and
- Participants in the Teachers Supplemental plan as of July 1, 2013 and who do not subsequently separate from service prior to eligibility for retirement shall continue to accrue vesting services under the Teachers Supplemental plan.

The Teachers Supplemental plan is classified as a "governmental plan" and is, therefore, exempt from the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Teachers Supplemental plan provides for early reduced retirement benefits to participants who are eligible and commence their WRS benefits after age 55 and prior to age 62 and provides early retirement benefits if they commence WRS benefits after age 62 but prior to age 65. Benefits are paid in the form of monthly payments based on compensation, years of service, and a defined maximum

MILWAUKEE PUBLIC SCHOOLS

Notes to Basic Financial Statements

For the Year Ended June 30, 2022

of average monthly compensation for the three fiscal years of highest earnings preceding the date of retirement. The Teachers Supplemental plan does not provide for any postretirement increases.

Accrued Teachers Supplemental plan liabilities are reduced by the amount attributed to employer contributions for employees who are not vested for benefits and who terminate participation under the Teachers Supplemental plan for reasons that include termination of employment. These employer contributions are applied to reduce the cost of the Teachers Supplemental plan and not to increase benefits otherwise payable to eligible participants.

At June 30, 2022, the district reported a net pension liability of \$51,919,367 for the Teachers Supplemental plan. The net pension liability was measured as of June 30, 2022.

Milwaukee Board of School Directors Early Retirement Supplement and Benefit Improvement Plan

For the year ended June 30, 2022, the district recognized pension revenue of \$460,618.

At June 30, 2022, the district reported deferred inflows of resources related to pensions from the following sources:

	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
Net differences between projected and actual earnings on pension plan investments	\$ 945,454	\$ -

Deferred outflows of resources and deferred inflows of resources related to pension will be recognized in pension expense as follows:

<u>Year ended June 30:</u>	<u>Net Deferred Outflows/ (Inflows) of Resources</u>
2023	\$ (120,463)
2024	(131,876)
2025	(355,450)
2026	1,553,243

Actuarial Assumptions

In March 2019, the actuary for both the ASC and Teachers Supplemental plans performed an experience study based on actuarial valuations for the period July 1, 2012 to July 1, 2017. Based on this study the following assumptions were implemented effective for the July 1, 2018 actuarial valuation. The total pension liability was determined by an actuarial valuation as of July 1, 2021 and data rolled forward to June 30, 2022, using the following actuarial methods and assumptions:

	Milwaukee Board of School Directors Early Retirement Supplement and Benefit Improvement Plan	Milwaukee Board of School Directors Supplemental Early Retirement Plan for Teachers
Actuarial valuation date	July 1, 2021	July 1, 2021
Measurement date of Net Pension Liability	June 30, 2022	June 30, 2022
Actuarial cost method	Entry Age Normal	Entry Age Normal
Asset Valuation method	5-year smoothed fair value	5-year smoothed fair value

Salary increases	Certificated participants: Wage inflation of 2.5% plus service-based increases which range from 0% to 2.3%.	No longer required as the plan is frozen at July 1, 2013. Therefore, salary increases received after this date will not be considered pensionable under the Plan.
Mortality rate	Based on RP-2014 White Collar Healthy Annuitant Mortality Table with scaling factors are 99% for males and 96% for females with generational mortality improvement using MP-2018 2-dimensional mortality improvements.	Based on RP-2014 White Collar Healthy Annuitant Mortality Table, the scaling factors are 98% for men and 96% for women with generational mortality improvement using MP-2018 2-dimensional mortality improvements.

The Long-Term Expected Rate of Return

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighing the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of geometric real rates of return for each major asset class as of December 31, 2021 are as follows:

Single Discount Rate

The plans are closed to future members, and the funding policy is projected to fully finance plan liabilities in the future. Actuarially determined contributions will be adjusted in the future, as experience emerges, to ensure that retiree benefits are paid.

