### **II. OPERATOR RESPONSIBILITIES:**

#### **A. The name of the person who is seeking to establish the Charter Schools.**

In accordance with Wis. Stat. § 118.40(2m) and Administrative Policy 9.12 and Administrative Procedure 9.12, the Board is entering into this Contract on its own initiative to establish MPS Charter Schools, having considered the proposals submitted by Carmen High School of Science and Technology, Inc.

#### **B. The name of the person who will be in charge of the Charter Schools and the manner in which administrative services will be provided.**

Patricia Hoben, Ph.D. or his/her successor, the person named in the Operator’s proposal(s) (kept on file in the MPS ~~Office~~Department of Contracted School Services and incorporated herein by reference as Appendix A) shall be in charge of the Charter Schools. The manner in which administrative services will be provided shall be in accordance with Appendix A.

Dr. Patricia Hoben currently serves as the “Head of Schools” for the Operator. The Head of Schools is ultimately responsible for the management of all of the Operator’s programs including any charter school established and operated under this Contract. Dr. Hoben reports directly to the Board of Directors of the Operator. Each charter school operated by the Operator has a principal who manages daily school operations and oversees staff at each location. The principals of the Operator’s charter schools report ~~directly~~ to the Head of Schools through the Chief Schools Officer.

Operator shall notify MPS of the name of any proposed replacement for the position of Head of Schools. No Head of Schools shall be appointed without the mutual agreement with MPS.

**C. A description of the educational programs of the Charter Schools.**

Charter Schools and Operator shall provide the educational programs for each Charter School set forth in Appendix A. Operator shall ensure that all classrooms are equipped with all materials, equipment and supplies required to provide the educational programs set forth in Appendix A.

Operator shall be exempt from MPS policies and procedures and Chapters 115 through 121 of the Wisconsin Statutes, except as otherwise explicitly provided by law or this Contract. Operator shall comply with any MPS policies, procedures and requirements included in Appendix B by the Board during the term of this Contract, and with any MPS policies, procedures and requirements included in Appendix B that are revised by the Board during the term of this Contract. MPS shall notify Operator of any such revisions and Operator shall have the opportunity to negotiate regarding these revisions.

Neither the Board nor the MPS administration shall operate the educational programs or make policy, rules or procedures that directly affect the operation of the educational programs at the Charter Schools, except as explicitly provided in this Contract and in MPS Administrative Policy 9.12: Charter Schools.

In the event Operator wishes to change the educational program for any or all Charter Schools as identified in Appendix A, Operator shall negotiate a contract amendment.

**D. The methods Operator will use to enable pupils to attain the educational goals under Wis. Stat. § 118.01.**

Operator shall use the methods of instruction described in Appendix A to enable pupils to attain the educational goals listed in Wis. Stat. § 118.01. accountability and assessment provisions of all current state and federal laws and regulations, as they are made applicable to MPS.

If Operator chooses to implement an assessment plan that includes unique local learning or performance standards and additional assessments to measure pupil achievement, the standards must be measurable and assessed annually as to each Charter School, and the assessment results of each Charter School must indicate if a pupil Meets or Does Not Meet the standard(s). In addition, Operator shall document the growth and trend data for pupil performance at each Charter School as related to the standard(s). Operator's decision to implement unique standards and assessments shall not affect Operator's obligation to comply with any current federal, state and district assessment measures.

Operator may report all such data regarding local performance indicators in their annual pupil academic achievement report for each Charter School.

Operator shall annually administer at each applicable grade level all district-wide assessments in the same manner and time-frame as the MPS non-chartered schools, unless Charter School calendars as described in Appendix A preclude the same time frame as MPS non-contracted schools.

Operator shall annually administer the ~~Wisconsin State~~ Wisconsin Student Assessment System (WSAS) test(s) as well as the Wisconsin Student ~~State~~ Assessment System (WSAS) alternate test(s) for eligible students with special needs and assessments and for eligible English Language Learners (ELLs) in the same manner, time frame, and at the same grade levels as the MPS non-chartered schools.

All pupils will be included in the assessment process, with reasonable accommodations for pupils being made if necessary, as set forth in the assessment guidelines for each assessment. Operator shall include children with disabilities and ELLs in all federal, state, district, and local educational assessments, with appropriate accommodations where necessary, or in alternative assessments for those children who cannot participate in federal, statewide, district-wide or local educational agency-wide assessments as set forth in the assessment guidelines for each assessment.

Carmen Non-Instrumentality Multi-School Charter Contract

Operator shall pay all costs associated with assessments administered to pupils at each Charter School. Such costs shall not exceed the rate paid for such assessments administered by non-contracted MPS schools. The only exception to this obligation to pay for costs is for federal or state-required tests that are supplied at no cost to public schools.

Operator shall develop and submit an annual pupil academic achievement report for each Charter School to MPS within 30 days of the receipt of the data. Achievement data for pupils attending a Charter School for less than a full academic year will not be counted for that Charter School in pupil academic achievement reports. MPS shall make payment directly to Operator each year Operator participates in the charter school educational programs under this Contract. MPS shall calculate additional payments for any categorical funds Operator has applied for and may be eligible to receive, based on categorical guidelines and/or FTE pupil counts in the same manner as non-contracted MPS schools.

### **2. Adjustments to per pupil allocation**

The per pupil allocation is intended to cover all costs and expenses related to the operation of the charter school educational programs. Therefore, the per pupil revenue

amount shall be reduced by costs associated with the administrative fees charged by MPS under paragraph II.W. and any additional costs agreed to in the budget.

