

Report with Possible Action on Gifted and Talented Identification

February 9, 2023

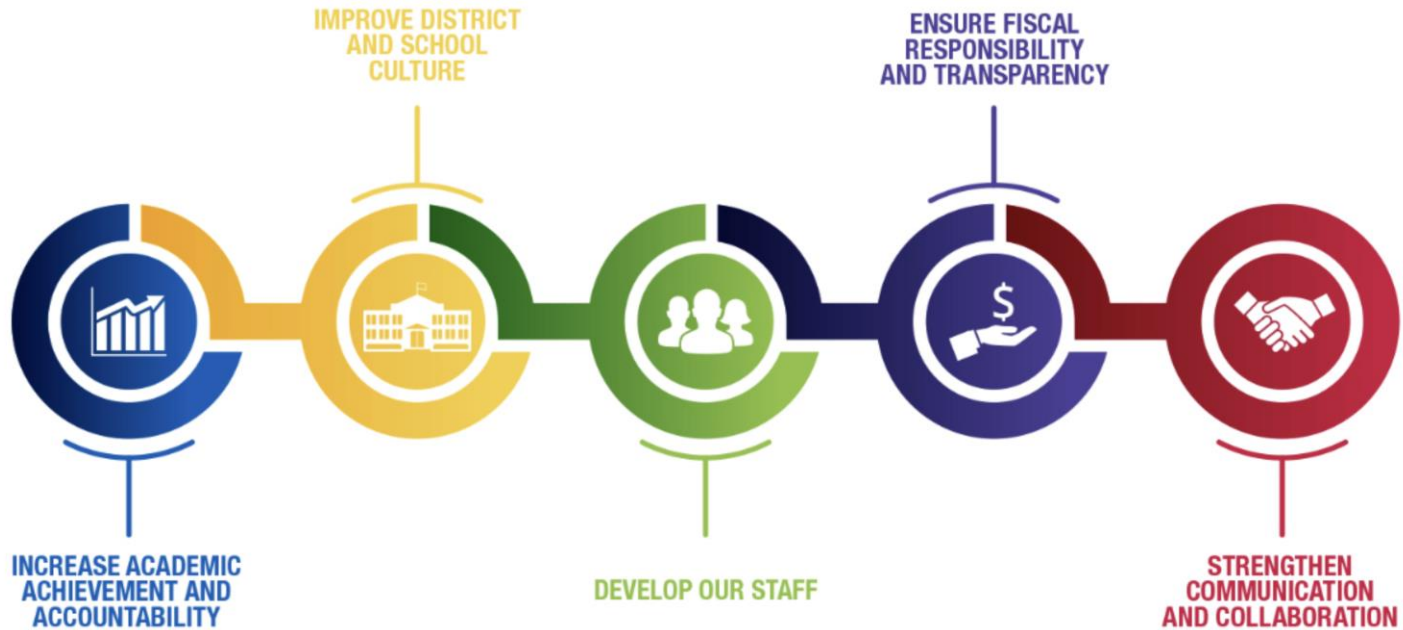

**MILWAUKEE
PUBLIC SCHOOLS**