A single discount rate of 6.75% was used to measure the total pension liability. This single discount rate was based on the expected rate of return on pension plan investments. The projection of cash flows used to determine this single discount rate assumed that the plan sponsor would make the actuarially determined contribution as defined by the funding policy. Based on these assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

MILWAUKEE PUBLIC SCHOOLS

Notes to Basic Financial Statements

For the Year Ended June 30, 2022

Sensitivity of Net Pension Liability/(Asset) to the Single Discount Rate Assumption

Regarding the sensitivity of the net pension liability/(asset) to changes in the single discount rate, the following presents the plan's net pension liability, calculated using a single discount rate of 6.75%, as well as what the plan's net pension liability would be if it were calculated using a single discount rate that is 1-percentage-point lower (5.75%) or 1-percentage-point higher (7.75%) for the year ending June 30, 2022:

Milwaukee Board of School Directors Early Retirement Supplement and Benefit Improvement Plan

	1% Decrease <u>5.75%</u>	Current Discount <u>6.75%</u>	1% Increase <u>7.75%</u>
Net Pension Liability/(Asset)	\$6,451,438	\$2,109,798	(\$1,636,883)

Milwaukee Board of School Directors Supplemental Early Retirement Plan for Teachers

	1% Decrease <u>5.75%</u>	Current Discount <u>6.75%</u>	1% Increase <u>7.75%</u>
Net Pension Liability	\$72,826,240	\$51,919,367	\$34,157,095

Total Pension Revenue

The total pension revenue for all plans recognized by the District for the year ended June 30, 2022 was \$8,887,916.

(10) Post-Employment Benefits Other Than Pensions (OPEB)

GENERAL INFORMATION ABOUT THE OPEB PLAN

Plan description. The District administers the OPEB plan - a single-employer defined benefit plan that is used to provide postemployment benefits other than pensions for all eligible employees of the District.

Management of the OPEB plan is vested to the Milwaukee Board of School Directors (Governing Body) and its administrative staff (Staff). The Staff delegates certain functions to an investment advisor (Advisor). The OPEB plan does not issue a publicly available financial report. Financial statements of the OPEB trust are included below in this note.

Benefits provided. The OPEB plan provides healthcare and life insurance benefits for eligible retirees and their eligible dependents. Benefits are provided through a third-party insurer for Medicare Eligible retirees and dependents. The District is self-funded for all eligible pre-Medicare retirees and dependents. The District provides a subsidy towards the cost of benefits covered by the plan or depending on prior collective bargaining, for some retirees the full cost of benefits are covered. The authority to establish and amend the benefit terms to the OPEB plan is established through Board policy of the District's Governing Body. The District's Governing Body passed an Early Retirement Window whereby effective with dates of retirement on July 1, 2017 through June 30, 2020, eligible employees and their eligible dependents may qualify for retiree plan benefits.

MILWAUKEE PUBLIC SCHOOLS

Notes to Basic Financial Statements

For the Year Ended June 30, 2022

Plan membership. At June 30, 2022, the OPEB plan membership consisted of the following:

Inactive plan members or beneficiaries currently receiving benefit payments	6,666
Active plan members	<u>4,309</u>
	<u>10,975</u>

The OPEB plan was closed to employees hired or rehired on or after July 1, 2013.

Contributions. The authority to establish and amend the contribution requirements of the OPEB plan is established through Board policy of the District's Governing Body. The District establishes rates based on an actuarially determined rate. For the year ended June 30, 2022, the District's average contribution rate was 30.22 percent of covered-employee payroll. OPEB plan members are not required to contribute to the plan.

NET OPEB LIABILITY OF THE DISTRICT

The District's net OPEB liability was measured as of June 30, 2022, and the total OPEB liability used to calculate the net OPEB liability was determined by an actuarial valuation as of July 1, 2021, projected to a measurement date of June 30, 2022.

