

(ATTACHMENT 1) ACTION ON THE AWARD OF PROFESSIONAL SERVICES CONTRACTS RELATED TO SCHOOL NUTRITION

This item initiated by the Administration.

ADMINISTRATION'S RECOMMENDATION

The Administration recommends that the Board approve the following professional services contracts:

RFP 843 Authorization to Extend Blanket Contracts with 19 Food Manufacturers to Provide Bulk Commodities

The Administration is requesting authorization to extend the blanket contracts with 19 separate food manufacturers for provision of directly-diverted bulk commodities. The United States Department of Agriculture (USDA) makes such bulk commodities available to eligible recipients through the Wisconsin Department of Public Instruction (DPI).

The Department of Nutrition Services (DNS) has chosen to have the bulk commodities manufactured into designated end products for ultimate consumption across the District in meals by MPS students. Each manufacturer is approved by the USDA and DPI as such a commodity processor. Each manufacturer works directly with MPS's Prime Vendor, Sysco Eastern Wisconsin LLC ("Sysco") on ordering, processing and delivery of the products.

The majority of these manufacturers were chosen pursuant to RFP 843, which sought responsive and responsible respondents among those commodity processors approved by the USDA and DPI. Those original blanket contracts provided for four one-year options to extend based on MPS's satisfaction with the products. When new manufacturers are needed during this five-year period, DNS solicits informal responses from approved commodity processors. If granted a contract, the contract incorporates the terms of RFP 843, even though the manufacturer may not have responded to that RFP.

Each of the blanket contracts presented for authorization will run from July 1, 2018 through June 30, 2019. Estimated total amounts are not offered for each contract. All payments to these manufacturers are made through the Prime Vendor, Sysco, and reflected in the amount of that contract.
