### History

Grandview...A High School of Distinction was found in 1988 and is run through Seeds of Health, a non-profit organization. Grandview is a high school program (Gr. 9-12) serving at-risk students residing in the City of Milwaukee. It is distinct because of its values, people, program, commitment, and results. The program has a modified block schedule that allows for time each day for students to receive 1:1 support and intervention to prevent failure. In our comprehensive, dual-focus high school program, students will complete a range of academic and elective course work in a supportive, small class environment. The dual focus of Grandview is on both credit and skill recovery. Comprehensive support services are available to respond to the non-academic needs of the students. A smaller student-teacher ratio of 18:1 in most classes allows for individualized attention, goal setting, the use of innovative instructional strategies and the setting of expectations for every person.

The academic program meets the newly adopted MPS requirements for graduation of 18 credits for at risk youth. Across the curriculum, courses focus on 4 critical areas: critical thinking, problem solving, communication and collaboration. Though community service and partnership opportunities, students become engaged and active within the Milwaukee area. Computer skills and current educational technology trends are integrated seamlessly in all content areas. College and Career readiness requirements support students as they prepare for post-graduation plans through activities which include college tours, career speakers, community partnerships, and community service.

### Mission

The Mission of Grandview...A High School of Distinction, is to help young adults become academically, emotionally, and socially prepared for productive participation in the 21<sup>st</sup> century. The Grandview High School mission targets eight goals for student learning:

1. Positive sense of self and capacity
2. Proficiency in the exercise of emotional intelligence
3. Social competence and disposition
4. Proficiency in core academic knowledge and skills
5. Proficiency in complex reasoning
6. Proficiency in use of information technology
7. Strong work ethic
8. Matriculation into a post-secondary education program

### **Curriculum Modifications**

Grandview High School has created an innovative educational model that differentiates student learning needs and blends face-to-face curriculum and instruction with on-line learning to accelerate achievement of core academic knowledge (i.e., LA, SS, Math, Science), community-connected background knowledge (i.e., concepts/vocabulary that connect curriculum to knowledge of external community—local, state, national, world), information literacy (i.e., ability to use technology to source and apply information), complex reasoning (e.g., critical thinking, creative thinking, problem solving, conflict resolution) and productive dispositions (e.g., disposition to be responsible, persistent, positive, collaborative, empathetic, respectful, open-minded) across a trimester calendar year. The instructional design organizes the delivery of nested curriculum and instruction 3 trimester block schedule. The class periods also facilitate application of online/other curriculum resources guided by teacher-led coaching to target differentiated knowledge/skill building needs of students determined by ongoing assessments. The information from the assessments is included in a comprehensive Student Learning Plan (SLP) process that monitors and manages individual student learning needs and progress.

### **Supportive Services**

Grandview has several layers of support in place to address the whole student. Our school built its foundation off of a relationship model. Immediately upon enrollment, each student is assigned a mentor teacher that they will remain with throughout their time at Grandview. As a mentor or advisor for a small group of students, the teacher is responsible for ensuring individualized attention to the needs of the student, immediate intervention should problems arise and a detailed knowledge of the individual for the purpose of providing appropriate services. A specially designed SEL curriculum is used to build community and relationships through weekly activities and circles which helps to create a safe and respectful school that all share a responsibility in maintaining.

A full time social worker, a school psychologist, and a visiting nurse who meets biweekly with pregnant/parenting students are available to address the nonacademic needs of students that can impact their academic success. Each of these services works to connect families with community resources as needed when warranted.

When a need is identified, the Supportive Services team provides information, advocacy and support to students and families. Individual action plans are developed for each student in need. Close monitoring ensures that students are following through with their plan. Support staff provide assistance to individual participants in accessing community and governmental services including day care, Title 19 medical services, W-2, mental health and ATODA resources, and any other needs specified.