Actuarial assumptions. The total OPEB liability was determined by an actuarial valuation as of July 1, 2021, using the following actuarial assumptions, applied to all periods included in the measurement, unless otherwise specified:

Wage Inflation	2.5 percent
Salary increases	Depends on age, service and employer group. Rate ranges from 6.70% at less than 1 year of service to 2.50% at 30 or more years of service. Salary increase includes wage inflation assumption of 2.5%.
Investment rate of return	Short-term account earns 2.50% per year. Long-term account earns 6.50% per year.
Healthcare cost trend rates	Actual trend used for calendar year 2022. For fiscal years after 2023, trend starts at 8.00% and gradually decreases to an ultimate trend of 4.25%. Additional trend of 1.49% is added to Medicare trend from 2023 to 2038 to approximate the assumed wear-away of MAPD plan design savings.

MILWAUKEE PUBLIC SCHOOLS

Notes to Basic Financial Statements

For the Year Ended June 30, 2022

Mortality – Teacher & ASC

For retirees and survivor: Based on RP-2014 White Collar Annuitant Mortality Table with scaling factors of: 98% for males and 96% for females in Teachers group, and 99% for males and 96% for females in the ASC group. For active members: Based on RP-2014 White Collar Employee Mortality Table with scaling factors of 97% for males and 99% for females in Teachers group. All tables reflect future mortality improvements using MP-2018 2-dimensional mortality improvement scales.

Mortality – General Employees

For retirees and survivor: Based on RP-2014 Healthy Annuitant Mortality Table with scaling factors of 111% for males and 110% for females. For active members: Based on RP-2014 non-Annuitant Mortality Table. All tables reflect future mortality improvements using MP-2016 mortality improvement scales.

The actuarial assumptions used in the July 1, 2021 valuation were based on the results of an actuarial experience study for the period July 1, 2019 – June 30, 2021.

The long-term expected rate of return on OPEB plan investments was determined using a phase in of the short-term assumed rate of 2.50% and the long-term rate of 6.50% over the period that the plan is projected to be fully funded. This methodology results in full funding by plan year 2037.

Investment policy. The OPEB plan's policy in regard to the allocation of invested assets is established and may be amended by Board policy of the District's Governing Body. It is the policy of the District's Governing Body to pursue an investment strategy that reduces risk through the prudent diversification of the portfolio across a broad selection of distinct asset classes. The OPEB plan's investment policy discourages the use of cash equivalents, except for liquidity purposes, and aims to refrain from dramatically shifting asset class allocations over short time spans.

MILWAUKEE PUBLIC SCHOOLS

Notes to Basic Financial Statements

For the Year Ended June 30, 2022

The following was the Board's adopted asset allocation policy as of June 30, 2022:

Asset Class	Target Allocation
<u>Pre-Funding Assets</u>	
US Stock - Large Cap	20.00%
US Stock - Small Cap	19.00%
International Equity	11.00%
Emerging Mkts Eq	10.00%
US Corporate Bonds	14.67%
Government Bonds	8.33%
TIPS	2.00%
High Yield	5.00%
International Debt	5.00%
Real Estate	5.00%
Portfolio Allocation	95.00%
<u>Liquidity Assets</u>	
Short-Term Government Securities	100.00%
Portfolio Allocation	5.00%
Total Portfolio	100.00%

On August 25, 2016, the District approved a policy change in the OPEB investment policy from a 100% short and intermediate fixed income portfolio asset allocation target to the allocation targets as reflected above. This change was made to diversify the portfolio asset allocation with a long-term investment perspective invested in a similar time horizon as the liabilities.

Rate of return. For the year ended June 30, 2022, the annual money-weighted rate of return on investments, net of investment expense, was -12.97% percent. The money-weighted rate of return expresses investment performance, net of investment expense, adjusted for the changing amounts actually invested.

Discount rate. The discount rate used to measure the total OPEB liability was 5.75%. The projection of cash flows used to determine the discount rate assumed that the District will contribute the pay-as-you-go contributions, plus an additional pre-funding contribution equal to 5% of expected employer paid claim costs. On average three months of pay-as-you go costs are held in a short-term account and all other assets are held in a long-term account. Based on those assumptions, the OPEB plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on OPEB plan investments was applied to all periods of projected benefit payments to determine the total OPEB liability.