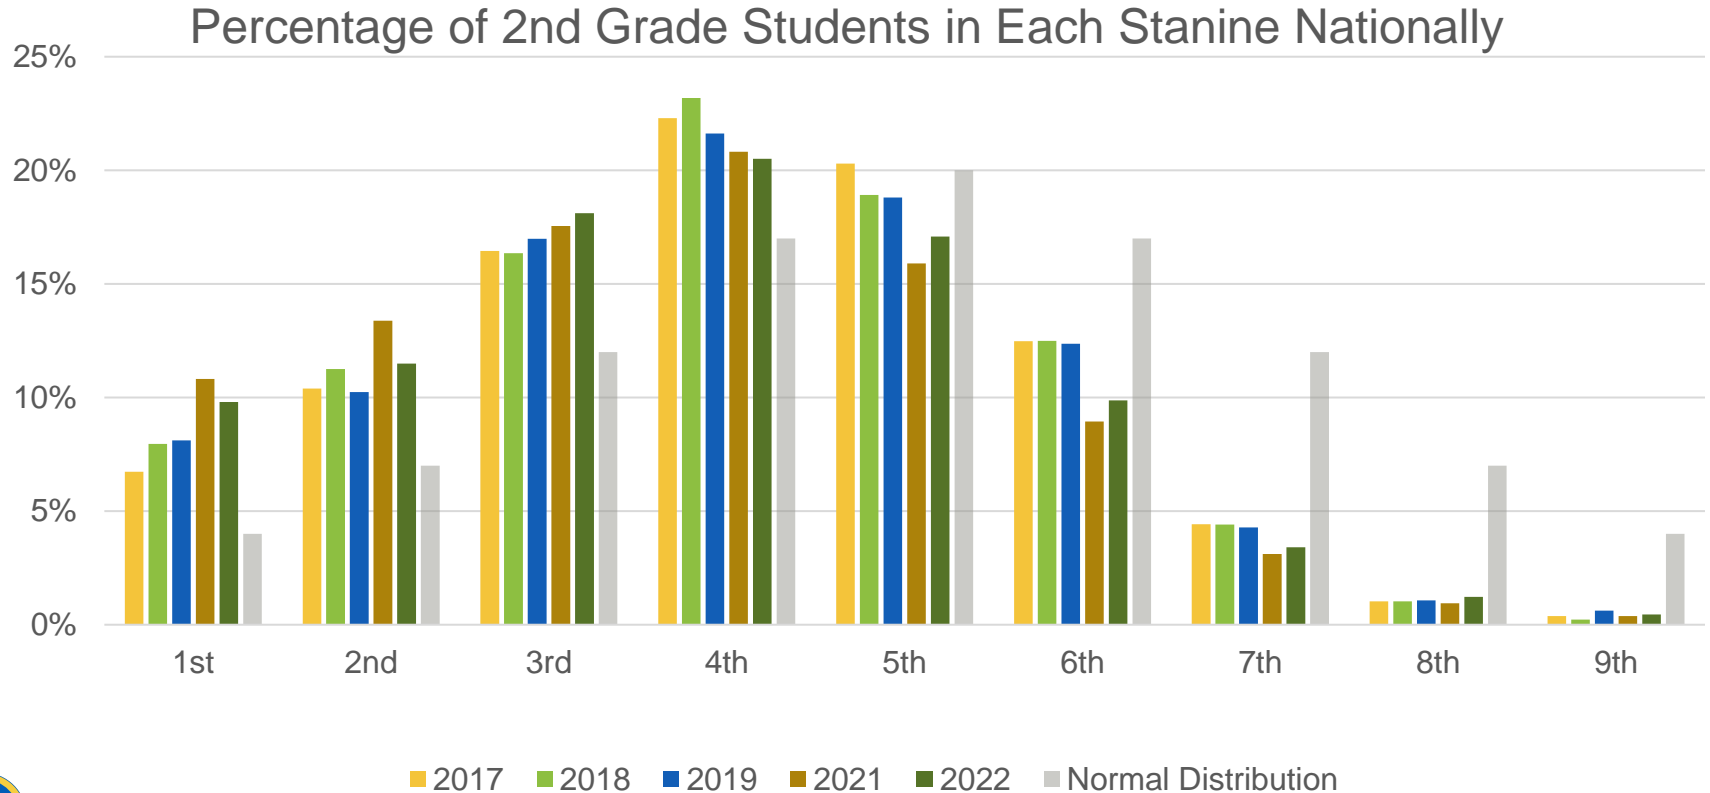

Presenters: Germán Díaz, Ph.D., Javits Grant Teacher-Coach
Robert Latterman, Assessment Specialist