**ADMINISTRATIVE POLICY 8.14  
T R U A N C Y**

**(1) GENERAL PRINCIPLES**

(a) State law defines truancy as any absence of part or all of one or more days from school when the parent or guardian has not notified the school of a legal excuse for the student's absence (see Administrative Policy 8.13). Truancy includes intermittent attendance carried on for the purposes of defeating the intent of the compulsory school-attendance law, such as unexcused morning or afternoon absences [Wis. Stat., §118.16(1)(c)].

(b) State law defines habitual truancy as any absence from school without a legal excuse for part or all of five (5) or more accumulated days on which school is held during a school semester [Wis. Stat., §118.16(1)(a)].

(c) All student absences shall be reported daily to the school attendance officer. In the event that the student's absence is not an excused absence, the student's parent or guardian shall be notified as required by state statutes [Wis. Stat., §118.16(2)(c)]. Further, the school shall seek police cooperation in the apprehension and detention of truant students until their parents call for them [Wis. Stat., §938.19(1m)].

(d) The Board wishes that every effort be made to use available alternatives for students experiencing attendance problems. The Administration shall implement a process for student evaluation and services as described in district's truancy plan (see Administrative Procedure 8.14). If, after all existing services have been exhausted, the truancy continues, the school may take the necessary steps to institute proceedings, as detailed in the state statutes and municipal codes, against the parent or guardian who fails to cause the student to attend school regularly and against the student who continues to be truant [Wis. Stat., §118.163].

(e) Any organized student truancy shall be treated as individual truancy (unexcused absences) for the students involved.

(f) No pupil enrolled in a school district operating under Chapter 119, such as Milwaukee Public Schools, may be suspended or expelled from school for truancy [Wis. Stat., §120.13(1)(d)].

**(2) PARENTAL NOTIFICATION**

(a) At the start of each school day, the school shall determine which students enrolled in the school are absent from school and whether each absence is excused. It is the responsibility of each school to attempt to contact the parents or guardians, by phone, within two hours after it has been determined that their children are absent from school without any notification to the school by the parents or guardians.

(b) If there has been no success contacting the parents or guardians by phone, it is the additional responsibility of each school to attempt to contact the parents or guardians by another means before the end of the second day after receiving a report of an unexcused absence.

(c) The principal or designee shall mail a habitual-truancy letter to the parent or guardian of a student who is a habitual truant when the child has accumulated five (5) unexcused absences within the school semester. The parent/guardian can also be simultaneously notified by an electronic communication. The letter shall:

1. be sent by registered or certified mail or first class mail
2. include a statement of the parent's or guardian's responsibility under Wis. Stat., §118.15(1)(a), to cause the child to attend school regularly;

3. include a statement that the parent, guardian, or child may request program or curricular modifications for the child under Wis. Stat., §118.15(1)(d), and that the child may be eligible for enrollment in a program for children at risk under Wis. Stat., §118.153(3);
4. request that the parent or guardian meet with school personnel within five (5) school days of the date of the notice, to discuss the student's truancy. The date for the meeting can be extended for an additional five (5) days, with the consent of the parent or guardian;
5. include the name of the school personnel with whom the parent or guardian should meet; a date, time, and place for the meeting; and the name, address, and telephone number of a person to contact to arrange a different date, time, or place; and
6. include a statement of the penalties under Wis. Stat., §118.15(5) that may be imposed on the parent or guardian if he or she fails to cause the child to attend school regularly as required under Wis. Stat., §118.15(1)(a).

(d) If the school has not scheduled the habitual-truancy meeting with the parent or guardian within (5) five days after the date on which the notice was sent, or, with the consent of the parent or guardian, within (10) ten days after the date on which the notice was sent, any subsequent legal referrals regarding the student's truancy cannot be made, per Wis. Stat., §118.16(5)(a).

(e) If the certified habitual truancy letter is returned to the school unclaimed by the parent or guardian, the school must make diligent efforts to notify the parent or guardian by alternative means, including, but not limited to:

1. first-class mail;
2. phone attempts (including attempts to locate parent or guardian by calling emergency contacts on file with the school);
3. a letter sent home with the student, if deemed appropriate; and
4. home visit by designated school staff.