MILWAUKEE PUBLIC SCHOOLS

Notes to Basic Financial Statements

For the Year Ended June 30, 2022

OPEB plan fiduciary net position. Effective July 1, 2010 the District established an IRC Section 115 trust for the purpose of holding assets and funding for the District’s postemployment health and life insurance benefits. The trust is reported as a fiduciary fund in the District’s financial statement. For fiscal year ending June 30, 2022, the District contributed \$77,635,159 (including pre-funding contributions) to the OPEB plan. For fiscal year ending June 30, 2022, total member contributions to the OPEB plan were \$4,121,327.

OPEB EXPENSE AND DEFERRED OUTFLOWS OF RESOURCES AND DEFERRED INFLOWS OF RESOURCES RELATED TO OPEB

For the year ended June 30, 2022, the district recognized OPEB revenue of \$10,062,936. At June 30, 2022, the district reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 5,214,982	\$ 5,126,111
Changes in assumptions	-	77,825,631
Net differences between projected and actual earnings on OPEB plan investments	29,862,802	-
Total	<u>\$ 35,077,784</u>	<u>\$ 82,951,742</u>

Deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in OPEB expense as follows:

<u>Year ended June 30:</u>	<u>Net Deferred Outflows/ (Inflows) of Resources</u>
2023	\$ (32,839,363)
2024	(20,042,984)
2025	(6,703,352)
2026	11,711,741

(11) Limitation on District Revenues

Wisconsin State Statutes limit the amount of revenues that school districts may derive from general school aids and property taxes unless a higher amount is approved by referendum. This limitation does not apply to revenues needed for the payment of any general obligation debt service (including refinanced debt) authorized by either of the following:

- A resolution of the school board or by a referendum prior to August 12, 1993.
- A referendum on or after August 12, 1993.

For the fiscal year ended June 30, 2022, the District exceeded its revenue limitation by \$20 million due to a referendum approved by the Board of Directors (Board) on December 19, 2019 and voters on April 7, 2020.

MILWAUKEE PUBLIC SCHOOLS

Notes to Basic Financial Statements

For the Year Ended June 30, 2022

(12) Excess Expenditures Over Appropriations

The following funds and departments had an excess of actual expenditures over appropriations for the year ended June 30, 2022:

General Fund:	
Bldg Ops-Sites	\$ 3,458,896
Positive Behavior Intervention & Support	253,363
School Improvement Performance	5,822,793
School Special Funds	8,098,826
Substitute Costs	1,789,518
Summer School	216,838
Office of Academics	1,757,768
Special & Contingent Funds	4,714,804

The General Fund's total expenditures were less than total budget appropriations.

(13) Commitments and Contingencies

(a) Grants

The District participates in numerous state and federal grant programs, which are governed by various rules and regulations of the grantor agencies. Costs charged to the respective grant program are subject to audit and adjustment by the grantor agencies. Therefore, to the extent that the District has not complied with the rules and regulations governing the grants, refunds of any money received may be required and the collectability of any related receivable at June 30, 2022 may be impaired. In the opinion of District management, there are no significant contingent liabilities relating to compliance with the rules and regulations governing the respective grants. Therefore, no provision has been recorded in the accompanying financial statements for such contingencies.

(b) Contractual Commitments

The District has \$377.8 million of encumbrances outstanding as of June 30, 2022 of which \$346.9 million are contractual commitments. The encumbrances and contract commitments by major and non-major funds are as follows:

	Encumbrance totals at 6/30/2022	Contract Commitments at 6/30/2022
Major Funds		
General Fund	\$ 363,867,491	\$ 334,488,826
Construction Fund	10,368,349	9,001,245
Nutrition Fund	449,634	416,022
Total Major Funds	<u>\$ 374,685,474</u>	<u>\$ 343,906,093</u>
Non-Major Funds	<u>3,070,215</u>	<u>3,038,856</u>
Total Encumbrances and Contract Commitments	<u>\$ 377,755,689</u>	<u>\$ 346,944,949</u>

MILWAUKEE PUBLIC SCHOOLS

Notes to Basic Financial Statements

For the Year Ended June 30, 2022

(c) *Litigation*

The Board is the defendant in assorted litigations involving discrimination, personal injury, employee grievances, and a variety of other matters, each of which are being contested by the Board. The Board and management of the District believe that resolution of these contingencies will not have a material effect on the District's financial position.

