

## Superintendent’s Report – June 2022

The Superintendent’s Report is designed to provide the Milwaukee Board of School Directors and the MPS community with an update on current activities under way to support the district goals of academic achievement; student, family, and community engagement; and effective and efficient operations as they are aligned to the district’s strategic objectives and the Five Priorities for Success.

## Senior Send-Off

Milwaukee Public Schools hosted its annual Senior Send-Off on Friday, June 17, at Rufus King International High School. The event helps students celebrate the end of high school and the start of new adventures.

Class of 2022 graduates attended to enjoy food, music, games, and great prizes suited to college or apartment living.

A number of graduates were nominated for “Senior of the Year” honors, recognizing the seniors’ persistence and determination that led them to exceptional achievement.

During the event, students also received information about supports available in MPS College and Career Centers this summer.

## Summer Recreation Programs

As the 2021–22 school year comes to an end, families can find daily affordable child care with MPS Recreation along with Child Care Camps, Community Learning Centers, and Safe Places. Children will have an opportunity to engage in fun summer activities as well as academic enrichment sessions.

See the MPS news article titled [“What to Know about Milwaukee Recreation’s Summer Child Care as School Year Comes to a Close”](#) for detailed information, or check out the lists of [Child Care Camps](#) and [Community Learning Centers and Safe Places](#).

We look forward to all of our families benefiting from the summer recreation programs.

## Summer Enrichment Programs

**Camp Rise** is a pilot program for male students ages ten to fifteen. Students in this program focus on leadership development and community engagement along with a basic introduction to financial literacy.

The **Lead Generation Project** serves MPS high schools by assisting students in reviewing, assessing, and improving their core academics. Students participate in ACT prep and financial literacy courses, and they receive exposure to health care careers while preparing to compete at the postsecondary education level.

**Summer Academy** helps high school students to recover and gain credits, participate in internships, and attend career camps. At the elementary level, students participate in academic enrichment in the areas of literacy, music, STEM, art, social studies, and mathematics.

## Scholarship Awards

The class of 2022 set a new scholarship record with \$107,000,000 in scholarships, exceeding the previous record by \$11,000,000. The class of 2022 will be heading out to more than seventy out-of-state colleges and universities, including Harvard, Yale, the United States Military Academy at West Point, and twenty-seven HBCUs (historically Black colleges and universities).

## Free Summer Meals

MPS offers free summer meals for children under the age of eighteen. There is no application, no sign-up—just stop by one of the schools below, grab a lunch, and pick a comfy spot to sit and eat. A list of sites serving breakfast, lunch, or dinner appears below.