(f) If the parent or guardian does not attend the scheduled habitual truancy meeting within ten (10) school days after the letter has been sent, the school shall implement the process for student evaluation and services as detailed in the district's truancy plan, per Wis. Stat., §118.16(5).

### **(3) DISPUTING STUDENT TRUANCY**

A parent or guardian who disagrees that his or her child's absence is a truancy (unexcused) should request a meeting, within five (5) days of notification of the truancy (unexcused absence), with the building principal or designee to discuss the reason for determination that the absence was truancy.

### **(4) MAKE-UP ASSIGNMENTS/EXAMINATIONS — WIS. STAT., §118.16(4)(b)**

(a) No public school may deny a student credit in a course or subject solely because of the student's unexcused absence or suspension from school. In all instances of excused and unexcused absences or suspensions, students are expected to complete a reasonable amount of make-up class work without penalty.

(b) Students shall be given the opportunity to make up work missed during an absence or suspension when they return to school. It is the responsibility of the student and his/her parent or guardian to contact the teacher(s) to make arrangements for making up work missed during an absence or suspension from school.

(c) The respective teacher(s) shall identify make-up work and a reasonable time frame for its completion. If any question arises as to the appropriateness and/or feasibility of making up a particular assignment, the teacher shall confer with the building principal to discuss the extent to which make-up work and/or substitute assignments are possible.

(d) Students shall be permitted to take any examinations missed during an absence or suspension. It is the responsibility of the student and his/her parent or guardian to contact the teacher(s) to make arrangements for making up examinations missed during an absence or suspension from school.

#### **(5) TRUANCY PREVENTION/INTERVENTIONS**

(a) The building principal or designee will use his or her professional judgment and discretion in implementing interventions to resolve student truancy. The following are examples of counseling and intervention strategies that may be implemented to return the truant student to regular school attendance:

- restorative practices/classroom community building;
- 2<sup>nd</sup> Step;
- school-based, multi-level system of support that incorporates attendance, such as RtI/PBIS;
- check-in/check-out;
- social academic instructional group
- individualized planning/support such as wrap-around or RENEW;
- curriculum review and modification;
- administrative conference and counseling with student;
- required conference with parents/guardians;

# ADMINISTRATIVE POLICIES OF THE MILWAUKEE PUBLIC SCHOOLS

Appendix H

## ADMINISTRATIVE POLICY 9.09 VISITORS TO THE SCHOOL

### (1) GENERAL

(a) Visitors are welcome in Milwaukee Public Schools (MPS). Because the safety of all children is important to us, all visitors are required to use the designated main entrance, to report to the office or security desk, to show some form of identification, to sign in on the MPS Visitor Record, to be escorted to the requested location, and to return the visitor's pass to the office or security desk and sign out.

(b) Parents shall be encouraged to visit the classroom (following the provisions above) and to observe the work of the schools.

(c) No visitor shall enter any classroom without permission of the building principal/school leader or designee.

(d) Failure to follow the above guidelines may result in the issuance of a no-trespassing order by the school leader.

### (2) TRESPASSING

(a) Signs shall be posted on all school playgrounds and campuses that the property is off-limits to trespassers and loiterers.

(b) Employees and students shall be requested to report loiterers to the Administration.

### (3) REGISTERED SEX OFFENDERS

(a) A registrant<sup>1</sup> may not be on any MPS school premises (school building, grounds, recreation area or athletic field, or any other property owned, used, or operated for MPS school administration) unless an MPS district administrator, or his or her designee, has been notified of the registrant's status as a registered sex offender and has approved the specific date, time, and place of the visit. This does not apply if the registrant is doing any of the following:

- on MPS school premises to vote, if an election is being held that day, and the registrant's polling place is on the school premises, or
- on the school premises to attend an event or activity that is not sponsored by MPS.