(d) *FCC Channels*

The District has for a number of years held a license issued by the Federal Communications Commission (FCC) for Educational Broadband Service (ESB) station KHF80 on 4 channels in the Milwaukee area. The District must renew the FCC license every 10 years, with the next renewal scheduled to take place in 2028. The FCC permits excess capacity of these stations to be leased, and the District entered into a long-term lease of the station in 2008. The District received \$4,166,667 upfront in March 2008, and \$55,000 per month initially, with monthly payment increases 3% each March during the contract period.

(14) Effect of New Accounting Standards on Current Period Financial Statements

The Governmental Accounting Standards Board (GASB) has issued the following statements:

- Statement No. 91, *Conduit Debt Obligations*
- Statement No. 94, *Public-Private and Public-Public Partnerships and Availability Payment Arrangements*
- Statement No. 96, *Subscription-Based Information Technology Arrangements*
- Statement No. 99, *Omnibus 2022*
- Statement No. 100, *Accounting Changes and Error Corrections – an amendment of GASB Statement No. 62*
- Statement No. 101, *Compensated Absences*

When they become effective, application of these standards may restate portions of these financial statements.

Notes to Schedule

Valuation date: July 1, 2021

Measurement date: June 30, 2022

Actuarially determined contribution rates are calculated as of June 30, one to two years prior to the end of the fiscal year in which contributions are reported.

Methods and assumptions used to determine actuarial liability and contributions:

Actuarial cost method	Entry age normal
Asset valuation method	Market value
Wage Inflation	2.5%
Healthcare cost trend rates	Actual trend used for calendar year 2022. For fiscal years on and after 2023, trend starts at 8.00% and gradually decreases to an ultimate trend of 4.25%. Additional trend of 1.49% is added to Medicare cost from 2023 to 2038 to approximate the assumed wear-away of MAPD plan design savings.
Salary increases	Depends on age, service and employer group. Rate ranges from 6.70% at less than 1 year of service to 2.50% at 30 or more years of service. Salary increase includes wage inflation assumption of 2.5%.
Investment rate of return	Short-term account earns 2.50% per year. Long-term account earn 6.50% per year.
Retirement age	Experience-based table of rates that are specific to the type of eligibility condition.
Mortality	For Teachers and ASC retirees and survivor: Based on RP-2014 White Collar Annuitant Mortality Table with scaling factors of: 98% for males and 96 for females in Teachers group, and 99% for males and 96% for females in the ASC group. For active members: Based on RP-2014 White Collar Employee Mortality Table with scaling factors of 97% for males and 99% for females in Teachers group. All tables reflect future mortality improvements using MP-2018 2-dimensional mortality improvement scales. For General employees retirees and survivor: Based on RP-2014 Healthy Annuitant Mortality Table with scaling factors of 111% for males and 110% for females. For active members: Based on RP-2014 non-Annuitant Mortality Table. All tables reflect future mortality improvements using MP-2016

MILWAUKEE PUBLIC SCHOOLS

Notes to Required Supplementary Information

For the Year ended June 30, 2022

(1) Budgeting

Annual appropriated budgets are adopted for the general, special revenue and debt service funds by June 30th each year. Budgets are adopted for the construction fund on a project-length basis. Budgets are adopted on a modified accrual basis of accounting consistent with accounting principles generally accepted in the United States of America, except for the treatment of encumbrances (see below) and property tax revenues. Property tax revenues are budgeted based on the amount levied.

In accordance with the Wisconsin Department of Public Instruction's reporting requirements, the Board exercises control over budgeted amounts at the responsibility center level within the general, special revenue, and debt service funds. The capital projects fund is controlled at the project level. During the year, budgets can be amended by approval of a majority of the members of the board.

