ADMINISTRATIVE POLICY 7.02

INSTRUCTIONAL PRIORITY OBJECTIVES

The Board recognizes that a clearly stated and widely acceptable set of system-wide educational goals and priorities is a necessary step to the development of a system of allocating increasingly scarce resources to the most important educational priorities. Therefore, and in accordance with state statutes, the Board and the superintendent shall identify broad yearly objectives and assess priorities for education in the school system with the involvement of members of the Milwaukee Public Schools community and the public at large.