(b) If the registrant has a child enrolled at the school, the registrant must notify the MPS district administrator, or his or her designee, that he or she is a registered sex offender and that he or she has a child enrolled at the school. The registrant must provide the notification as follows:

- at the beginning of each academic school year;
- if the child is not enrolled at the beginning of the academic year, when the child is first enrolled;
- if the registrant was not subject to the reporting requirements at the beginning of the academic school year or when the child is first enrolled, when the registrant first becomes subject to the sex offender reporting requirements;
- if none of the above apply, when the registrant becomes subject to the prohibition of being on school premises.

**ADMINISTRATIVE POLICY 7.38**  
**BALANCED ASSESSMENT SYSTEM**

**(1) DEFINITION AND PURPOSE**

(a) Within school districts, people in different roles need different assessment information at different times and in different forms in order to make decisions. The MPS Balanced Assessment System is designed to match assessment types, purposes, and users to improve data-informed decision making throughout the district.

(b) The Balanced Assessment System will support instructional planning, school-improvement planning, curriculum and program evaluation, district-wide resource planning and decision making, and accountability. The Balanced Assessment System will include national, state, district, school-, and classroom-based components. District-level oversight and guidance will be provided to support school staff, and data from common assessments will be stored in the district's data warehouse. Data elements will be used to support graduation- and promotion-related decisions for individual students. Selected assessment data will also be reported to the public annually in the District Report Card as per Administrative Policy 2.16, District Accountability System, to promote transparency, shared responsibility for student success, and a focus on results.

(c) All students in all schools will participate in the Balanced Assessment System. Exemptions for schools may be permitted in exceptional circumstances on a case-by-case basis. Students with disabilities may participate with accommodations or in alternate assessments per the requirements of Individualized Education Plans. Early English-language learners may be assessed in their first languages.

(d) The MPS Balanced Assessment System comprises three major components: summative assessment, benchmark assessment, and formative assessment.

**(2) SUMMATIVE ASSESSMENTS**

(a) Summative assessments are used primarily for student, school, and district accountability. They typically include assessments such as end-of-course tests, chapter tests, state assessments, and national assessments such as the National Assessment of Educational Progress (NAEP). Results from these assessments are reported publicly to provide to parents and the broader community information about student performance and the effects of school- and program-improvement plans.

(b) The district's role in summative assessment is to guide the development of common end-of-course tests and to coordinate the administration of state and national tests. The district is responsible for reporting the results from state and national assessments in a manner consistent with state and federal guidelines and district policy, including reporting value-added analyses of standardized test data. The district will also use the data for district improvement planning, school interventions, and program/policy-evaluation research. The role of school personnel is to administer the summative assessments consistent with Administrative Policy 2.14, Assessment Ethics, and to use the data, as applicable, for grade reporting and school-improvement planning.

**(3) BENCHMARK ASSESSMENT**

(a) Benchmark assessments are standardized assessments administered three to four times per year. The purpose of benchmark assessments is as follows:

1. the benchmark assessments will be used to serve as the district's universal screening measure to identify children in need of intervention;
2. they will inform instruction much as do formative assessment data;
3. they can be used to measure students' responses to school-based interventions;
4. they can be administered upon entry into the district; and
5. they provide information to monitor and evaluate school and program performance.

(b) The district's role in benchmark assessment is to provide and to score assessments in selected grades and to provide reports to individual students, classroom teachers, schools, and the district office. The district is also responsible for providing professional development for learning teams and classroom teachers in interpreting and using benchmark data to monitor performance and to improve instruction. The schools' role is to administer benchmark assessments to all students and to use the data for instructional and school-improvement planning by identifying and intervening with students at risk for future academic failure.