As a management practice, the superintendent, or his or her designee, may transfer funds between functions at the department, school, or program level subject to the following criteria:

- The transaction does not exceed \$100,000
- Is not initiated by a Board member
- Will not effectuate a change in policy
- Will not create a new area of activity for the District
- Does not increase authorized staffing levels
- Does not move monies between statutory funds

Board policy requires that all annual appropriations lapse at fiscal year-end except for the following: excess budgetary authority for capital project funds lapse when a specific project is completed; deficits incurred automatically reduce the subsequent year's budget appropriations; and, with school board approval, schools are allowed to carry over appropriations into the following year up to a maximum of 1.0% of the total revised school budget each year and appropriations for special projects or planned purchases may be carried into the subsequent year.

(2) Wisconsin Retirement System (WRS) Pension

The amounts presented in relation to the schedule of employer's proportionate share of the net pension (asset)/liability and the schedule of employer contributions represents the specific data of the District. The information was derived using a combination of the employer's contribution data along with data provided by the Wisconsin Retirement System in relation to the District as a whole.

Changes of benefit terms. There were no changes of benefit terms for any participating employer in WRS.

Changes of assumptions. Based on a three-year experience study conducted in 2021 covering January 1, 2018 through December 31, 2020, the ETF Board adopted assumption changes that were used to measure the total pension liability beginning with the year-end December 31, 2021, including the following:

- Lowering the long-term expected rate of return from 7.0% to 6.8%
- Lowering the discount rate from 7.0% to 6.8%
- Lowering the price inflation rate from 2.5% to 2.4%

MILWAUKEE PUBLIC SCHOOLS

Notes to Required Supplementary Information

For the Year ended June 30, 2022

- Lowering the post-retirement adjustments from 1.9% to 1.7%
- Mortality assumptions were changed to reflect updated trends by transitioning from the Wisconsin 2018 Mortality Table to the 2020 WRS Experience Mortality Table.

The District is required to present the last ten fiscal years data; however, the standards allow the District to present as many years as are available until ten fiscal years are presented. Covered payroll reported is as of December 31 for each year presented. Data as of June 30 is not available.

(3) Employees' Retirement System (ERS)

The amounts presented in relation to the schedule of employer's proportionate share of the net pension (asset)/liability and the schedule of employer contributions represents the specific data of the District. The information was derived using a combination of the employer's contribution data along with data provided by the ERS in relation to the District as a whole.

Changes of benefit terms. There were no changes of benefit terms for any participating employer in ERS.

Changes of assumptions. There were no changes in the assumptions.

The District is required to present the last ten fiscal years data; however, the standards allow the District to present as many years as are available until ten fiscal years are presented.

Covered payroll reported is as of December 31 for each year presented. Data as of June 30 is not available.

(4) Supplemental Retirement Plans (ASC and Teachers Supplemental)

The amounts presented in relation to the schedule of employer's proportionate share of the net pension (asset)/liability and the schedule of employer contributions represents the specific data of the District. The information was derived using the employer's contribution data.

Changes of benefit terms. There were no changes of benefit terms.

Changes of assumptions. There were no changes in the assumptions.

The District is required to present the last ten fiscal years data; however, the standards allow the District to present as many years as are available until ten fiscal years are presented.

(5) Other Postemployment Benefits (OPEB)

The amounts presented in relation to the schedule of employer's net OPEB (asset)/liability and the schedule of employer contributions represents the specific data of the District. The information was derived using the employer's contribution data.

Changes of benefit terms. Eligibility requirements for employees hired prior to July 1, 2013 were permanently changed as of July 1, 2020. To be eligible for retiree health and life insurance coverage, upon retirement, members must be age 55 or older, have 20 or more years of eligible District service and have accumulated at least 70% of the maximum sick leave balance. There were no additional changes to benefit terms.