**3. Categorical aids**

If Operator is eligible to receive categorical aids for any Charter School, such as Title I funds, such aids shall flow to Operator through MPS in accordance with any attendant regulations and in the same manner as non-contracted MPS schools. Such aids shall not reduce the per pupil revenue to be received by Operator from MPS.

**4. Grants**

Any Charter School is authorized to apply for grants. A Charter School may not apply for or receive any grant or other monies that, in the judgment of MPS, compromises the ability of MPS to apply for or to receive said grant. Operator shall contact the MPS-Grant Office for information regarding possible grant conflicts. Operator shall expend any grant monies it may receive in a manner consistent with the terms of this Contract as well as the grant. Any grant money received by Operator shall not reduce the per pupil revenue to be received by Operator from MPS. Notwithstanding any language in this paragraph, the 501(c)(3) organization may seek grant funds separate from MPS.

**5. Deficit**

Operator shall be responsible for all deficits.

**IV. TERM AND MODIFICATION OR TERMINATION OF CONTRACT**

**A. Term.**

The term of this Contract is ~~tw~~three school year(s) commencing with the 201~~7~~9-201~~8~~20 school year and ending on the last regularly scheduled school day of the ~~2018-2019~~2021-2022 school year. This Contract is contingent upon the approval of the Board. This Contract shall become effective upon approval by the Board and execution by all appropriate persons.

This Contract is contingent upon annual appropriation of appropriate funds for the performance of this Contract. In the event the Board fails to appropriate funds for the continued performance of this Contract, this Contract shall become void.

**B. Modification.**

This Contract represents the entire agreement between the parties. This Contract may be modified upon mutual agreements between the parties reduced to writing. If either party wishes

Carmen Non-Instrumentality Multi-School Charter Contract

to modify any of the terms of this Contract, that party shall put the proposed modification in writing and submit it to the other party.

If, in the judgment of MPS, the proposed modification made by either the Operator or the Board is not a significant change to this Contract, MPS is authorized to act on behalf of the Board. If, however, the MPS ~~Office~~Department of Contracted School Services determines that the proposed modification is a significant change to this Contract, then any such proposed modification shall be presented to the Board for action.

Both parties agree to negotiate in good faith regarding proposed modifications to the updated language in the negotiated and approved model contract and neither party shall withhold its approval unreasonably. In the event Operator and the Board are unable to come to an agreement with respect to the modifications of contract provisions, which are proposed due to updated language in the mutually agreed upon model contract, the Board has the authority to declare this Contract terminated in accordance with the provisions of paragraph IV.C.6. The Board shall not exercise this authority unreasonably.

**C. Termination.**

This Contract may be terminated before expiration of its term upon any of the following grounds:

## Carmen Non-Instrumentality Multi-School Charter Contract

7. Operator has become insolvent or has been adjudged bankrupt.

If this Contract is terminated under the first ground (because both parties agree in writing to the termination) the termination shall become effective on a date agreed to by the parties. If this Contract is terminated under the second through sixth grounds (because of a determination on the part of the Board) the termination of this Contract shall not become effective until, at a minimum, 30 days, in which notice of termination is given, unless, in the discretion of the Board, termination should become effective sooner.

MPS shall report and may recommend to the Board that this Contract be terminated under the third ground (because pupils have failed to make sufficient progress) if any or all Charter Schools fail to meet at least 75% of the following performance criteria that apply to a Charter School as detailed herein at Section II.E. on pages 7 and 8

Failure to meet criteria 15, 16, 17 or 18, as detailed in Section II.E. on pages 8-9 of this Contract, alone shall not be grounds for termination of this Contract, but Operator shall comply with any inquiries made by MPS in an effort to determine the cause of a Charter School's failure to meet these criteria.

Failure on the part of the Board to exercise its right to terminate this Contract under any ground listed above shall not be deemed to constitute an amendment to the terms of this Contract or to constitute a waiver of the right of the Board to terminate this Contract at a later date under that ground.

In the event of termination of this Contract, advance written notice by certified or registered mail, return receipt requested, shall be provided which shall list the reason(s) for termination and the effective date of the termination. Upon termination of this Contract, MPS shall recover funds advanced to Operator under this Contract to which Operator is not entitled. Operator shall update all student record and transcript information and provide MPS with cumulative records and reports. The decision of the Board shall be final.

### **D. Revocation.**

In addition to any express grant of revocation under this Contract, the charter of any Charter School under this Contract may be revoked before expiration of the term of this Contract upon any of the same grounds for termination under this Contract, except that Operator may only revoke the charter of a Charter School upon written mutual agreement with the Board.

Failure on the part of the Board to exercise its right to revoke a Charter School's charter under any ground for revocation shall not be deemed to constitute an amendment to the terms of this Contract or to constitute a waiver of the right of the Board to revoke a Charter School's charter at a later date under that ground.

In the event of revocation of a Charter School’s charter, advance written notice by certified or registered mail, return receipt requested, shall be provided which shall list the reason(s) for revocation and the effective date of the revocation. Operator shall update all student record and transcript information and provide MPS with cumulative records and reports. The decision of the Board shall be final.

**E. Legal status upon termination or revocation.**

Upon revocation or termination of this Contract, all legal associations between the Board and Operator shall be severed. Upon revocation of a Charter School’s charter under this Contract, all legal associations between the Board and the revoked Charter School – and all associations between the Board and Operator as it relates to the operation of the revoked Charter School – shall be severed.

In the event of revocation or termination of this Contract, or in the event of revocation of a Charter School’s charter, MPS shall be entitled to be reimbursed for any and all funds advanced to Operator under this Contract to which Operator is not entitled. The decision of the Board regarding the amount to be reimbursed shall be final.