#### **(4) FORMATIVE ASSESSMENT**

(a) Formative assessment practices are intended to inform instruction; to provide immediate, specific, and descriptive feedback for students; to guide differentiation of instructional practices; and to facilitate students' goal setting and self-assessment. Typically, these assessments are not graded. Formative assessment shall be used across all content areas and all grades within the district. Data from these informal assessment strategies are not reported to the district.

(b) Formal assessment for progress monitoring is required with all students who receive additional educational supports and interventions. Progress monitoring is used to assess academic performance, to quantify rate of improvement or responsiveness to instruction, and to evaluate the effectiveness of instruction or intervention. Progress-monitoring procedures permit ongoing decision making and adjustment of interventions when needed, thereby increasing the likelihood of helping students acquire new skills, knowledge, or improved functioning. Progress monitoring occurs frequently throughout the course of the intervention/support, and data are routinely analyzed by staff so that adjustments can be made. These data will be available to the district.

(c) The district's role in formative assessment is to provide grade-level standards/learning targets, sample assessments of those targets/standards, grade-level exemplars of student work, progress-monitoring tools, and professional development for educators,. The schools' role is to implement formative assessment practices, score assessments, analyze data within the learning team/collaborative teacher teams, and use the data to inform instruction and monitor the efficacy of interventions.

(d) The district has installed technology-protection measures to block access to inappropriate material and to visual depictions deemed obscene, child pornography, or harmful to minors.

1. If a student feels that the filtering software is blocking access to an appropriate site, the student should report this to the school's library media specialist, instructional technology leader, principal, or teacher.
2. Students shall not seek to bypass the filtering software by using a proxy site or some other technology.

(e) New technologies are being invented constantly, and it is impossible to predict what systems or applications will be available for use in the future. Title I supports supplemental instruction for students, professional development for teachers of Title I students, and parent involvement for parents of Title I students. The budget should be set up according to how the Title I funds will be expended during the school year. Instruction, professional development and parent involvement become the categories for budget planning.

Reimbursement will be made to schools three times a year. The Title I Expenditure Claim Report should be submitted on **December 11, 2020, March 19, 2021 and June 11, 2021**. # 2020-2021 TITLE I ALLOWABLE EXPENDITURE GUIDELINES

The purpose of Title I is to ensure that all children have a fair, equal and significant opportunity to obtain a high-quality education and reach, at a minimum, proficiency on challenging state academic achievement standards and state academic assessments. Federal law directs that Title I funds are to be used for the purpose of student achievement, professional development and to build parent capacity to better support their child's educational attainment.

In general, Title I funds are to be used to enhance the regular school program and should be consistent with the School Improvement Plan. When determining if expenditures are appropriate, ask the following questions:

- How is this expenditure helping improve student's academic achievement in core subject areas, especially reading and mathematics?
- How is this expenditure providing supplemental support to students most at risk of failing?
- Does the expenditure support student instruction, professional development or parent involvement related to the high-need, core student achievement areas identified in the annual school improvement plan?
- How does this expenditure increase the participation of parents in educating their child or assist parents to support student achievement? MPS recognizes the importance of regular, consistent two-way communication with parents.

The Milwaukee Public Schools follows expenditure guidelines for federal programs as set forth in the Office of Management and Budget's Uniform Grant Guidance. The district adheres to a standard that all expenditures charged to federal grants must be reasonable, ordinary and necessary in order for a cost to be reimbursed. Some expenses not reimbursable with federal funding may be supported with other local or school resources. In all instances, whether or not a specific expenditure is allowable under a grant, district policies must be followed.

The attached chart provides a partial listing of expenditure purposes for which schools have requested guidance in the past under Title I guidelines. **All expenditure requests must provide documentation, such as explanations, fliers, agendas, etc. showing the appropriateness (see bullets above) and alignment to the purpose of Title I (see above).**

If you are unsure if a proposed expenditure meets guidelines, please contact the following depending on the school type: for public schools – the budget analyst assigned to your school; for non-instrumentality charter schools, partnership schools and non-public – Shelley Perkins at 414-475-8122.