Dr. Keith P. Posley,
Superintendent

Five Priorities for Success

Cognitive Abilities Test Screener – Composite Score

Screenener Analysis of Local Norms

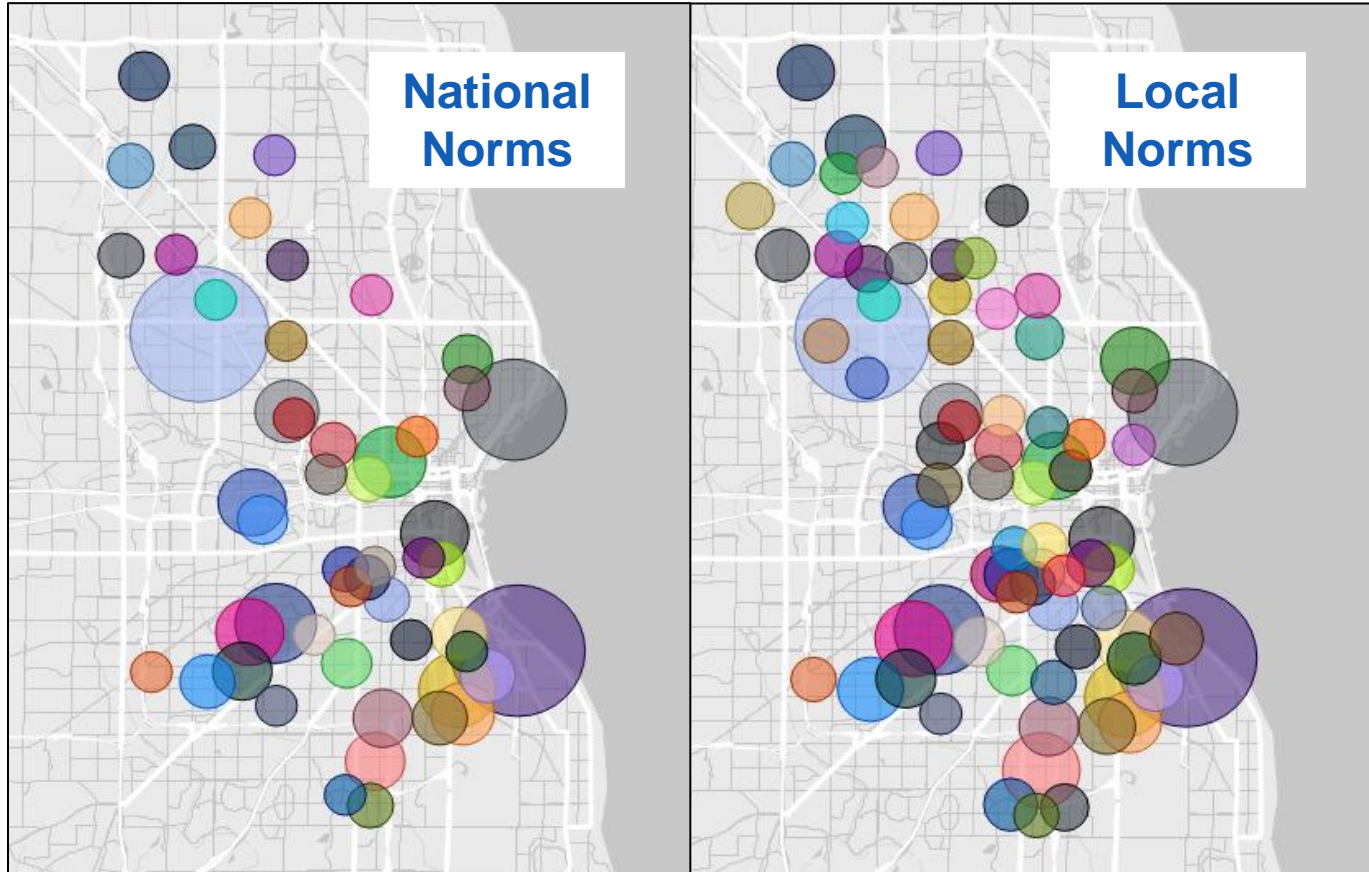

Expanding Identification Criteria

- To attain equity and increase representation of ethnically diverse students, MPS will use **local norms** to identify students with high ability/high potential to meet their advanced learning needs.
- **Local norms** compare a student's performance to grade-level peers in the same district.

Students Identified to Take the Post Screener

Students Identified to Take the Post Screener

Identified Using National Norms

Identified Using Local Norms

- American Indian or Alaska Native
- Black or African American
- Native Hawaiian or Other Pacific Islander
- Two or More

- Asian
- Hispanic
- White

Students Identified to Take the Post Screener

	Identified Using National Norms	Identified Using Local Norms
Special education students	7.84%	9.62%
EL status	11.76%	13.67%
Economically disadvantaged	41.18%	50.63%
Female	52.94%	52.91%
Male	47.06%	47.09%

Age Stanine Distribution: Post Screener Composite Score

Percentage of Students in Each Stanine

Identified Students from CogAT Screener – Fall 2022

- The CogAT screener identified 204 second-grade students who scored in the 7th, 8th, or 9th stanine nationally, making them eligible for the post screener.
- Those identified students came from 52 different schools compared to 65 schools in 2021, 67 schools in 2019, 73 schools in 2018, and 37 schools in 2017.
- Twenty-nine percent of students who took the post screener (92) scored in the 9th stanine on at least one section of the assessment compared to 31% in 2021.
- Additional identification of students at the 8th stanine on at least one section of the assessment added 71 students, bringing the total to 131.

High Ability/High Potential vs. Gifted

- **High ability/high potential** students are those above the average-ability student in a given domain who require a Tier 2 response to fully develop their talents.
- **Gifted students** are pupils significantly above the average-ability students in a given domain who need a Tier 2 or Tier 3 level of differentiation.

Identification using Teacher's Observation of Potential in Students (TOPS) in Javits Schools

USDoe JAVITS GRANTS 2022-2023

Other Services for GT Students

- Grade or subject acceleration
- Flexible grouping
- Access to STEM/STEAM camps
- Summer enrichment camps
- Advanced courses offered during Summer Academy for grades 1–5
- Parent engagement activities (e.g., informational meetings, GT101, family STEM nights, parent support)

Thank you.