MILWAUKEE PUBLIC SCHOOLS

Notes to Required Supplementary Information

For the Year ended June 30, 2022

Changes of assumptions. A bi-annual actuarial valuation is performed for the OPEB plan. An updated actuarial valuation as of June 30, 2021, was performed using census, healthcare-related assumptions, pension-related assumptions and OPEB plan provisions as of June 30, 2021. This valuation was projected to a measurement date of June 30, 2022. See Note 10 for more information on the specific assumptions for the OPEB plan. The following assumptions were changed from the original June 30, 2021 valuation:

- The investment rate of return for the short-term account was changed from 2.59% per year to 2.50% per year and for the long-term account from 5.91% per year to 6.50% per year.

The District is required to present the last ten fiscal years data; however, the standards allow the District to present as many years as are available until ten fiscal years are presented.

See Independent Auditors' Report.

Nonmajor Governmental Funds

Special Revenue Funds

Special revenue funds are used and report the proceeds of specific revenue sources other than debt service or capital projects that are restricted or committed to expenditure for particular purposes. These funds include the following:

Categorically Aided Programs Fund—This fund is used to account for proceeds from federal grants that provide emphasis on social and curriculum needs of special populations within the District.

Debt Service Fund

Debt Service Fund—This fund is used to account and report financial resources that are restricted, committed or assigned to expenditures for the payment of general long-term debt principal, interest and related costs.

Fiduciary Funds

Pension and Other Post Employment Benefit Trust Funds

The pension trust funds are used to account for resources that are required to be held in trust for the members and beneficiaries of defined benefit pension plans. These funds include the following:

Milwaukee Board of School Directors Early Retirement Supplemental and Benefit Improvement Plan—This fund is used to account for the accumulation of resources for pension benefit payments for early retirement plans maintained by the District for qualified administrators.

Milwaukee Board of School Directors Supplemental Early Retirement Plan for Teachers—This fund is used to account for the accumulation of resources for pension benefit payments for early retirement plans maintained by the District for qualified teachers.

Other Post-Employment Benefits Trust—This fund is used to account for assets used to pay post-employment benefits or fund accrued liability with such benefits.

- (A) State law prohibits the City from raising property taxes more than 2% plus 60% growth of new development.
- (B) Overlapping rates are those of local and county governments that apply to property owners within the City of Milwaukee.
- (C) Tax rates were constructed considering the provision of the tax incremental district law. The application of these rates to the applicable assessed values will provide a tax yield higher than the levy.

(A) This column includes adjustments. The City purchases delinquent taxes from the other units (Milwaukee County, Metropolitan Sewage District, State, Milwaukee Area Technical College and Milwaukee Public Schools). Prior years' amounts in this column have been revised to reflect activity in ACFR 2021.

(B) Tax collections begin in December for the succeeding Budget Year. Prior years' amounts in this column have been revised to reflect activity in ACFR 2021.

(C) Collections of (A) in the year purchased. Prior years' amounts in this column have been revised to reflect activity in ACFR 2021.

(D) State law limits levy increases to 2% of economic development for general city purposes.

* Budget Year corresponds to the City of Milwaukee's budget year.

(A) The December 31, 2012 through 2021 city of Milwaukee populations are estimated from the Wisconsin Department of Administration. (The population differs from the Census Bureau).

(B) Personal income is from the Regional Economic Information System, Bureau of Economic Analysis, U.S. Department of Commerce. Personal income includes all of Milwaukee County because a substantial portion of the County is made up of the City of Milwaukee. Prior years' amounts in this column have been revised to reflect activity in the City's 2021 ACFR.

(C) Per capita personal income is from the Regional Economic Information System, Bureau of Economic Analysis, U.S. Department of Commerce and includes all of Milwaukee County because a substantial portion of the County is made up of the City of Milwaukee. Prior years' amounts in this column have been revised to reflect activity in the City's 2021 ACFR.

(D) Prior to 2012, Median age of the city of Milwaukee population was determined only during a census. These figures represent the data collected by the American Community Survey.

(E) Annual School Census by Board of School Directors. Represents Milwaukee Public Schools only.

(F) Unemployment Rate for the city of Milwaukee is the annual average from the Wisconsin's Workforce, Wisconsin Worknet and Labor Market Information System.
